THE CANAL BILL IN THE SENATE

MORGAN AGAIN VIGOROUSLY ATTACKS THE PANAMA ROUTE.

Might as well Throw that Forty Million Into the Ocean, He Declares.

A SPAT BETWEEN MORGAN AND HOAR

RESOLUTION ASKING FOR STATEMENT OF EXPENDITURES AND COLLECTIONS IN CUBA IN SENT TO THE CALENDAR.

Washington, June 12.—At the conclusion of routine business in the senate today, a resolution introduced by Mr. Carmack (Tenn) directing the committee on civil service and retrenchment to investigate the discharge from the war department of Miss Rebecca J. Taylor, a clerk in that department, was called up and referred to the committee on civil service.

The resolution introduced yesterday by Mr. Cullerson (Texas) directing the secretary of war to send to the senate an itemized statement of the expenditures made from the Cuban funds from the time of the American occupation to May 1 of this year was sent to the calendar.

Consideration then was resumed of the London dock charges bill. Mr. Platt (Conn.) remarked that it was difficult to ascertain what was sought by the bill.

Mr. Nelson of Minneapolis explained the provisions of the bill. Mr. Platt further held that the question presented was not a subject of national legislation.

Mr. Mallory of Florida advocated the passage of the bill, although he was not certain that the shippers would reap very great benefit from it. Mr. Hale maintained that it was an absurd proposition.

Mr. Spooner advocated the bill. Mr. Morgan again took occasion to flay the Panama canal. He declared the government might as well throw the \$40,000,000 asked for by that broken down company into the sea as to pay it to the officials of that concern, because, he contended, the concession now held by the company is not valid. He quoted from the manifesto of the provisional government of Colombia and from the constitution of that country in support of his contention. He referred to the championship of the interoceanic canal committee as a place thrown out to the democrats, whereupon Mr. Hoar interrupted to assure him that he was given that chairmanship because he was recognized as one of the greatest living authorities on that great question.

"I will soon be one of the greatest dead ones," Morgan retorted, "unless the republican side of the senate shall take up this question in honor of the memory of McKinley, who was more responsible for it than I, and General Grant, who was more responsible still."

Notice of several substitute amendments was given. Mr. Hanna gave notice that he would address the senate on the Isthmian canal bill Wednesday.

Washington, June 12.—The house devoted today's session to the consideration of the senate irrigation bill. Mondell made the principal speech in favor of the bill and Bay the principal one in opposition, the latter arguing against its constitutionality.

BEET SUGAR SENATORS SUBMIT AN ULTIMATUM

Washington, June 12.—A conference of the beet sugar republican senators was held this afternoon. After discussing the effort of the republican majority to pass the Cuban tariff reduction bill it was agreed to adhere to the demand for a bill providing for the payment of a rebate of tariff dues on Cuban products imported into the United States and if defeated in that case present at conference should hold themselves free to vote with the democrats for the tariff bill as it passed the house or to amend it. This agreement will be submitted to the republican majority tomorrow in the shape of an ultimatum.

President Roosevelt is expected to send a message to congress urging prompt action by the passage of the reciprocity tariff reduction bill. He conferred until a late hour tonight with Senators Platt and Spooner on the Cuban tariff situation.

THE CENTENNIAL OF WEST POINT

PRESIDENT PRESENTS DIPLOMA TO 100TH GRADUATING CLASS.

Speakers Were General Root, General Miles and General Dick.

CEREMONIES OCCURRED IN THE OPEN AIR

West Point, N. Y., June 12.—The centennial celebration of the military academy closed today with the presentation of diplomas to the 100th graduating class. The program included the presentation of diplomas by President Roosevelt, an address by Gen. Dick of the visiting board and remarks by General Miles.

The weather was fine and the ceremony took place out of doors on that part of the parade grounds known as "Cavalry plain." An open tent over a platform had been erected for the speakers and officials and standing at the front of the platform President Roosevelt presented the new officer with his diploma. The president made no remarks, simply shaking hands with each cadet.

The audience comprising ladies in fashionable summer costume and the entire cadet corps and several hundred visitors occupied chairs on the lawn under the trees and the clear sky and beautiful scenery about West Point gave the exercises a picturesque setting.

The speakers were General Dick for the board of visitors, General Root for the government and General Miles for the army.

General Dick said in part after giving advice to the cadets:

"The wars conducted by the United States have never been for conquest. Cuba is now a sister republic and Porto Rico has more freedom and contentment than ever. The war with Spain was unavoidable and we came into the possession of the Philippines as a result. Our authority there must be as absolute as our responsibility. That we will succeed gloriously in the work we have taken up in the Philippines the world now knows."

He said that West Point would last as long as the nation needed an army. Secretary Root said it was a fundamental principle that the military branch of the government should be subject to the control of the civil. He held the cadets to bear in mind that their education was not by any means complete, and that they could go on learning to be good soldiers until they retired, if they were lucky enough to live until the age of sixty-four. The regular army in time of war, he said, was a nucleus of a greater organization including the militia and national guard and he advised the cadets to get the good will of these bodies and of citizens interested in the army.

RESULTS OF STORM IN DES MOINES

TELEGRAPHIC COMMUNICATION WITH WASHINGTON AT LENGTH RESUMED.

Des Moines, Iowa, June 12.—For the first time in two days telegraph and telephone communication with Washington has been obtained. Four wagon loads of students enjoying a picnic at Coppoc, nine miles south of Washington, were caught by the storm during their return journey. One wagon containing nine members of the high school class which had just graduated sought shelter in a school house, which was blown to pieces, burying all in the debris.

The injured are:
Mildred McAtlin, chest crushed; will die.
Charles Chance, badly crushed; all over; still unconscious; recovery doubtful.

Myrtle Stewart, badly bruised about the head and face.
Blanche Stewart, shoulder dislocated, head cut.
Myrtle Shields, leg badly injured, severely bruised.
Jessie Klein, back wrenched, badly cut.
Gertie Reeves, face cut, seriously.
Mary Jerrard, ankle dislocated, several flesh wounds.

MINE SUPERINTENDENT SHOT AT FROM AMBUSH

Wilkesbarre, Pa., June 12.—Last night as Superintendent Thomas came out of the William A. colliery riding on a locomotive, as is the custom, a number of men in ambush opened fire on the locomotive. Fortunately the engine was traveling rapidly and it was soon out of the range of fire. The miners' union is doing everything possible to have its idle men at that point keep the peace.

Six persons were on the locomotive—engineer, fireman, conductor, two brakemen and Superintendent Thomas. As soon as the firing began the six men immediately dropped to the floor of the locomotive and tender and in that way saved themselves. The window panes of the cab were broken and the locomotive and tender perforated with bullets and buckshot.

TO BREAK MONOPOLY IN ICE AT KNOXVILLE

The Frozen Necessity Imported from Cincinnati by a New Company.

Knoxville, Tenn., June 12.—The monopoly of the ice business here is to be broken. The Sentinel this evening says: A new ice company for Knoxville is practically assured. The money has been put up and wagons have been secured, and this afternoon it is expected that the company will be in shape to go at once into the business of retailing ice on the streets of Knoxville in competition with the City Delivery company. On the railroad tracks of the Southern yards, are two car loads of ice, or 65,000 pounds which will be peddled through the streets tomorrow. The wagons will be marked so that the public will know them. The wagons will sell ice cheaper than the City Delivery company, it is claimed, and in any quantities that the consumer may ask for. The persons who have taken up the fight against the City Delivery company, are wiring today for information about the supply. They want 90,000 pounds a day and have now the assurance of 65,000 pounds a day. When the additional ice is secured, the company will be ready to announce to the public its prices, and methods of business.

TWO PASSENGER TRAINS WRECKED

FAST MAIL AND ACCOMMODATION TRAIN CRASH TOGETHER ON THE N., C. & ST. L.

The Two Firemen and an Express Messenger Killed and Seventeen Persons Injured.

MAIL TRAIN FAILED TO OBEY ITS ORDERS

Chattanooga, June 12.—An accommodation train and fast mail train from Nashville on the Nashville, Chattanooga and St. Louis road collided this afternoon near Hooker's station. The firemen on both trains and the express messenger on the mail train were killed. Both engineers were injured but the engineer on the mail is alone believed to be fatally injured. About fifteen others were slightly injured.

Both trains were almost completely wrecked.

The accident was due to failure to obey orders on the part of the mail train. Relief train was sent out from this place and the injured brought here.

CAR STRIKE TROUBLES IN RHODE ISLAND

EIGHT COMPANIES OF INFANTRY PATROLLING STREETS OF PAWTUCKET.

Pawtucket, R. I., June 12.—The city officials have declined to increase the police force to meet the unusual conditions resulting from the strike of the Union Traction company's men here and in Providence. By order of Governor Nickal eight companies of infantry are patrolling the streets today.

The action of the governor was precipitated by a serious disturbance which took place last evening when a detachment of sixteen special deputy sheriffs were attacked by a crowd which had held up and demolished a street car. Several were injured. There was no semblance of trouble this afternoon. The soldiers were stationed at short spaces and maintained practically a solid line, while cars were run, each with a guard of deputy sheriffs, the schedule being maintained with some show of regularity. There were few passengers.

The quiet which prevailed when the troops arrived was broken just before 1 o'clock. A car, escorted by a squadron of cavalry and filled with deputy sheriffs, was stalled on Main street by a mob. Stones crashed through the windows and a tumult was raised.

Then a volley of shots fired by the deputies rang out. John Peterson, twelve years of age, who was in the crowd, fell, having been hit by a bullet. Apparently he was the only one injured but the incident staggered the crowd. The car passed on. It was badly damaged. All the windows were broken.

A doctor who was near at hand examined the Peterson boy and said he was critically injured.

Providence, June 12.—There was no renewal of rioting by the street car strikers of Pawtucket up to a late hour tonight. The militia seem to have full control of the situation.
