## PANAMA CANAL BILL PASSED

**SPOONER'S SUBSTITUTE FOR A HEPBURN BILL GOES THROUGH SENATE.**

Also an Amendment Providing for Issue of 2 per cent. Canal Bills for \$130,000,000.

**CONFERENCE OF TWO HOUSES ON THE CANAL QUESTION**

**MORGAN ONE OF THE SENATE CONFEREES—DEBATE ON PHILIPPINES GOVERNMENT BILL BEGINS IN HOUSE OF REPRESENTATIVES.**

Washington, June 19.—The senate today by a vote of 67 to 6 passed what is known as the Spooner isthmian canal bill as a substitute for the house Hepburn bill. It provides for the construction of a canal by the Panama route, if title can be obtained to the French company's property, otherwise by the Nicaraguan route. While the vote on final passage of the bill was almost overwhelming the real test came on the adoption of the Spooner substitute, when it received a majority of eight. Forty-two votes were cast in the affirmative, all except two cast by republicans, the democrats with the exception of two voting solidly against the Spooner substitute and in favor of the Nicaraguan route. Nine republicans joined them, while Elkins did not vote. On the final roll-call the six negative votes were all cast by democrats. Four republicans and two democrats failed to answer their names.

Before the passage of the bill the amendment offered by Mr. Fairbanks for an issue of two per cent canal bills to amount to \$130,000,000, to be sold at not less than par, was agreed to. A motion by Mr. Morgan that the house be asked for a conference on the bill was agreed to. Morgan was appointed as one of the senator conferees.

When the senate convened today at 11 o'clock, it was with the intention of beginning the voting upon the isthmian canal question, at 2 o'clock.

Mr. Morgan presented the following letter he had received from Secretary of State Hay, concerning the point raised in the isthmian canal debate by Mr. Kittredge (S. D.):

"I am requested by the minister of Costa Rica to inform the committee on canal that he has been instructed by his government to make known to the United States that the government of Costa Rica is prepared to take all necessary steps to put themselves in a position to negotiate with the government of the United States a treaty for appropriate concessions for an isthmian canal on terms substantially as proposed by the government of the United States."

The communication was laid on the table.

The conference report on the bill to prevent the false branding or labeling of food or dairy products was agreed to.

Consideration of the isthmian canal question was resumed and Mr. Spooner offered formally his amendment as a substitute for the pending so-called Hepburn Nicaragua canal bill. Mr. Clark of Montana, then addressed the senate in support of the Nicaraguan canal route. He thought if one-half the objections to both the Nicaragua and the Panama routes were valid, neither route would be adopted. However, he was satisfied the consensus of conservative opinion in this country was that a great isthmian waterway should be constructed. The American people, he said, were not to be deterred.

"You may delay the project," said he, "but you cannot defeat it."

The difficulties of constructing the canal, he believed, were exaggerated. He thought that the Nicaragua route was more to be preferred as it was, in his opinion, more feasible and practicable than the Panama route. Mr. Clark said the Panama canal plan had left a heritage of ruin, disaster and desolation.

Mr. Allison explained why he should vote for the Spooner substitute. He believed there was a general desire among the American people for an

isthmian canal and the people desired, too, that the United States government should construct and control the canal. He pointed out that the eyes of the American people had been directed particularly toward the Nicaragua route because it was supposed that as a French company had the concessions for the Panama route the United States was barred from that route.

Mr. Allison said it was proposed now to build a canal thirty-five feet deep and wide enough and with a volume of water sufficient to float the largest ship afloat. The minimum expenditure for the construction of the canal, he believed, would be more than \$200,000,000. To meet this enormous expenditure he favored the borrowing of the money, making proper provisions for liquidating the principal and interest of the bonds.

Mr. Morgan, chairman of the Inter-oceanic Canal committee, at the conclusion of Mr. Allison's remarks, began his speech, closing the debate. He said the canal issue seemed to have come down a single point—that of finance. On that point he deferred to Mr. Allison, but he did not believe with him that it would be necessary to issue bonds to pay for the construction of a canal.

Mr. Morgan particularly denounced the Panama canal route as a "place where labor and death join hands." He said he had been trying to protect the United States from the shame of intercourse with it. Those who wanted to "touch that thing," might do so. "I would not do it," he declared, "for both canals."

**In the House.**  
Washington, June 19.—Debate on the bill to temporarily provide for the administration of civil government in the Philippines was begun in the house today. Cooper spoke in support of the measure and Jones in opposition. He will offer at the proper time as a substitute for pending bill, a bill which provides that the United States shall relinquish all claim to sovereignty in the Philippines, when the people are ready to maintain a stable government.

## ENGINE OPERATORS GET AN EIGHT HOUR DAY

Hazleton, Pa., June 19.—The regular engineers, firemen and pump runners at the Sandy Run colliery operated by M. S. Kemer & Co., returned to work today, having, it is said, been granted the eight-hour day concession with the understanding that it is to continue indefinitely if other companies accede to the demand at the close of the strike. The manager of the company, when interviewed, said:

"This is a purely local affair and I have absolutely nothing to say about it."

## BISHOP CREATES SENSATION

**BY REFERENCES TO TOBACCO**

Milwaukee, June 19.—Bishop Nicholson of the Milwaukee Episcopal diocese, has created a mild sensation among the priests and laity of the diocese by issuing a sort of a pronouncement against the use of tobacco. The pronouncement is submitted as an object-lesson and while the bishop comments it to the good judgment of the priests, without decreeing against the use of tobacco in so many words, nevertheless it has created quite a considerable stir. The bishop maintains that there is not one trace of spiritual help or physical gain from the use of tobacco, but untold evils have resulted from its use.

The extent to which the bishop's abhorrence towards tobacco goes is evidenced by the statement that if it is true Sir Walter Raleigh introduced tobacco into England 'tis a pity that the ship that carried him did not sink in the ocean.

## BOY KIDNAPPED

Erigham, Utah, June 19.—Nelson Anderson, Jr., the 17-year-old son of a prominent merchant, has disappeared, and his straw hat has been found with the following note pinned to it:

"Your son is kidnaped and we demand \$5,000 for his release to be paid by the waterfall east of Erigham, or his legs and arms will be cut off and he will be killed. We mean every word we say. (Signed)

"CHAIN GANG ROBBERS."  
The sheriff was immediately notified and search for the lad instituted, but no trace of him has been found.

## AGGRESSIVENESS POLICE'S ORDERS

**THE MAYOR OF PATERSON REQUESTS THE GOVERNOR TO SEND TROOPS.**

**No Renewal of Rioting, but Manufacturers Complain of Intimidation of Hands.**

**MAYOR ISSUES STERN ORDERS TO POLICE**

**"IF YOUR CLUBS PROVE USELESS," HE SAYS, "YOU KNOW WHAT TO DO—BE AGGRESSIVE."**

Pateron, N. J., June 19.—The mayor tonight requested the governor to send troops to Pateron. Although there was no renewal of rioting today, the manufacturers complained to the mayor that some or all of their help remained away today, fearing injury. There was some rioting at Union Hill today. Firemen scattered the rioters, throwing water on them. Thirteen were arrested.

Pateron, N. J., June 19.—Mayor Hinchcliffe took personal command of the police of this city today. He was displeased that the meeting of strikers Tuesday night was not broken up. It was at this meeting that speeches were made which it is believed led to the disorders of yesterday. The mayor went to police headquarters today and had the men of service lined up in front of him. Then he said:

"Men, if your clubs prove useless, you know what to do. Be aggressive from the start."

The reserves, who looked as if they fully approved the command as to the aggressiveness, were then dismissed to await the call to action. In addition to the regular police force of 104 men, there were sworn in twenty-three constables, twenty-five deputies and fifteen firemen who are to do duty as police-men. All these were immediately armed with revolvers and heavy night sticks.

Ten silk manufacturing firms opened for work this morning. In each of these plants every employe was armed today with a revolver. The weapons were supplied by the men's employers with the approval of Mayor Hinchcliffe. Before taking this step the mayor had been consulted by the manufacturers and he expressed the opinion that the employers were fully justified in arming their men and that it was a necessary precaution in view of yesterday's riots. When the employers of the Pelgram and Meyer mills on Mattock street reported for work this morning every fourth man was provided by the management with a gun. During the night Winchester and revolvers comprising a small arsenal were carried into the mill. Accompanying the weapons were thirty rounds of ammunition for each person. With the arrival of the men workers the firearms were distributed and the employes went armed to their looms.

Not one dye shop started up this morning, although several were opened. The dye house owners were willing to start operations but the men refused to go to work as they feared violence at the hands of the strikers. The police had a slight encounter with a body of strikers and their sympathizers today. About 400 Italians and other strikers gathered in the quarter of the city where the larger part of the Italian colonies live and forming in procession, started to march to their hall. The hall is only about a block from police headquarters. It is said the proposed meeting there today was arranged for a meeting of anarchists last night. The police had been keeping a sharp watch on the movements of the strikers and the procession had barely gotten underway when the reserves charged the parade. There was a quick scattering in all directions by the men in line and in a remarkably short time there was not a striker or a parader to be seen in the neighborhood.

At the hospitals and the county jail conditions of those who were wounded in yesterday's disturbances were reported unchanged. Harry Harris, the reporter who was knocked down, beaten and finally shot with his own revolver, by the mob, was very low today, but hope of his recovery is entertained.

Mayor Hinchcliffe announced today that only the executive committee of the dyers' helpers union would be permitted to hold meetings for the present, and that if at any of these sessions one word was uttered that tended to incite violence, the speaker would instantly be arrested. The mayor insisted that representatives of the city government be present at a meeting of the strikers' executive committee this afternoon. He says that if the proceedings are in any way obnoxious all the members of the committee will be liable to arrest.

As the morning advanced more of the silk mills opened up, including some of the largest in the city.

It was reported that a number of silk mills in Jersey City had been shut down on account of lack of material as a result of the closing of the dye houses at Pateron.

**EX-PRESIDENT DECLARES DEMOCRATS NEED NO NEW AND GAUDY ISSUES.**

**He and Hill Principal Speakers at Opening of Tilden Club's New Home.**

**HAS NO CONFESSION OF PARTY SIN TO MAKE OF PARTY SIN TO MAKE**

**BRYAN UNABLE TO BE PRESENT—HILL SAYS DEMOCRATS WOULD HAVE BEEN GLAD TO WELCOME BRYAN—ATTENDANCE LARGE.**

New York, June 19.—Prominent democrats from all parts of the state and not a few from other states attended the opening of the new club house of the Tilden club tonight. Bryan had been invited but was unable to attend. There was a large attendance.

Cleveland and Hill were the principal speakers. Their remarks were frequently and enthusiastically applauded. Cleveland's speech was the feature of the occasion and was listened to with the closest attention. He eulogized the leadership of Tilden, dwelt on his own retirement, and said perhaps there were those who would define his position as banishment. He had always followed the teachings and counsel of Tilden, and therefore had no confession of party sin to make; nor did he crave political absolution.

He declared the leadership of the democratic organization could not be improved by calling harsh names, nor by inaugurating a system of arbitrary proscription and banishment. He advocated dealing with new issues in a manner consistent with democratic doctrine. Democrats, he said, had no need to search for new and gaudy (Continued on 4th page.)

## FIERCE FIGHTING BETWEEN FRENCH AND AFRICANS

Paris, June 19.—News is received here of fierce fighting in the Lake Tchad district of Africa between Mohdists and French. The principal fight occurred near Bir Ajali. The Mohdists overwhelmed a horde of Tuaregs, charged within thirty paces of the French guns and were annihilated. Nearly 1400 dead were counted. A native stronghold was captured. The losses to the French are not stated.

## MOB AGAIN TRIES TO LYNCH EDISON

Vincennes, Ind., June 19.—A mob made another unsuccessful effort this morning to take Wm. Edison, charged with assaulting a four-year-old girl from the Knox county jail and lynch him. It threatened to return tonight. Sam Edison, brother of Wm. Edison, was arrested this morning and sentenced to the work house for flourishing a pistol before the mob. At the work house Edison attempted to break away from the policeman, who shot him in the hand. Edison was locked up.

## SCOTT-SPEAR

The marriage of Miss Sarah Elizabeth Scott and Edwin W. Spear, which took place at the home of the bride on Haywood street Wednesday evening was as pretty a home wedding as has taken place in Asheville for some time.

The decorations, which were green and white, were artistically arranged and the effect of the lights on the flowers and ferns was very beautiful.

Mr. and Mrs. Spear left on the night train for a two weeks' tour. They will be at home after July 15 at 10 West Chestnut street.

The bride is a young lady who is very popular with a large circle of friends in Asheville. Mr. Spear is one of the best known musicians in the city and is highly esteemed personally.
