DEPEW'S SPEECH ON PARK BILL

FULL TEXT OF BRILLIANT NEW YORK SENATOR'S PLEA IN ITS BEHALF.

When He Had Concluded, the General Disposition was to Pass the Bill at once.

AT SIMMONS' REQUEST NO VOTE WAS TAKEN

SENATOR PRITCHARD GIVES NOTICE THAT HE WILL ASK FOR A VOTE SOME TIME THIS WEEK—THINKS THE MEASURE WILL PASS BY AN OVERWHELMING MAJORITY—\$10,000,000 for 4,000,000 ACRES.

Special to the Gazette. Washington, June 7.—Senator Depew today delivered his speech on the park bill before a well attended senate and well filled galleries.

At the conclusion of Mr. Depew's speech there was a general disposition on the part of the senators to pass the bill without further debate, but Senator Simmons had made a request that no action be taken in regard to the matter until he could address the senate on the subject. This had the effect of postponing the vote for the present, but Senator Pritchard gave notice that he would ask for a vote on the bill some time next week. Senator Pritchard has been doing effective work in behalf of the measure, and he is of the opinion that the senate will pass the bill by an overwhelming majority. It was rumored that Senator Simmons would have spoken yesterday, but that the attendance of the senate was small and he preferred to delay rather than again address an empty senate.

Senator Depew's speech was as follows: Mr. President, Senate bill 5228, for the purchase of a national forest reserve in the southern Appalachian mountains, to be known as the "National Appalachian Forest Reserve," has been carefully examined, and received a unanimously favorable report from the committee on forest reservations and the protection of game.

As a member of that committee I was deeply impressed with the testimony presented. The results of the investigation were so convincing and satisfactory that legislation seemed to the committee to be imperative.

President Roosevelt in his message to the present congress under date of December 19, 1901, says:

I heartily commend this measure to the favorable consideration of the congress.

The secretary of agriculture, Hon. James Wilson, in his report to congress of the date, says:

The agricultural resources of the southern Appalachian region must be protected and preserved. To that end the preservation of the forests is an indispensable condition, which will lead not to the reduction but to the increase of the yield of agricultural products.

The preservation of the forests, of the streams, and of the agricultural interests here described can be successfully accomplished only by the purchase and creation of a national forest reserve.

The states of the southern Appalachian region own little or no land, and (Continued on page six.)

A COLORED MINER LYNCHED

W. J. BRYAN REFUSES NOMINATION FOR GOVERNOR

Lincoln, June 7.—Bryan tonight positively declined the fusion nomination for governor. He says he can accomplish more in national than in state politics.

BRYAN DEMOCRATIC PARTY ORGANIZED IN NEW YORK

New York, June 7.—The state convention of the Liberal democratic party, made up of Bryan followers, tonight nominated a full state ticket headed by Edgar Ryder of Westchester for governor. Bryan's name was cheered. Hill's name was hissed and his name derided.

The convention had the approval of Mr. Bryan, and it was said the formation of the party was the first gun in the campaign for the organizing of the party throughout the state thoroughly, to down Hill and the regular democratic ticket this year, and in 1904. Speeches were made by Judge Seabury, Charles Frederick Adams and others in which Hill was called "traitor," "a ballot box stuffer," "snap convention champion," etc. The platform denounces the bogus "reorganization" of the party "under the leadership of such traitors to democracy as David B. Hill." It ratifies the Kansas City platform and demands Philippines independence, initiative and referendum, Henry George's "single tax," election by the people of United States senators and public ownership of telephones, railroads and telegraphs.

HOUSE ANTI-ANARCHY BILL DISPOSED OF

Washington, June 7.—After a full week's consideration the house today practically disposed of the substitute of the senate bill to protect the president of the United States recommended by its committee on judiciary. Persistent efforts were made in committee of the whole to amend the bill in substantial features, but all were defeated, a solid majority supporting the committee throughout.

In the senate the canal bill was discussed after Depew had finished his part speech.

FAILURE AHEAD FOR THIS STRIKE

SEEMS PREDICTED BY OPENING DAY IN WEST VIRGINIA MINES.

Only a Small Percentage of 10,000 Ordered out Have Quit work.

NOT A PLANT IDLE IN CLARKSBURG DISTRICT

THE ONLY DISTURBANCE REPORTED IS THE KILLING OF ONE MINE BOSS IN A FIGHT.

Clarksburg, W. Va., June 7.—The order of the National Mine Workers union for a general strike in this district was obeyed by a very small percentage of the 10,000 miners. The mines are worked as usual.

Reports from all the coal mines in this region have been received here today and there is not an idle plant.

MITCHELL WARNED RIOTING MUST END

Governor will Be Asked for Troops if Such Disorder as That of Thursday Night Is Resumed—Loss to Date from Pennsylvania Coal Strike Is Estimated at \$21,000,000—Pierpont Morgan Hanged in Effigy.

Wilkesbarre, Pa., June 7.—The sheriff has notified Mitchell that if such rioting as that of Thursday night is resumed he will call upon the governor for troops. It is quieter tonight but violence has not ceased and the authorities are apprehensive of an outbreak Tuesday when the importation of non-union engineers, firemen and pumpmen will begin in earnest.

Boycott tactics are being employed against the men and the relatives of those who remain at work. The result has been an increase in the strikers' ranks. The street car men threaten to strike if non-unionists are permitted to ride. Tradesmen refuse goods to those who do not join the strikers.

At Hanover a coal and iron policeman named Sweeney was hit on the head by strikers with bricks. When he was unconscious the mob kicked him. Sweeney did not regain consciousness tonight, and it is feared he will die. Sixteen warrants were issued but the assailants escaped.

An engineer named Fredericks was severely beaten by the same crowd. It is believed troops will be here within a week. Losses on account of the strike to date are estimated at \$21,000,000.

Wilkesbarre, Pa., June 7.—The hanging in effigy of J. Pierpont Morgan in one of the streets of South Wilkesbarre by a crowd of men and boys was the only incident to mar the stillness of the Wyoming valley. After the effigy had been hung the crowd cheered and pelted the obstacle with stones until police came along and dispersed the several hundred persons that made up the throng.

All the mining towns surrounding the city were very quiet. The news from Washington that President Roosevelt could not find his way clear to take a hand in bringing about peace between the miners and operators was received here with genuine disappointment. It has been strongly hoped that the president would be able to find some means of opening up a way to peace.

Today marks the end of the fourth week of the total suspension of coal mining and the miners and their employers are farther apart than ever.

The colliery and iron police who are charged with the shooting of Charles W. McCann, the thirteen-year-old boy at the Stanton colliery Thursday night, were given a preliminary hearing today and were committed to jail for a further hearing at such time as the result of the boy's injuries shall be definitely known. The only witnesses examined was a physician who attended the lad. The boy's condition grew worse last night and it is feared he cannot recover. The bullet has not yet been located.

Drifton, Pa., June 7.—Mobs of strikers today not only drove away the engineers and pumpmen but the clerks
