CULLUM FAVORS PANAMA ROUTE

CONVINCED IT IS THE BEST, THOUGH BE FORMERLY FAVORED NICARAGUA.

Kittridge Also Speaks in Support of the Spooner Bill, because of Question of Expense.

HOUSE PLAN TO CONSIDER PHILIPPINES BILL

WILL TAKE THE MEASURE UP ON THE 19TH INSTANT AND CONCLUDE ON THE 26H.

Washington, June 16.—Senators Cullum and Kittridge championed the Panama route in discussing the Isthmian canal bill in the senate today. Cullum declared that heretofore he had favored the Nicaragua route, but was now convinced that the Panama route was the most feasible and the shortest one. Kittridge asserted that the Nicaraguan route would cost an indefinite number of millions more than the Panama. The house bill, he declared, would have no other effect than to delay the canal. He pointed out that the cost of the Nicaraguan canal could not be told while the cost of the Panama canal was known.

A long controversy followed a motion by Senator Proctor that the Senate recede from one of the amendments of the army appropriation bill, toward the close of the session and Proctor finally withdrew it.

Early in the session a resolution of inquiry in regard to payments made out of the Cuban funds went over and the London dock bill was passed.

Washington, June 16.—The house today agreed to consider the Philippine government bill from the 19th to 26th instants inclusive. It also passed a number of bills under suspension of the rules, none of which was important.

Washington, June 16.—President Roosevelt, Secretary Root and Postmaster General Payne this morning took breakfast with Senator Hanna at the latter's residence on Lafayette Square. During the meal and in a discussion following it the Cuban reciprocity question was talked over, but the discussion was along general lines. The manner in which the president's message re-affirming his attitude on that subject was received, was also referred to. It was the general understanding that the president had pressed the issue as far as it is possible for him to do so. Other subjects were talked over in a general way. Those present refused to talk about the meeting save to discount its importance. They claimed that the breakfast was devoid of any political significance and in corroboration of this statement said the ladies of the party were present throughout the breakfast.

STRIKE ENDANGERS MINE PROPERTIES

Scranton, Pa., June 16.—Nearly 100 fire bosses in the mines in the Lackawanna region refused to make the usual inspections today in compliance with the order from the strikers' headquarters asking them to quit and thus assist the strikers in winning their fight. The result cannot be otherwise than disastrous to the mining property for with the accumulation of gas the pump runners cannot keep at work.

Robinson, the Delaware and Hudson deputy, who was shot through the right lung at Oliphant late Saturday night by some unknown person, alleged to be a striker, is still alive, with chances against him. The company has offered

\$1000 reward for the arrest and conviction of his assailant.

Wilkesbarre, Pa., June 16.—So far as can be learned, the efforts of the strikers to bring out the fire bosses and other bosses today, was not as great a success as was expected by the union. Jasper Clark of Toledo, the international president of the Team Drivers' association, who came here last night, saw President Mitchell today. Mr. Clark said that the union was in sympathy with the miners and would do everything possible to help them.

There was a general shooting affray near the William A. colliery of the Lehigh Valley Coal company at Durysa, shortly after midnight, in which no one was hurt. The presidents of the neighborhood said several coal and iron police left the colliery after midnight and were attacked by a number of men who were lying in wait. None were injured. All this was denied at the office of the Lehigh Valley company.

Bramwell, W. Va., June 16.—Several hundred more strikers returned to work this morning in the Flat Top and Tug River coal fields, probably half the number who struck a week ago having now returned to work. The remainder now out are becoming desperate. This morning probably 100 of the strikers, heavily armed, left Simmons, where are 23 collieries and started on a march to Pocahontas. They allege that they will stop all work there. Troops will soon be necessary in this field as serious trouble is predicted.

A SOUTHERN SENATOR OPPOSES PARK BILL

SENATOR PRITCHARD WILL CALL THE MEASURE UP FOR CONSIDERATION IN SENATE.

Special to the Gazette.

Washington, June 16.—Senator Pritchard returned from Charlotte this morning, seemingly in good health, and at once plunged into his official duties.

The Gazette correspondent learns that a democratic senator from a neighboring southern state today notified Senator Pritchard that he proposed to object to the passage of the Appalachian park bill at this session of congress. Pritchard and other friends of the measure will do everything in their power to induce the senator to withdraw his opposition.

In view of the fact that it requires unanimous consent to secure the consideration of any matter outside of appropriation bills the fate of the park bill is trembling in the balance. It is said that every republican senator is in favor of the passage of the bill and it will be a great pity to have the measure defeated by a senator from the south, in consideration of the fact that the adoption of this measure pertains so largely to the welfare of the people of that section, Senator Pritchard, when seen today in regard to the matter said that he proposed to ask unanimous consent for the consideration of the bill at every available opportunity.

SOLDIERS' BODIES FOUND MUTILATED BY FILIPINOS

Manila, June 16.—The mutilated bodies of Sergeant Stewart, Corporals Black and Finnegan and Privates Davis and Carr of Fifth cavalry, who were kidnapped by Filipinos on Decoration day, have been discovered by troops. Strong reinforcements have been ordered to pursue the Ladrones until they are exterminated.

The cholera epidemic here is proving obstinate. Seventeen deaths from the disease are reported today.

TO FOUND A NEGRO COLONY IN NEW JERSEY

New York, June 16.—Henry C. White, the last colored man to sit in congress, a member from North Carolina in both the Fiftieth and Fifty-sixth congresses, is reported to be at the head of a syndicate which has purchased from Senator Robert E. Hand, 9571-2 acres of land near Burlington, N. J., near Cape May. It is intended to establish a colony of negroes from North Carolina. The name of the town is to be Whiteboro.

Already several avenues have been laid out. Each colonist is to buy a house on the installment plan and is to have ten years in which to pay for it. It is to be the same plan as the Jewish colony at Woodbine, founded by the Baron de Hirsch fund trustees.

EDWARD VII GOES TO WINDSOR

HIS TRIP ALLAYS SOME OF THE PUBLIC ANXIETY REGARDING HIS ILLNESS.

Was Unable to Review Troops at Aldershot Yesterday—Prince Taking His Place.

A SERIOUS CHILL DEVELOPED INTO LUMBAGO

A HEAVY RAIN ALSO CONTRIBUTED TO SPOIL THE GRAND MILITARY REVIEW—32,000 TROOPS MARCHED.

London, June 16.—King Edward, who was attacked yesterday by lumbago, following a chill contracted while reviewing the troops at Aldershot, passed a good night and is some better. Rain is falling, however, so he will not risk attending the grand review today. The Prince of Wales will receive the salute in the king's stead.

A dispatch to the Exchange Telegraph company from Aldershot says: "The king's illness has become of a much more serious nature than first expected. Yesterday the king was in a low state and laudanum was administered to allay his pain. Complications are feared this morning."

Lord Farquhar, master of household at Windsor Castle, said this afternoon that King Edward was much better and will arrive this evening from Aldershot in accordance with the previous arrangements.

Aldershot, Eng., June 16.—The indisposition of King Edward and incessant downpour of rain combined to effectually spoil the grand review of troops here today. The king did not leave the royal pavilion and was represented by the Prince of Wales, who rode in the saluting point, accompanied by the Duke of Connaught and a brilliant staff, comprising several Indian princes and military attaches, Lord Roberts, the commander in chief and the headquarters staff. Queen Alexandra drove to the parade grounds in a closed carriage with the Princess of Wales and Princess Victoria. In other carriages at the saluting point were the Duchess of Connaught and many of the nobilities who are visiting England.

More than 32,000 rain-soaked troops marched past the heir to the throne.

London, June 16.—3:45 p. m.—When questioned regarding the alarming reports circulated about the health of King Edward, his majesty's private secretary, Sir Francis Killy, said: "The best answer I can give is that the king is going to Windsor this afternoon."

Aldershot, Eng., June 16.—King Edward and Queen Alexandra started for Windsor at 4:15 o'clock this afternoon in a motor car. The king showed little trace of illness.

Windsor, England, June 16.—King Edward arrived here at 6 p. m. from Aldershot.

GRAZY WOMAN KILLS HER SIX CHILDREN

Memphis, Tenn., June 16.—Mrs. Louis Withrop, wife of a planter living at Brandywine, killed her six small children yesterday while her husband was at church. Five of the children were shot through the head with a Winchester and the baby was burned to death in the house which the mother fled. The mother fled and her whereabouts are unknown. It is believed she is deranged.

AGAINST NEGRO SQUATTERS

Indianapolis, Ind., June 16.—The whites at Paoli, French Lick, West Baden and other towns in southern Indiana, have entered upon a determined effort to rid the section of negroes and there is grave fear of riot and bloodshed in many places. Negroes have been steadily coming from Kentucky

Investment Property

Twelve room tenement house in respectable neighborhood, paying 20 per cent on price asked, \$1000. This price includes two vacant lots adjoining the house. This proposition is well worth investigating.

and other Southern states. Many of them bought small parcels of land but most of them squatted on the right of way of the Monon road and are cultivating little parcels of land along the tracks. Frequent thefts have occurred and many negroes have received notices to leave the state within ten days or their houses will be burned. Many negroes have left but others are defiant and say they will protect themselves if they are attacked.

NEWS OF THE STATE BY WAY OF RALEIGH

G. W. Phenix Pardoned—Oldest Methodist Preacher Dead.

Raleigh, N. C., June 16.—Governor Aycock today pardoned G. W. Phenix of Buncombe county, serving a term on the roads for larceny.

Rev. Louis Phillips, a local preacher, died this morning at his home in Moore county. He was the oldest Methodist preacher in North Carolina, born December 22, 1806.

The state board of dental examiners met this morning. The state dental society will meet Thursday.

HOBSON IS GRANTED 3-MONTHS SICK LEAVE

Washington, June 16.—Naval Constructor Hobson was granted a three months sick leave today by Secretary Moody. Hobson applied in person. He said he was afraid if continued in naval work the glare of the sun on the water this summer would blind him. It was arranged, however, that during his leave Hobson should place himself under the observation and direction of a naval surgeon to do what the surgeon tells him.

FILIPINOS MAY BE GRANTED AMNESTY

Washington, June 16.—The president and Secretary Root have been considering the advisability of granting amnesty to all Filipinos formerly engaged in insurrection. There is a strong probability that an amnesty proclamation will be issued July 4.

MISS TAYLOR'S CASE.

Washington, June 16.—The house committee on reform of the civil service today voted six to two, on party lines, to table the resolution calling on the secretary of war for information as to the dismissal of Rebecca J. Taylor, a clerk of the war department. The case has excited some attention because Miss Taylor was dismissed for writing a letter appearing in a Washington newspaper, headed "The Flag Shall Stay Put," and criticising the president's attitude in reference to the Philippines.

Chairman Gillett presented to the committee all the correspondence which this included a letter from Mr. Root to the chairman stating: "The opportunity for explanation or statement afforded to Miss Taylor, with express reference to section 8 of civil service rule 2, was deemed by the department to be a full and substantial compliance with the civil service law, and clearly was so under the rulings of the civil service commission. No head of a department can maintain effective administration if he is obliged to depend upon services of clerks who are so violently opposed to the success of the work in which they are engaged that they are unable to refrain from public denunciation of the purpose of the work and publicly insult the president."

The other correspondence, including Miss Taylor's letter acknowledging authorship, heretofore, have appeared. Messrs. Shalenger, of Nebraska, and Zenor, of Indiana, were the democratic members present who voted against tabling the resolution.

NATIONAL LEAGUE GAMES

At New York— R H E
New York 4 10 1
Cincinnati 6 13 2

Ooter games prevented by rain.

CURL-RILEY

A. E. Riley left Saturday for Ohio on an important mission—nothing less than that of bringing Mrs. A. E. Riley to Asheville. Tomorrow evening at Cardington, O., he will be married to Miss Lenna Curl. Mr. Riley went direct from here to Cleveland, to spend some time in that city before going to Cardington.

The newly married couple will return to Asheville next Tuesday.

PANIC STRICKEN GIRLS AT FIRE

THREE HUNDRED EMPLOYES AT A ST. LOUIS SHOE FACTORY TERRIFIED.

Many Seriously Injured by Being Trampled On But All Escape From the Building.

CROWDED ELEVATOR FELL FOUR STORIES

FIREMEN DO VALIENT WORK IN RESCUING THE GIRLS AND TWO WERE BADLY INJURED BY THE FLAMES.

St. Louis, June 16.—Fire in a riding academy this afternoon communicated to the lower story of Friedman's shoe factory. Smoke filled the building and a panic among the three hundred men and girls employed ensued. A rush was made to the fire escapes and the frightened girls became jammed in the windows fighting and shrieking. They tore each other's clothing. Fifteen girls fainted and were rescued by the firemen. Many were seriously injured by being trampled on but all got out.

During the fire a freight elevator crowded with boys and girls fell from the fourth story. The cable broke and the car fell to the basement. All were more or less injured. Two firemen were badly burned rescuing girls. The loss is \$60,000.

DIVED FROM HIGH BRIDGE

St. Louis, June 16.—Joseph Lewis, age 21 years, dived from the Eads bridge today to the river below, a distance of seventy feet. He came to the surface uninjured and was picked up and put ashore. A number of spectators witnessed the feat, including the young man's mother and several friends.
