## HOUSE PASSES ANARCHY BILL

DeARMOND'S AMENDMENT DEFEATED—THE VOTE WAS 175 TO 38.

### Simmons Addresses the Senate in Behalf of Appalachian National Park Bill.

**SAYS HIS ABSENCE DID NOT PREVENT PASSAGE**

SENATOR SIMMONS DECLARES THERE IS NO FOUNDATION FOR STATEMENT THAT THERE IS A "JOB" IN THE PROJECT.

Washington, June 9.—When the house met today the pending question coming over from Saturday was on the motion of Mr. DeArmond (Mo.) to recommit the anti-anarchy bill with instructions to strike out section three, which made the killing of foreign ambassadors and ministers punishable with death, and section thirteen which creates the legal presumption in all prosecutions under the act that the officers to be protected by its provision are engaged in the performance of their official duties at the time the offense is committed. The roll was called.

The motion was lost 71 to 125.

The vote was then taken upon the passage of the bill, Mr. Danham (Tex.) demanding the yeas and nays. The bill passed, 175 to 38.

The negative votes were cast by Loud (rep. Cal.) and the following members of the minority: Adamson, Bartlett and Brantley of Georgia; Brundage, Arkansas; Burleson, Texas; Candler, Mississippi; Cooper, Texas; Creager, New York; DeArmond, Missouri; Dismore, Arkansas; Findley, South Carolina; Fox, Mississippi; Glen, Idaho; Henry and Hooker, Mississippi; Howard, Georgia; Johnson, South Carolina; Jones, Virginia; W. W. and Claude Kitchin, North Carolina; Kleberg, Texas; Lanham, Texas; Lester, Georgia; Lewis, Georgia; Little, Arkansas; McCullough, Arkansas; McLean, Mississippi; Maddox, Georgia; Neville, Nebraska; Patterson, Tennessee; Randall, Texas; Reid, Arkansas; Scarborough, South Carolina; Shackelford, Missouri; Speight, Mississippi; Stephens, Texas; and Underwood, Alabama.

Mr. Hitt, from the committee on foreign affairs presented a resolution which calls upon the secretary of state for a complete list of American citizens now detained as prisoners of war in South Africa, and for information as to what action is being taken to secure their release. The republican was adopted. The house then proceeded with the consideration of the bill "to transfer certain forest reserves to the control of the department of agriculture, and to authorize game and fish preserves in forest reserves."

Mr. Lacy, of Iowa, in charge of the bill explained the growing interest in forest reserves as a means of conserving the water supply and for the protection of game. The bill provided that all forest reserves heretofore set apart and as such as may hereafter be set apart should be transferred to the department of agriculture for administration. The present reserves, however, are not to be so transferred until the boundaries shall have been established. The bill also authorizes the president to set aside such reserves and provides for the creation of rules and regulations for their protection. Mr. Lacy called attention to the words of President Roosevelt's message, pointing out the propriety of making some havens of refuge for the surviving wild birds, game and fish within forest reserves. By the terms of the bill such fish and game preserve could not be set apart without the assent of the governor of the state within which the reserve is located.

Washington, June 9.—Soon after the senate convened today a report was made from the committee on Indian affairs for an investigation made by that committee of the conduct of W. A. Jones, commissioner of Indian affairs. (Continued on fifth page.)

## STRIKE SITUATION IN THE TWO GREAT COAL REGIONS

### GENERAL MOVEMENT TO PLACE NON-UNION MEN IN PENNSYLVANIA MINES.

### Mitchell's Meeting With C. D. Wright Revives Rumors of a Peaceful Settlement.

### PROSECUTIONS AGAINST STRIKERS FOR RIOTING

THE LABOR COMMISSIONER IS USING EVERY AGENCY OF HIS DEPARTMENT IN HOPE OF ENDING STRIKE—PRESIDENT READY TO ACT.

Wilkesbarre, June 9.—The pumps at the Susquehanna company's mine were standing last night. Today a full force of engineers, firemen and pumpmen is on hand, having been smuggled behind the barbed wire stockade during the night. A force of guards, armed with Winchester, clubs and fire hose is ready to repel attack. The men will sleep and eat behind the enclosure. There are 200 in all and they are believed to be advance guards of similar kind all through the coal regions.

The boycott is still effective. Tradesmen refuse goods to non-union men and their relatives. The hope is entertained of a speedy settlement, as many believe the conference with Carroll D. Wright will result in an agreement.

At Pottsville the operators have filed prosecutions against many strikers for rioting and assaulting the mine bosses. The strikers induced men at the Philadelphia and Reading mines and at Silver Creek and Eagle Hill mines to quit work and the mines are idle. The mine carpenters have joined the strikers. The National Carpenters' union ordered a strike and there was a generous response.

Wilkesbarre, Pa., June 9.—President Mitchell left here at 11:05 over the Lehigh Valley railroad for New York, where he will meet, Carroll D. Wright, the United States commissioner of labor, at 7 o'clock tonight.

President Mitchell went to New York at the request of Mr. Wright, with whom he was in communication today. When this information became known rumors of peace were revived and for a while they flew thick and fast. Mr. Wright, it is believed will directly represent President Roosevelt, according to Washington despatches. Mr. Wright and Senator Hanna have held a conference with the president during the last two days on the strike situation in the anthracite field.

New York, June 9.—Carroll D. Wright, United States commissioner of labor, said today that for him to tell whom he expected to see or what he intended to do might seriously interfere with his investigation of the anthracite coal miners' strike. He said that under section seven and eight of the law under which the labor bureau is operated, it is charged upon the commissioner to investigate and report all labor disputes.

"Of course," said Mr. Wright, "I cannot interfere or act as arbitrator. Although possessing no power under existing laws, as a patriotic citizen, President Roosevelt is interested in settling this trouble. He cannot interfere, but can advise or suggest, and the official investigation may reveal chinks in the situation which have not as yet been touched upon in the general report and upon which he may be able to act."

Wilkesbarre, June 9.—The "tightening up" process, which has been in progress since the anthracite coal strike began four weeks ago, today, continues. All classes of trades unions in the hard coal belt have taken a hand in helping the miners, and now the long predicted move of the railroaders in the region has been made. The decision of these men at meetings held in different parts of the region yesterday to refuse to aid the companies in their fight against the miners has encouraged the strikers greatly.

Huntsville, W. Va., June 9.—One hundred Hungarians from Pennsylvania left here this morning for the Tug (Continued on eighth page.)

## TEN WERE ROASTED ALIVE; FOUR JUMPED TO THEIR DEATH

Chicago, June 9.—Fourteen persons lost their lives late this afternoon in a fire which destroyed the old Woodruff hotel building. The house was occupied by St. Luke's society as a hospital for victims of the liquor or drug habit.

Several were injured by jumping from the windows to the pavement, four of them fatally.

The flames swept up the stairway of the elevator shaft, cutting off all chances of escape for the victims.

The blind alderman, William Kent, was one of the victims. Of the fourteen who were roasted alive and four jumped to death.

Loud Creek before the day is over. There are 3,000 miners in the field. Hadey, W. Va., June 9.—All of the miners are at work in this field, it being the only field in the state in full operation. The Western Kanawha Coal company granted the miners' demand last week. It is believed that an effort will be made to have the miners here come out in sympathy.

Keystone, W. Va., June 9.—The mines in the Flat Top and Tug river fields are practically at a standstill. About five per cent of the miners are at work at Elk Ridge, Lynchburg, Eureka and Mill Creek. Violence is threatened. Armed guards are on duty.

### DOES MOUNT RAINIER INTEND TO ERUPT?

Steam Said to Be Rising from Its Summit.

In the Senate

Tacoma, Washington, June 9.—Two columns of steam are rising from the apex of Mount Rainier. The melting of the snow by the heat of the sun, the lifting and driving of the snow from the summit by the wind and several other possible explanations of the phenomena are offered but none of them seems to be satisfactory.

### GEN. WADE SLIGHTED, HIS FRIENDS THINK

Washington, June 9.—The friends of Brig. General Wade in the senate are indignant because Generals Bates and Davis are promoted to major generals over Wade, who has been ranking brigadier since 1887. Senator Foraker will lead a fight against confirmation of the nominations. Army officers, also, are indignant because Wade was ignored.

### NEW PRESIDENT OF PRINCETON UNIVERSITY

Princeton, June 9.—Dr. Francis Patton resigned the presidency of Princeton university this afternoon. Woodrow Wilson, professor of jurisprudence, was chosen his successor. The action was so sudden that all members of the board of trustees didn't know of Dr. Patton's intention until the board meeting. Dr. Patton wishes to devote more time to literary work. Prof. Wilson was astounded at his selection. He had no advance notice. Wilson is a popular and eloquent orator and a profound scholar.

### TEACHERS GATHERING AT MOREHEAD CITY

Special to the Gazette.

Raleigh, N. C., June 9.—A considerable number of teachers passed through Raleigh today for Morehead City. The Teachers' assembly opens tomorrow night. A big rush is expected tomorrow. State Superintendent Joyner says the attendance will be very large. Over fifty of the advance guard are at Morehead tonight.
