

BROAD VALLEY NOTES

Correspondence of the Gazette. Penrose, June 23.—We are pleased to note the prosperous condition of our church at Enon under the pastorate of Dr. Wharton. As our people daily learn more of him, they love him the better as a preacher, pastor and Christian benefactor. They tell me that the bright face of Rev. L. P. Furgerson, who is boarding for the summer at Grange, has been seen more than once circulating among the Broad Valley young ladies in the past week or two. How about that "elastic" smile, girls? It is with gratitude that we can safely speak of the entire satisfaction of our people at the selection of teachers for the institute for the coming school year. It has been hinted that we have a faculty second to none in Western North Carolina. Prof. Bradley, who has been with the school for two years, has been asked to remain as professor of Latin, modern languages and English. The patrons and students have learned to regard him as an able instructor, and a high-toned Christian young man. He is especially fond of trying to help struggling young men, either by way of suggestion or otherwise. He has made a record for himself. Prof. George Wharton, A. M., D. D., comes to us highly recommended. He has been made professor of mathematics, the sciences, history and Greek. Mr. Wharton graduated with first honor at Mississippi college, the state Baptist college of Mississippi, taught with marked success in several institutions of learning. It is worthy of mention that he was professor of Latin and Greek for nine years in the college from which he graduated. He is already known to our people of Western North Carolina as former pastor of the Baptist church at Waynesville and as editor of the W. N. C. Baptist, at that time organ of the Western convention. He is noted for his energy and enterprise in every work which he undertakes, and his connection with the school gives guarantee of splendid and permanent success. During the four years in which he was principal of Hillman Female college (Miss.), the boarding department was increased fourfold. His wife, Mrs. E. H. Wharton, is a full A. M. graduate of the leading female college in Mississippi, has taught in that school as lady principal for four years, has also taught in other schools with great success. She teaches instrumental and vocal music, also voice culture, elocution and German, her father being a German and was professor of music for 30 years in the female college from which she graduated. She inherited her father's talent in music and he faithfully helped her in developing it. We would say to all parents who want their children soundly taught in all branches, and trained up under a group of teachers who fondly desire to make each student better in a social, moral or religious sense, we would say to these: "Let us have your boys and girls for awhile." We do not believe in teaching "set" creeds, but we do believe that true Christian manliness and honest womanly virtue are head-and-shoulders above everything that the strictest "isms" could produce. Send your boys and girls to Broad Valley institute. Sallie will meet them at the depot, show them a hearty welcome

and gladly protect them under her charitable wing until they can meet the teachers and be put to work. Our people are still growing in musical taste. Professor Bradley's new piano arrived today—it is a beauty too. Dr. Wharton will also have in a new piano before the term opens on August 4. Thus we will have four pianos within view of the institute. Come then all ye lovers of music, and enjoy the sweetness of life with us. "SALLIE."

GENERAL BURT'S PLAN.

Solution of Philippine Problem: "Turn Them Over to Japanese." San Francisco, June 24.—General A. S. Burt, retired, who has recently arrived from the Philippines has a plan for the Philippines, has a plan for them. He believes he has arrived to a conclusion that will ultimately be accepted by the administration and the country at large as the only solution. "Turn them over to the Japanese," said the general. "Let them have them on the installment plan, for the consideration, say, of \$150,000,000. Our government does not need the money in a lump sum, and making a proposition of that kind we can dictate as to coaling stations and make such reserves as are thought to be best for trade interests. An arrangement of that kind can be effected that will give the United States as broad a road into the markets of the Orient as if we retained the islands, besides we will be making strong allies of two nations that will represent their interests on that side of the globe without the necessity of the presence of a large army at an enormous cost."

BOLOMEN ATTACK SOLDIERS.

Were Set Upon While Escorting Wagon on Train in Mindanao. Manila, June 24.—Five soldiers of the Twenty-fifth Infantry forming an advance guard which was escorting a wagon train half a mile from Camp Vicars, island of Mindanao, were attacked today by ten bolomen. One soldier had an arm badly cut and another was seriously wounded in the head. The Moros captured a rifle and escaped uninjured. The Bandinglam Moros say the attackers were Moros from Bonolod, who went on the warpath in the morning for the avowed purpose of killing negligent Americans. Lieutenant Colonel Frank D. Baldwin, from the island of Mindanao, reports that the Moros have held a big conference at Bacolor. The sultan urged a policy of friendship with the Americans, but two of the Dattos said they would die first. Others declared that if the two Dattos caused war, they would not assist them. Three towns in the western part of the island are inclined to be unfriendly. Colonel Baldwin hopes to win them over to peace.

Fatally Shot Wife. Topeka, Kans., June 24.—Matron Lowe, of the reform school, lies at the hospital with two bullet wounds through her abdomen, unconscious and with no hope of recovery. Her husband, J. C. Lowe, who has a slight bullet wound in his head, is in prison charged with the shooting.

Conference American Whist League New York, June 24.—The twelfth annual conference of the American National Whist League opened today at Manhattan Beach. Hundreds of players are present and the number of women apparently exceeds that of the men. There are to be several contests for trophies.

Strike Did Not Materialize. Cumberland, Md., June 24.—There was a rumor last night that the West Virginia Central miners would strike today, but the men turned out to work this morning as usual. About 4,000 miners are employed along the line of the West Virginia Central.

New Ocean Record. New York, June 24.—A new ocean record has been established by the liner Caracas which has arrived here from San Juan. The voyage of 1,380 miles was covered in 97 1/4 hours, two and a half under the previous record.

MAY YET BE SAVED. All who have severe lung troubles need Dr. King's New Discovery for Consumption. It cures or no pay. 50c, \$1.00. All druggists.

Hudson County Mills Resume.

New York, June 24.—In accordance with the decision of mill owners reached Friday last, all the silk plants in Hudson county, N. Y., opened for business today. At only one mill, however, that of R. and H. Simmon, of Union Hill, did the full number of men report for work. The employees were not interfered with by outsiders when they entered the mill today. There was a force of police on guard at the plant, and no one not employed in the mill was allowed to approach the gates. There was a crowd of idlers in the vicinity, but no demonstration was made.

EXPLOSION SINKS CRUISER Chinese Vessel Goes Down With 150 Officers and Men. London, June 24.—A dispatch to the Central News from Shanghai says that the Chinese cruiser Kai-Chi has been wrecked by a terrific explosion while lying in the Yang-tse river. The Kai-Chi sank in thirty seconds, and 150 officers and men on board were killed or drowned. Only two men on board the cruiser escaped death.

Will Start American Colony. Winnipeg, Man., June 24.—A party of wealthy Americans will be the guests of the corporation at Winnipeg on coronation day, and after participating in public functions here in celebration of the event will go several hundred miles into the interior of the country with Prince Albert province as their objective point. It is said that their purpose is to purchase a large tract of land in the province and to colonize it with American settlers.

Child Killed by Rooster. Hopkinsville, Ky., June 24.—A little daughter of William Blankenship, a farmer of this county, is dying as the result of an attack by a rooster. The child was playing in the yard when the rooster attacked it. The fowl stuck his spurs into the top of the child's head. The physician who was summoned says the brain is penetrated and that the recovery of the child is impossible.

Rathbone Reaches New York. New York, June 24.—The Ward liner Niagara, bringing Estes G. Rathbone, the convicted director general of posts of Cuba, who was pardoned from a ten years' sentence by a general act of amnesty by the Cuban congress, liberating all American prisoners, has arrived here from Havana.

Brooklyn Has \$150,000 Fire New York, June 24.—A four-story building in Brooklyn occupied by the American Tartar Company was burned to the ground today. The loss on the building and contents was \$150,000.

MAD WOMAN GOES TO ASYLUM.

Slayer of Children Is Kept Strapped To Her Bed. Jackson, Miss., June 24.—Mrs. Louis Westrop, the Copiah county mad woman who slaughtered her six little children, will be brought to the Mississippi insane hospital in this city today. Application for admission has been approved by the hospital authorities, and Mrs. Westrop will be placed in the violent ward at the institution. She is still suffering from the maniacal derangement which provoked the horrible crime, and special arrangements will be made to have her carefully watched. At present she is so violent that it is necessary to keep her strapped to the bed and she attempts to commit suicide at the slightest possible opportunity. Drummer Found Dead in Bed. Atlanta, June 24.—S. K. Pettus, a traveling salesman from Richmond, Va., was found dead in bed at the Kimball house yesterday morning at 10 o'clock. Pettus came to Atlanta about a week ago and after engaging a room at the Kimball house became ill and sent for a physician. He appeared to be getting better and it was thought he would soon be well. Saturday evening he was cheerful and it was not deemed necessary to have a nurse remain in his room. Yesterday morning he did not open his room door, and at 10 o'clock the door was unlocked with a pass key. He was found dead in his bed and had apparently been dead several hours. Suicided Because of Whipping. El Paso, Tex., June 24.—Juan Micaba, a full blood Acoma Pueblo Indian residing near Las Cruces, N. Mex., committed suicide because he was whipped by his mother-in-law. Micaba had a quarrel with his wife and was whipped by her. He was in turn whipped by his mother-in-law. Unable to bear up under the indignity, he secured a six-shooter and blew out his brains. This is the first suicide ever reported among the Acoma Pueblos, and the tribesmen attribute it to the education received by Micaba at the government schools. Irishmen Pledge Redmond Support. Chicago, June 24.—Irishmen who met here last night passed resolutions: denouncing England's "unholy war" against the Boers and pledging support to John Redmond and his associates in the house of commons. It was decided to hold the national demonstration of the United Irish Societies at one of the parks August 15th. One hundred and forty-eight organizations were represented, and Colonel John F. Finnerty presided.
