

INSTANT DEATH OF A LINEMAN

2000 Volts of Electricity Passed Through His Body.

He was Ed Mount, Formerly of Augusta.

Was Working for the Bell Telephone Company.

While splicing a telephone wire yesterday afternoon on North Main street and Merrimon avenue, Ed. Mount was instantly killed by an electrical current 2000 volts strong, which passed through his body.

Mr. Mount was a lineman employed by the Bell Telephone company and was engaged in connecting a wire while sitting on a brace at the top of a 40-foot pole when the accident occurred. An employee by the name of Murray was standing beside him and probably saved the body from a high fall.

The lineman had his right leg over the second brace on the pole and was using the olvers to make the connection, while he steadied himself by holding to the brace wires on the pole. Although there is no positive proof of just what caused the shock, it is supposed that one of the wires of the Asheville Electric company was touching the brace wire and that the wire being repaired by Mount had got crossed at some point on the system with another of the Electrical company's wires, causing the connection which transmitted the current.

Mr. Murray felt the current as Mr. Mount fell, but did not succumb to its effects. He gasped three times and then regained his composure. Shaking Mr. Mount to revive him, it was soon discovered that life was extinct. The dead body was lowered to the ground by a rope and an examination made by Dr. Glenn who said there was no signs of life.

The body was taken the undertaking rooms of Noland Brothers and embalmed. The left hand was burned severely where Mr. Mount had held the larger wire. The right hand was also burned, but not so badly. The body will be sent today to Augusta, Ga., the former home of the lineman. After the accident occurred it was necessary to go through his belongings in order to find the address of his home. Several letters from his mother were found and it is supposed that she is the only parent living. The Bell company will bear all the expenses attached to the burial. Mount was 26 years old, and had a fair education. His habits were temperate and his features denoted a rather strong character. He had been in the employ of the Bell company for the last three years. He came to Asheville April 15.

REV. J. F. VINES AT FIRST BAPTIST CHURCH

Sermons Morning and Evening by the Pastor's Brother.

Sunday the pulpit of the First Baptist church was occupied both morning and evening by the brother of the pastor, Rev. J. F. Vines of Louisville, Ky., who is visiting in Asheville for a short time. Mr. Vines was formerly pastor of the West End Baptist church. In the morning he preached a very practical sermon from the text Col. 1:9-11, some of the points which were emphasized being that a Christian should know God's word; walk in a manner pleasing to God; bring forth fruit to his glory; receive power from God and return thanks to Him.

In the evening his text was John 4:24, and the sermon was a consideration of Christ as a workman. The speaker commended Christ as a workman who was prepared, Godsent, sympathetic and wise; a personal worker and a man of prayer.

The attendance at both services was large. It was announced that the first meeting of the convention would be that of the Young People's Union Thursday morning at the auditorium. The Woman's Missionary Union will meet Friday morning in the First Baptist church. The public was invited to these and the other meetings of the convention.

AFTER THE BEEF TRUST.

Three Members Subpoenaed to Appear Before Kansas Supreme Court.

Kansas City, Mo., May 3.—R. E. See, marshal of the state supreme court, has just served papers on two packing house employes and four meat dealers of this city, commanding them to appear in the supreme court in Jefferson City May 6 to answer questions in the beef trust inquiry instituted by Attorney General Crow.

The persons subpoenaed are charged with being members of the beef trust and with conspiring to limit the supply of meats and maintain prices on the same. Charles W. Armour and J. C. Dold were served with papers several days ago. Marshal See will summon 30 witnesses in St. Joseph, six in St. Louis and two in Springfield.

KANSAS COMPANIES MAY MERGE.

Proposed Consolidation of Street Railway and Electric Light Co.

Kansas City, Mo., May 5.—It is understood in banking circles says the Journal, that as a result of the prolonged visit of Mr. Valentine, of Chicago, representing the Armour interests, radical and independent changes are about to be made, not only in the general offices of the Metropolitan Street Railway company, but also in those of the Kansas City Electric Light company.

According to the reports the two companies are to be consolidated, being owned by the same shareholders, and their business directed by the same management. The companies are capitalized at \$33,000,000.

DISTRICT COURT BEGINS ITS SESSION

Judge Boyd's Charge to the Grand Jury.

Several Offenders Get "30 days and \$100."

Anderson Cases, from Big Ivy, Tried.

The United States district court convened yesterday, Judge James E. Boyd presiding. The morning was taken up in arranging the docket and swearing in the two petit juries and the grand jury, and in Judge Boyd's charge to the latter.

In addressing the grand jury Judge Boyd instructed them in regard to their duties and charged them to weigh well the evidence produced before bringing in a true bill.

He said they must act according to the advice of the Apostle Paul who said, "Let all things be done decently and in order," and in all their actions have due regard and respect for the dignity of the position which they were filling and all persons who were connected in any way with the court. He then enumerated the offenses over which the Federal court has jurisdiction mentioning violation of the postal, revenue, pension and bank laws, etc., and describing the nature of each offense. After concluding his remarks to the jury the judge stated that he intended to have the strictest order maintained during the session of the court and to see that everything was done decently. He said that there must be no tobacco spitting on the floors, not only in the court room but about the halls of the building, and promised an extended rest in the county jail to the first transgressor of this rule.

The grand jury then returned to their rooms to consider the bills of indictment and the two petit juries were sworn in. A number of cases from the old docket were called but as none were ready for trial, court took a recess until 2:30.

The first case before the court in the afternoon was the government against Bob and Birch Anderson of Big Ivy, charged with illicit distilling. The defendants were represented by Messrs. Carter and Chedester. The witnesses for the prosecution were the officers who made the arrest and testified to finding a still and a large quantity of mash in a smoke house to which they were admitted by a key in the possession of Birch Anderson.

The testimony for the defense went to show that the property on which the still was located was not in the possession or control of the accused. On the conclusion of the testimony, Frank Carter in his argument claimed that it had not been proved that the defendants resided on the premises, and that the defense had shown that they had spent the night at a different place also that the key used was not the one belonging to the door but one that Birch Anderson happened to have which chanced to fit the lock.

Assistant Attorney A. H. Price in his speech for the prosecution argued that possession or at least control of the property had been shown and stated that if the story brought into court was true it was odd that this was the first time it had been heard of, as when the defendant was arrested he had merely asked the officer, "Who gave this away to you?" He asked why if the premises belonged to another person, that person was not brought into court to prove it.

In charging the jury Judge Boyd stated that when it was shown that parties were in possession of a still and mash it was presumed that they were engaged in unlawful distilling unless they were registered with the government. The jury in this case brought in a verdict of guilty as to Birch and not guilty as to Bob Anderson. The sentence was 30 days in jail and a fine of \$100.

The next case was Lloyd Canby, charged with illicit distilling. He defended himself and produced no witnesses. The defendant was found guilty and sentenced to 30 days and \$100. Joe Jones and John Fox, charged with the same offense, were found guilty. They were represented by Thomas S. Rollins, who put in a strong plea for leniency on the grounds of first offense, and that the accused had been running the still but four days when arrested. The sentence was thirty days and \$100.

Robert Rector, charged with taking a letter from the postoffice at Marshall containing \$10, through his attorney, Thomas Rollins, entered a plea of guilty and threw himself upon the mercy of the court. After Judge Boyd had ascertained that the stolen \$10 had never been paid back to the original owner he recommended that the plea be changed as he did not feel inclined to be lenient in case of this kind where no attempt at restitution had been made. Mr. Rollins stated to the court that he would pay back the money stolen by his client. The case will come up this morning.

Bill Lee, charged with illicit distilling, was found not guilty. Senator Pritchard will be in court today and will defend several cases. Major Moody was in court for a little while yesterday, shaking hands with his friends.

TOO MANY WIVES HAS MR. DAIRS

Two Women in Waynesville Who Claim Title.

Dairs Is a Pennsylvania Lumberman.

Each Woman Takes out Warrant for the Other.

Special to the Gazette. Waynesville, May 5.—Mr. M. L. Dairs, a lumberman from Pennsylvania who has been living in Waynesville for several months, seems to be in trouble. Shortly after Mr. Dairs came here a woman, whom he claimed to be his wife, joined him and the two have since been living together, until last Thursday, when Mr. Dairs received a message from his former Pennsylvania home advising him to leave town. Saturday's train brought two women from North Clarandon, Pa.—one who claims to be Mr. Dairs's wife, the other his sister-in-law, Mrs. Kate Dairs, who says she is the lawful wife of M. L. Dairs, came to prosecute him for bigamy and the woman with whom he has been living—whose name, Mrs. Dairs says, is Mary A. Buck—has been indicted for adultery.

Dairs is in the woods and can't be found, but the woman he heretofore claimed as his wife is here and seems to be sane. As soon as Mrs. Dairs had warrant issued for Mrs. Buck the latter had served on Mrs. Dairs a counter warrant charging her with blackmailing, alleging that Mrs. Dairs had used the mails in an effort to extort money from Mr. Dairs to support her (Mrs. Dairs) and the children.

Preliminary hearings were had this morning. Mrs. Buck's trial was set for about three weeks from now. It will be heard before Squire Shelton. Mrs. Dairs will be tried for blackmailing before United States Commissioner J. N. Downs on the 16th of this month. The arrests have caused considerable comment. Public sentiment seems to be with Mrs. Kate Dairs, the recent arrival.

Mr. Dairs has had charge of a large saw mill plant on Pigeon river and stood well as a business man. Miss Effie Bish, Mrs. Buck's daughter, has been with the couple during their residence here, and has usually been known as Miss Effie Dairs, although her real name appears to be Effie Bish.

Some one suggests that Utah would be a more congenial climate for Mr. Dairs, if he desires to practice polygamy.

BOYS' SYMPHONY ORCHESTRA

Of the Boys' New York Symphony Orchestra who will open the Auditorium Wednesday with matinee and night concerts the New York Telegraph has this to say: "The New York Boys' Symphony Orchestra appeared in the first of a series of five concerts at the Herald Square Theater last night, and the complete orchestra consisting of sixty youngsters were on the stage dressed in their tuxedos and made a beautiful picture when the curtain was rung up. The concert proved a splendid success, both from the viewpoint of the musician and that of the management.

"The orchestra is perfectly balanced, and the volume of tone and delicacy of phrasing is far better than has ever before been heard in this city in an organization of youngsters. The violins, violas and cellos are particularly good. The brasses were never blatant and the reeds and wood wind instruments filled the harmonies perfectly without being obtrusive.

"The program was an ambitious one and included the overture 'Raymond,' by Thomas; Massenet's Suite 'Les Erynnides'; 'Fantasie de Concert' by Weber, arranged for clarinet; De Beriot concerto with the greatest dash and ease and was compelled to respond to two encores. Nathan Schildkrant, an eight years old phenomenon, gave the Weber Fantasia for clarinet in faultless style, and William Pedder a cellist who has seen ten summers played an obligato with artistic grace and beautiful tone. All in all the music rendered was perfect and afforded most enjoyable treat for the large audience who heard the opening concert."

"Pinto, the youthful director, is about twenty years old and his composition showed both technical knowledge and artistic temperament. As a conductor he is graceful, magnetic and earnest and possesses the unusual faculty of controlling boys of his own age as well as the younger ones. He kept his players together throughout the most difficult numbers.

"Nicholas Caragusi, an eleven year old violinist, played the difficult De Beriot concerto with the greatest dash and ease and was compelled to respond to two encores. Nathan Schildkrant, an eight years old phenomenon, gave the Weber Fantasia for clarinet in faultless style, and William Pedder a cellist who has seen ten summers played an obligato with artistic grace and beautiful tone. All in all the music rendered was perfect and afforded most enjoyable treat for the large audience who heard the opening concert."

No Damage to Prune Crop.

San Jose, Cal., May 5.—Judging from inquiries received by the fruit men of this section from the dealers in the eastern states, some one has circulated a report that the prune crop of this county and considerable of the state has been partially destroyed by frost. There is absolutely no truth in the report, no damage whatever having been done by frost. The outlook is for a heavy crop.

Papal Blessing on Corrigan.

New York, May 5.—A cablegram bestowing the papal blessing upon Archbishop Corrigan reached here last night. It was transmitted by Bishop McDonald, of Brooklyn, now at the Italian capital, on pilgrimage, and also contained an inquiry as to the health of the archbishop. Archbishop Corrigan continues to improve.

ROYAL TONIC

Vinol Will Invigorate And Strengthen Quickly.

We Endorse and Guarantee It.

We sell many tonics. We have demands for many so-called strength creators.

We handle all kinds of remedies that claim to be invigorators. We do this because we are druggists, and it is our business to supply the public with that which they want.

When our advice is asked, however, as to a tonic and re-builder, strength creator and an appetite producer, we invariably recommend Vinol. We do this because we know all about Vinol. We know all that it contains. We have sold enormous quantities of it, and we have had every opportunity offered us to watch the results that have been accomplished by the use of this wonderful reconstructor.

If you have not yet had occasion to use such a tonic we would like to have you call on us, and learn why we are so enthusiastic about this scientific remedy.

Vinol contains all the curative principles in a highly concentrated state that are found in cod liver oil. It does not contain, however, any of the obnoxious, digestion destroying grease that always proved to be such a drawback to what otherwise would have been a most valuable remedy. We wish you would remember Vinol, and bear in mind that as a blood enricher and flesh creator and as a wonderful aid to digestion, we know of nothing that will compare with it. Mrs. M. L. Perkins, Bangor, Maine, says: "I have only taken one bottle of Vinol. I, therefore, am not in a position to know the full extent of its beneficial action, but this one bottle has convinced me that Vinol is a marvelous tonic. While ill this winter with grippe, a friend told me about Vinol, and recommended it so highly that I procured a bottle. It benefited me wonderfully, and I believe that it possesses splendid building up properties. The little I have taken of it has convinced me that in my case it is an excellent remedy."

We endorse Vinol. We guarantee its action. It is our faith in it that we will gladly refund to anyone who is not satisfied the price they have paid for it.
