"ALL WELL WITH KING" THE PUBLIC BELIEVES

Latest Bulletin Says He Has Made Substantial Improvement, and the People Feel an Optimism that is Not Shared by the Medical Fraternity---Many Grounds for Grave Anxiety Yet Remain.

London, June 27, 11 p. m. (Bulletin)—"His majesty's condition is in all respects satisfactory. The king has had a comfortable day and has made substantial improvement."

London, June 27.—The eleven o'clock bulletin regarding the king's condition posted tonight is looked upon with the most extreme confidence that all is well. Talk of the coronation taking place in autumn is renewed, and there is a wide assumption that nothing is to be expected henceforth but announcements of an uninterrupted return of strength.

Medical opinion does not share this optimism. The trained opinion is that the first step in the treatment of the king's malady has been successful in its first stage. The fact of the presence of pain in the wound is so far encouraging, because if gangrene had set in there would have been no pain, but it must be remembered that both tubes still remain in the body and many hours must pass before an attempt can be made to remove the sutures.

The king's present diet cannot be continued, although the intestines must be vastly repaired before stronger food can be administered. Lastly, it remains a fact that the surgeons have not yet touched the vermiform appendix itself.

A representative of the Daily Mail reports that all functions of the patient are working admirably. He says he understands that it has been settled that when the time arrives the king will be removed to Cowes to the royal yacht, there to regain his strength.

Lord Chadwick, in proposing a vote of sympathy in the town council, said he had been informed that the king's first words upon recovering consciousness, after the operation, were: "Will my people forgive me?" referring to the postponement of the coronation.

The king passed the evening comfortably. The queen was at his bedside for some time, also the prince of Wales. He reads a great deal and occasionally he is permitted to look at the newspapers.

his colleagues were in consultation for a quarter of an hour prior to issuing the bulletin posted at 10:15.

Electric fans are being utilized to keep the king's apartments at a suitable temperature, the heat in London at present being oppressive. Queen Alexandra continues cheerful and is in and out of the sick room at frequent intervals. The prince of Wales today again spent a short time in his father's bedroom.

What was to have gone down to history as procession day, when it was expected there would be the greatest crush ever witnessed in the streets of London, finds the city practically deserted. The bank holiday proclaimed for today paralyzed business. The masses either went to the country or stayed at home. The main thoroughfares could not have been more deserted on any Sunday in the year. Many Americans are preparing to start for the continent and others have already gone there or to the country. The reasonable cafes and restaurants were the scenes of numerous smart luncheons, while many week-end house parties were arranged at the surrounding country places.

The provincial "hoboes" in several minor towns who were deprived of their expected feasts and the opportunity to "maffick" indulged in angry demonstrations against the local authorities who had postponed public dinners and festivities. Smashing windows was the favorite form of protest.

Another party of 1100 orphans from the various institutions were entertained by the prince and princess of Wales today at a dinner given in the grounds of Marlborough house.

The 2 o'clock bulletin created the greatest satisfaction. A member of the government said:

"Really, everything is going on wonderfully well and we now think that the king will recover, though, of course, we are afraid of being premature or unduly optimistic. The king is proving himself a gallant chap."

Many of the medical experts now believe that all danger of any septic process has passed and that so far as can be seen the crisis may be regarded as at an end.

The operating table, bandages and other appliances connected with surgical operations were removed from the palace this afternoon.

At the adjournment of the house of commons at 5:50 p. m. today, A. J. Balfour, the government leader announced that the progress of King Edward was quite satisfactory.

The king reads and converses continually with the queen and the prince and princess of Wales. All that the doctors insist is that he shall not be worried with matters requiring careful weighing.

The government officials expect possibly within a week to fix the approximate date of the coronation, which will probably occur early in the autumn.

CORONATION FEAST'S BEING

POSTPONED PROVOKES RIOT

London, June 27.—The abandonment of the coronation feasting has led to a number of riots. At Watford, where a dinner to the poor was abandoned, a mob sacked a number of shops and attacked the police. Many persons were seriously hurt.

WHITELAW REID BIDS PRINCE OF WALES FAREWELL

London, June 27.—The American Special Ambassador Whitelaw Reid and Mrs. Reid, called by appointment, on the Prince and Princess of Wales this afternoon to take leave of their royal highnesses. Mr. Reid will now close up the special embassy and go to Portsmouth to visit Rear Admiral Crowninshield, commander-in-chief of the European station, on the United States flagship Illinois.

Rear Admiral John C. Watson, who was to have represented the United States navy at the coronation, went to Paris yesterday evening and General James H. Wilson, the representative of the United States army in the special embassy, is to follow.

Col. John Biddle, Gen. Wilson's aide-camp, returns to America. The presence of the Princess of Wales and the inclusion of Mrs. Reid in the audience today was simply a continuation of that specially friendly attitude which the British royal family and government have shown to the United States.

ANNEXATION OF CUBAN REPUBLIC

SUBJECT OF A LIVELY DEBATE
BETWEEN TELLER AND
PLATT.

Teller Scores Those Who Advocate Reduction of Cuban Sugar Tariff.

NO REASON, HE SAYS,
FOR REDUCING TARIFF

REGARDED ANNEXATION AS THE
GREATEST PERIL BESETTING
UNITED STATES—CUBANS DO
NOT WANT ANNEXATION, PLATT
REPLIES.

Washington, June 27.—During the consideration of the bill providing for an allotment of land to the Cherokee nation today Senator Teller took occasion to score those who advocated a reduction of the tariff on Cuban sugar on the ground that distress prevailed in the island. He declared emphatically that no distress prevailed there and defiantly challenged anybody to show that any existed. He emphatically declared there was no reason for a reduction in the tariff on Cuban sugar and said none of the money reverting to Cuba under such a reduction would reach the Cuban people.

Senator Platt (Conn.) deplored Teller's remarks and declared it was the plain duty of the United States so to treat Cuba, commercially, as to retain her friendship. He regarded the annexation of Cuba as the greatest peril that today beset the United States.

Teller responded what he called Platt's lecture and said the Cubans did not want annexation. He asserted it could not be brought about without war. This ended the discussion and the Cherokee bill was passed.

Conferees were appointed on the deficiency appropriation bill and the house Philippines civil government bill. A resolution was agreed to requesting the president to inform the senate if Russia was violating the treaty stipulations by excluding certain American citizens because of religious belief.

AMNESTY IN FAVOR OF CUBAN PRISONERS

Washington, June 27.—The president and Secretary Root today completed an amnesty proclamation to be issued to the Philippines July 4. It grants complete amnesty to persons who have been engaged in insurrection against the United States.

BRYAN WAS INVITED TO THAT RECEPTION

New York, June 27.—The officers of the Tilden club are indignant at Bryan's statement that he was not invited to the recent reception of the club. According to the officers, two invitations were sent Bryan, one by registered letter. They have a receipt for the letter.

One member said Bryan was invited to attend but was not asked to speak and might have construed such an invitation as no invitation.

VILLAGE GUARDED BY THE MOUNTED PATROL

Washington, June 27.—A mounted patrol, from the army post at Fort Meyer, last night guarded the village of Rosslyn, a little hamlet containing many saloons, located on the Virginia side of the Potomac river, opposite West Washington. Wednesday night there was trouble between Saloonkeeper Geary, who runs a dance pavilion adjoining his place at Rosslyn, and some soldiers from Fort Meyer, who were refused admittance. Harry C. Pancoast, a private in the artillery, remained behind after his companions had left and subsequently was found with three bullet wounds in his back. He is still alive but is dangerously hurt. Some of his fellow-soldiers, incensed at his shooting, proceeded to Geary's saloon and riddled it with bullets, its inmates fleeing and escaping injury save that one of them suffered a slight flesh wound. The army officers at the post are investigating the occurrence and have taken measures to prevent further trouble.

ANARCHISTS PLOT AGAINST PRESIDENT

Boston, June 27.—It is stated here, on high authority, that anarchists flocked to this city Tuesday, the day of Roosevelt's visit, in connection with a plot to do him bodily harm. It is said the first intimation of an anarchist's plot came from secret service men in Washington. Roosevelt was narrowly guarded by both secret service and local detectives.

DEMOCRATIC ISSUES IN CONGRESSIONAL CAMPAIGNS

Washington, June 27.—Democrats of the house met tonight to outline the issues for the coming congressional campaign. Free silver, trusts and tariff were principally discussed. Chairman Griggs, of the democratic congressional campaign committee, presented resolutions denouncing the republican party for not passing the Cuban reciprocity bill, asserting that the party is controlled by trusts, pledging the democrats to oppose the adjournment of congress until a bill is passed removing the duties on goods or products controlled by trusts.

RIOT AT COLLIERY

Wilkesbarre, Pa., June 27.—There was a disturbance in the vicinity of the Stanton colliery of the Leigh and Wilkesbarre Coal company in south Wilkesbarre today which resulted in the arrest of six men on the charge of assault and battery and causing a riot.

Fifteen men, armed with clubs and stones, set upon a fire boss and an assistant mine foreman as they were about to enter the colliery. As soon as the crowd of men began attacking the two workmen, the coal and iron police came to the rescue. Two of the fifteen were arrested and the others escaped, but an hour later four of them were arrested by the city police. The two men escaped without serious injury. There has been considerable trouble at the Stanton colliery since the strike began, a boy having been shot in the vicinity several weeks ago.

STRAINED RELATIONS BETWEEN THE AMERICANS AND MOROS

Manila, June 27.—American sentinels have killed two Moros who were acting in a suspicious manner near the American camp on the island of Mindanao. Relations between the Americans and Moros are becoming more strained.

ACTION ON PARK BILL IS TAKEN

AGRICULTURAL COMMITTEE
THROWS OUT THE BATE
AMENDMENT.

Major Moody Requested to Formulate a Report to This Effect.

WILL BECOME A LAW
BEFORE NEXT CHRISTMAS

THE MAJOR AGAIN DOES SOME EFFECTIVE WORK FOR THE MEASURE, WHICH IS NOW IN SHAPE FOR THE SHORT SESSION.

Special to the Gazette.
Washington, June 27.—Major Moody did some effective and very valuable work today in behalf of the Appalachian reserve bill. At his request a special meeting of the house agricultural committee was held and after remaining in session half an hour, agreed to throw out the objectionable Bate amendment.

The committee approved of the bill in all other respects, and Major Moody was requested by Chairman Wadsworth to formulate a report to this effect.

This puts the bill in good shape for passage at the short session in December, at which time it will beyond question be considered and will become a law before the Christmas holiday.

Considering its magnitude, no piece of legislation has in years progressed so rapidly.
Senator Pritchard went over to Baltimore today and will return tomorrow morning.

Washington, June 27.—The agricultural committee of the house decided to accept the senate substitute for the Appalachian forest reserve bill with some minor changes, but to defer action until next December.
