## ARBITRATION OF COAL STRIKE

### SENATORS QUAY AND PENROSE ASKED BY STRIKERS TO SEEK FEDERAL INTERVENTION

They Will Consult with President Roosevelt as to a Possible Method.

### EVIDENT PREPARATIONS TO REOPEN SOME MINES

STRIKERS HAVE STATIONED STRONG LINES OF PICKETS TO PREVENT MEN RETURNING TO WORK—BARBED WIRE BARRICADES.

Wilkesbarre, July 5.—The movement of employ coal cars along the railroad and the unusual activity about several of the collieries in the region indicate to the strikers that an effort is to be made in a few days to start work at some of the collieries. The operators assert that they have sufficient men under engagement both returned strikers and imported men, to man several of the collieries. While the men will not admit, the work may be resumed next week, there is a general belief that the effort will be made. In the Hazleton region, a number of miners are said to have applied to the Pardees for work in response to the notice of the company that it was ready to receive applications. The Pardees are expected to mass men at the Harwood colliery. In the Wyoming region, all indications point to a resumption of work at the Nantcoke No. 6 colliery of the Susquehanna Coal company. It is also stated that from the Wyoming division mines of the Delaware, Lackawanna & Western company one colliery will be settled at which work is to be started. The officials say enough miners of the division have asked for work to man a colliery. Indications are that some move is about to be made. The Delaware and Hudson and Lehigh valley companies are also busy with the preparations which make it appear as if, at a time each company will try to break the strike.

The officials of the union, cognizant of what is being done, are busy. Pickets are watching the mines, and all the moves are reported to headquarters and if any effort is made to gather men, the strikers will endeavor by large picket committees to see them before they go to work and dissuade them. In the Hazleton region they turned back this morning, an especially strong picket line being established about the Drifton colliery of the Cox & Company, where the building of a strong barbed wire stockade, backed at barricades yesterday tends to the belief that an effort is to be made there to resume work.

Wilkesbarre, July 5.—Late tonight it is rumored that through appeals of strikers senators Quay and Penrose have decided to aid in the settlement of the strike. It is reported that the senators will have a conference with President Roosevelt. It is possible some way for federal intervention may be found.

Jackson, yard conductor for the Southern in this city, met a horrible death this afternoon while riding on the foot board of a switching engine. A heavy rock struck him, hurling him backward. His feet were knocked from the board. He caught at the metal of the truck on the engine and struggled to regain his position but gradually was forced under the wheels and crushed to death. Last night Sam Morfee, a fireman on the Southern, sat on the railroad track for a momentary rest. He fell asleep and was decapitated by an engine of a passenger train.

### A PELTING RAINSTORM GREET'S THE PRESIDENT

### ON HIS RETURN TO HIS HOME AT OYSTER BAY—WILL REMAIN TILL AUGUST.

Oyster Bay, July 5.—President Roosevelt got home in a pelting rainstorm. The president shook the hands of soaking wet girls with a will, then jumped into an open trap, covering himself and his son Kermit and daughter Ethel with a mackintosh. The people cheered the president. He was soaking wet when he got home and Mrs. Roosevelt insisted on immediate dry clothes. Secretary Cortelyou got to the Roosevelt home later and was the only guest at dinner. The president will remain here until August. Offices will be taken down town nearer to the depot than Roosevelt's home. Two secret service men and two New York detectives accompanied the president. Young Teddy came down to greet his father on horse back but the rain caused him to retreat.

## SIMMONS TAKEN TO TASK BACKS DOWN QUICKLY

### In Reply to Judge Purnell's Demand for an Explanation He Modifies one of His Slanderous Statements.

Special to the Gazette.

Raleigh, N. C., July 5.—Senator Simmons has been taken to task by Judge Purnell for his words reflecting on the federal judiciary and has modified his language. In a note dated July 4 Judge Purnell says:

"In the morning papers, wired from Washington there appears what purports to be a statement authorized by you in which I find the following language: 'The success of this scheme requires also the prostitution of judiciary for purely partisan purposes, but republican officialdom in North Carolina is a close corporation and this part of the program presents no practical difficulty.' The preceding part of the statement makes this language applicable to the federal judiciary. I desire to know if you are properly reported in this language and respectfully request an answer in writing. As you are a practicing attorney in the courts of this district, being an officer of the court I have a right to demand this."

Senator Simmons replying today, says: "I have the honor to acknowledge receipt of your recent letter and to say

that after reading my interview to which you refer, it seems to me that the language used in that interview was liable to interpretation which I did not intend should be given it, and it was a pleasure to me to give out an interview which appeared in yesterday's News and Observer which you have doubtless read, and which makes it clear that I intended to say that in the opinion of the republican managers a decision in their favor was confidently expected and not that the courts were parties to the conspiracy."

## APPEAL FROM CHINA FOR AID

### TO CHECK THE AGGRESSIONS OF THE FOREIGN MILITARY OFFICERS AT TIEN TSIN.

### Our Government Asked to Intercede with European Governments in China's Behalf.

### FOREIGN MINISTERS ALSO AT ODDS WITH MILITARY

### THE CHINESE REQUEST IS THAT THE PEKING AGREEMENT BE CARRIED OUT—ORIENTAL GUARDS LIMITED TO 300 AND BOXERS ARE NUMEROUS.

Washington, July 5.—The Chinese government has appealed to the government of the United States to use its good offices to cause the allied powers who retain their soldiers in Tien Tsin to evacuate that place in conformity with the spirit of the agreement of Peking, which settled the boxer troubles. The appeal was made today by Minister Wu directly to Secretary Hay, in the shape of a cablegram from Viceroy Yuan Shih Kai, of Chi Li, which the ministers supplemented with a long verbal explanation.

The cablegram is as follows: "Translations of a cablegram received July 4, 1902, 5th moon, 28th day from Viceroy Yuan Shih Kai, of Chi Li, dated July 3, 1902, (5th moon, 28th day.)

"Four cablegrams of July 2, is received with much gratification. In the final protocol signed by the different powers, there is no stipulation that a supplementary convention will be made in regard to the restoration of Tien Tsin. But the foreign military officers at Tien Tsin have arbitrarily given rise to fresh complications and drawn up many articles limiting to 300 the number of Chinese guards to be stationed at Tien Tsin within the limit of 30 kilometers. Since the brigands in the vicinity of Tien Tsin, on account of the looting of the arsenal in 1900, are generally well armed, it would be impossible for such a small force to suppress and punish brigandage; much less can it police the city and vicinity and preserve order generally. The military officers appear to be willing to restore the city, but in reality they wish to delay; there is reason to fear that their action is not by any means for the public good. The foreign ministers at Peking do not approve their action and they have repeatedly remonstrated with them; but the military officials have not been willing to come to an agreement. The ministers and the military officers each hold their own opinion, which greatly impedes the progress of our affairs. I request you to ask the government of the United States to consult with the governments, so that

instructions may be sent to the different military officers direct, ordering them to accede to the suggestions of the foreign ministers to the end that the restoration may not be further delayed."

The author of this message, Yuan Shih Kai, has taken the place of the late Li Hung Chang to a large extent, in dominating Chinese foreign policies, and the United States government is the more disposed to head his appeal because of his excellent conduct during the boxer uprising. He was the principal means of communication between the outside governments and the legation during their time of peril and but for his strength of character, the entire province of Shan Tung would have been drawn over to the boxer cause.

Secretary Hay will address himself to the various governments, probably through Mr. Conger at Peking, and the foreign ministers the local. The situation at Tien Tsin is peculiar, and in the view of the state department, the attitude of the foreign military officers there is perfectly unreasonable. The state department has satisfied itself that the foreign ministers at Peking whose governments are represented by these military leaders, are thoroughly executed in a fair spirit, and to that end to have Tien Tsin evacuated at the earliest possible moment by the foreign officers. So it will carry the Chinese appeal to the governments.

## A RECORD DAY AT BRIGHTON

### "GOLD HEELS" WINS \$10,000 HANDICAP, COVERING MILE AND A QUARTER IN 2:03 4-5.

### Twenty-five Thousand Enthusiasts Cheer the Swift Horse and its Rider.

### TWO OTHERS GAVE HIM A CLOSE CONTEST

### HIS ACHIEVEMENT LOWERED THE RECORD ONE-FIFTH OF A SECOND—HORSE RIDDEN AT TOP SPEED TO SAVE THE DAY.

New York, July 5.—In 2:03 4-5, the fastest time ever made for a mile and a quarter on a circular track, Diamond Jim Brady's "Gold Heels," the four-year-old son of "The Bard" and "Heel and Toe," and the best race horse seen in years won the \$10,000 Brighton handicap this afternoon. Twenty-five thousand enthusiasts gave the winning horse and jockey Odon a rousing ovation as they passed the judges a half length before Frank Farrell's "Blues," C. T. Booth's "Argregor" was a good third. The best previous time for the distance on a circular track was 2:4, made by "Charentus," 6-year-old in 1900, who carried 106 with 125 lb. "Gold Heels" performance was indeed wonderful. Odon had to ride the horse at top speed to save the day. "Argregor" shot up from away behind to third place near the finish, making many think the western horse would win. "Gold Heels" went to the post with 13 to 10 against him, well backed by his owner and the public.
