STOCK LETTER. New York, May 19 .- The stock market was only moderately active today but a large part of the selling movement was under way. Scattered liquidation was in evidence but the pressure was not severe enough to cause declines of much more than 1 to 11/2 per cent the average. The Whit Monday holiday in London prevented arbitrage of importance, trade dull. operations and afforded no opportunity to test the opinion of London on the favorable local bank statement on Saturday. The uncertainty of the extent to which the industrial contest in the Pennsylvania coal fields may be carried sufficed to restrict dealings. In the afternoon the development of a small opposition at the meeting of stockholders of the United States Steel corporation was utilized for pressure against the steel stocks, the declines in which however fell below 2 per cent. Money market showed realization and crop news continued decidedly favorable in the main. In the final dealings numerous stocks made substantial recoveries and in some instances established net gains for the day. Conspicuous in the latter category was Sugar which after showing a good de-Than imagining it is economy to buy gree of resistance to depression all day cheap goods because the price is low. closed % higher than Saturday. GRAIN LETTER

New York, May 19.-Wheat rather slow today; July lower; September steady and higher the difference has narrowed to 1 cent between the two options. July was neglected while commission houses had buying orders in September. Local crowd was on the selling side and the feeling generally

market in corn today selling by commission houses freer country offerings and fine crop prospects all served to depress prices. Harris-Gates bought some and prevented more than a small decline. Market closed with a loss of 1 to 3-8 cent. Local sentiment was bearish. There was no conspicuous trading and greatly increased receipts as predicted by cash houses last week have not as yet materialized but the prospects cause less desire on the part

of the outside spectator. Oats: 'Oats were easy with the other grains and inclined to dullness. There were no features to the market old July was freely offered. All options show a small loss for the day. There was an increase in the visible and receipts are becoming larger. Cash demand is still good and serves to strengthen the market. Crop advices

are very favorable. PROVISIONS: Opening in hog products was strong due to better tone on the hog market and smaller receipts but offerings became liberal and lack of support caused a decline and weakness developed. There was some buying at the decline on the part of brokers who have been the main support of the market for the past month or two. This had the effect of steadying prices to some extent. There was no feature

LIKE A DROWNING MAN. "Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well-known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any m of stomsch trouble. Dr. T. C.

OST LITTLE BABIES DIE, either from bowel troubles or from diseases which they contract because they are in a weak and feeble condition from bowel troubles.

Mothers who are seeking the ideal and proper medicine to give their little ones for constipation, diarrhose, colic and simple fevers will find LAXAROLA the great family

It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it."

It is a dangerous thing to give little babies violent remedies that rack and rend their little bodies. DON'T DO IT—give them LAXAKOLA. A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it, and it also will check simple fevers, break up colds and clear the coated tongue.

Great relief is experienced when administered to young children suffering from diarrhoes, accompanied with white or green evacuations, from the fact that LAXAKGLA neutralizes the acidity of the bowels and carries out the cause of fermentation, aids digestion, relieves restlessness, assists nature and induces sleep.

LAXAKOLA

It is a gentle and safe remedy to use during all conditions of health of the gentler sex whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, and is invaluable in assisting to relieve obstructions which otherwise would lead to more or less severe pain or illness.

It improves the complexion, brightens the eyes, sharpens the appetite, quickens the circulation, removes muddy and blotched condition of the skin and cures sick headache to a certainty by removing the cause. To women suffering from chronic constipation, headaches, biliousness, dizziness, sallownessof the skin and dyspepsia, Laxakola will invariably bring relief and a speedy cure.

At druggists, 25c. and 50c., or send for free sample to THE LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

IMPOSING CEREMONIES.

Reinterment of General Rosecrans' Remains at Arlington Cemetery.

Washington, May 19.—With imposing ceremonies the remains of Major General W. Stark Rosecrans today were re-interred in Arlington cemetery under the direction of the Society of the Army of the Cumberland. The services were presided over by Gen-Roosevelt, member of the cabinet, senators and representatives and a

In the opening exercises Speaker Henderson, who presided, delivered an address in which he reviewed the record of General Rosecrans in war and peace and paid a high tribute to his ability and bravery as an officer and his sagacity and integrity as a member of the congress, minister to Mexi-

co and as a business man. The exercises at the pavilion over the cortege moved slowly to the grave, where the committment service was read, closing with "Nearer, My God,

to Thee," by the quartet. Taps were sounded, followed by a salvo of artillery and the last sad rites over the distinguished soldier had been performed.

WAR BENEFIT TO SPAIN.

Loss of Her Colonies Proved Blessing In Disguise.

New York, May 19 .- Spain's condition cannot be accurately judged from the pleasureable excitement of a popular festival, when the streets of the capital are thronged with visitors and there is a brilliant display of equippages in the parks, cables the Madrid correspondent of The Tribune.

Without reference to adventitious aid to the present ceremony, with its Spanish vivacity and holiday humor, the facts justify the conclusion that the country is in a greatly improved state and that the war involving the loss of the colonies has proved to be a blessing in disguise.

The terrible drain upon the resources of the kingdom from military expenditures has ceased and the pressure of taxation has been relaxed.
