3. The Christian life is nourished by Hon. Jack Campbell. the living Christ. Text; "Christ liveth Mrs. M. B. Allen of Peachland and in me." John 15:5: "Abide in Me and I Mrs. M. C. Arrowood of Burlington are in you."

been crucified with Christ. "(R. V.) Frank D. Hunt left for Asheville. Sol. 2:20. There are four things implied in this

crucifixion: a. Self. Gal. 2:20.

b. Old Man. Rom. 6:6. z c. Flesh. Gal. 5:24.

World. Gal. 6;14. 5. In order for this crucifixion to become a reality in your life you must appropriate it. Rom. 6:11. Then you will enter into the fullness completeness and blessedness of the Christian life.

This morning at 10:30 o'clock, Rev. F. M. Lamb, of Salem, Mass., will speak. Mr. Lamb has delighted the people with his sweet solos and gospel messages. He is a man who has a rich experience of the grace of God and his very life is a message of love and power. No man has ever won the hearts of our people so completely as Mr. Lamb. We regret that it is imposible to get his address in full for Gazette

Rev. Arthur J. Smith, who has been so closely associated with Rev. J. Wilbur Chapman, D. D., of New York, is expected to arrive this afternoon from Winona Lake, Ind., where he is aiding Dr. Chapman in the summer work there. He will remain several days, speaking once each day.

Rev. Frank D. Gamewell of New York, a returned missionary from Pekin, China, who was really the hero and led in the defense of the Foreign quarters during the recent Boxer outbreak in China, will arrive tomorrow, and speak Sunday and Monday. Dr. Gamewell is one of the field secretaries of the missionary society of the M. E. Church. Asheville people ought to avail themselves of the opportunity of hearing Dr. Gamewell. He will give a living picture of his experiences in Chima. This is one of the greatest opportunities of a life time.

Tourists pleasure seekers and visitors are delighted with Montreat. Everyone speaks of it as "lovely Montreat." While there is no dancing, card playing, wine drinking, people seem to find pleasure in the more abiding things of

KING HAS NEVER LEFT HIS COUCH

SINCE HIS ILLNESS BEGAN-CONTINUES IN A REGLIN-ING POSITION.

London, July 24.-The British Medical Journal says:

"We are glad to be able to say that the king is doing well in all respects. The wound is granulating well, but the king still keeps a strictly recumbent position and has not yet left his couch. He is moved from the bed to the couch daily and is wheeled when the weather permits. There is no truth in the statement that he has walked, nor is there any foundation for the assertion that he is worse. His majesty's health is

Some men are kept so busy talking common sense to their wives that they don't have time to have any themselves. A dark horse-a nightmare.

OUR NATIONAL DISEASE

Caused by Coffee.

Physicians know that drugs will not Dr. W. J. Allison of Heber, Ark., says: "I have been a coffee drinker for 50 years and have often thought that I could not live without it, but after many years of suffering with our national malady, dyspepsia, I attributed it to the drinking of coffee, and after some thought, determined to use Postum Food Coffee for my morning drink. I saw that Postum was made carefully with directions, and found it just suited my taste. At first, I used it only for breakfast, but I found myself getting so much better, that I used it at all meals, and I am pleased to say that it has entirely cured me of indigestion. I gained 19 pounds in 4 months and my general health is greatly improved.

I must tell you of a young lady in Illinois. She had been in ill health for many years, the vital forces low, with but little pain. I wrote her of the good that Postum did me and advised her to try it. At the end of the year. she wrote me that Postum had entirely the citizens' ticket cannot fail to add cured her, and that she had gained 40 pounds in weight and felt like herself

HE DUCKED NATIVES IN POND.

Lieutenant Hickman, of Second Cavalry, Courtmartialed at Manila.

Manila, July 25.-The courtmartial of Lieutenant Edwin A. Hickman, o the Second cavalry, on charges of having ducked in a pond two natives of Tayabas because they refused to guide him to the stronghold of the insurgent leader Caballes and with ducking a third native, who died from the maltreatment, has been concluded at Hickman is believed to have been ac-

The defense admitted all the specifications in the first charge, taking exception only to the word "unlawful," and pleaded justification under general order No. 100, and the conditions prevailing in Tayabas province. The defense also produced a telegraphic order from General Chaffee urging the the location of Caballes, regardless of the measures necessary to do so. The defense disclaimed any desire to shift the responsibility and said the telegram produced showed the urgent necessity for locating Caballes.

Lieutenant Hickman testified re garding the charge that he had caused the death of a third native, and said that witnesses at the Gardener in quiry testified that this man died from injuries, that he was not ducked and that he was not molested. The prosecution disregarded the latter charge as being unworthy of credence.

Colonel Smith, who was a witness for the defense, testified that Major Gardener was responsible for the charges against Lieutenant Hickman, and said that Major Gardener had sought for testimony to be brought against the lieutenant.

MOTHER ALWAYS KEEPS IT HANDY. My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once, and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy.' Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic. At Dr. T. C. Smith's Drug Store.

Activa Salesma. It is scicatifically reported that the lava streams from Vesuvius in 1858 were so-hot twelve years later that steam was issuing from the cracks and crevices, while the lava beds from the eruption of Etna in 1787 were found to be steaming hot just below the top crust as late as 1840. But still more remarkable are the scientific re ports of the volcano Jorullo, in Mexico. This sent forth immense streams of lava in 1759. In 1780 the lava beds were examined by a party of scientists, and it was found that a stick thrust into the crevices instantly ig fort experienced in walking on the seven years after the eruption two columns of steaming vapor were found to be issuing from the crevices. Sometimes the upper crust of such a stream of lava cools so that plants and lichens find precarious growth on the surface. while a few feet beneath the lava is almost redhot.

FOR COUNTY TREASURER

Editor of the Gazette:

I wish to add my approbation of the apparently unanimous endorsement of William A. Baird for county treasurer on the citizens' ticket. Without any solicitation on his part more than one hundred democrats have voluntarily insisted on his making the race. Mr. Baird has always been a democrat but is opposed to the present state of affairs in Buncombe county, and his name on strength to our movement.

Respectfully A CITIZEN.

BISHOP POTTER'S FIANCEE.

Characteristics of Mrs. Alfred Corning Clark of Cooperatown, N. Y. The generous philanthropy of Mrs.

Alfred Corning Clark's late husband in giving the village of Cooperstown, N. Y., many public improvements and her continuance along the same lavish the city. lines has endeared her to every resident, says the New York World, A beautiful park marking the location of the home of James Fenimore Cooper in the center of the village was the gift two years ago of Mrs. Clark. whose engagement to Bishop Potter of New York has just been announced. On the spot where the writer's house stood is a monument to his memory, also the gift of Mrs. Clark. The monument consists of a bronze Indian and dog standing on a huge bowlder. This is a representation from Cooper's Leather Stocking tales.

In 1890 Mrs. Clark erected a gymnasium for the young men of the vilstone building directly opposite the gymnasium, and this she presented to the Y. M. C. A. In it is a library, and every book that goes on the shelves is gone to Brevard. inspected by Mrs. Clark and pronounced a fit book to be read by the

Mrs. Clark leads a very quiet life at Cooperstown, spending considerable of the time driving about her extensive relatives in the city. estate. She occasionally appears in the village for a morning drive. She has comparatively few callers at Fernleigh.

It has been Mrs. Clark's custom for vacation. years to attend service in a little chapel upon her own premises, where none but members of the family assemble. Services are conducted regularly by the Rev. Dr. Lord, an Episcopal clergyman over eighty years of age. Mrs. Clark never attends the services at the village church. She is an extensive reader, fiction of high class claiming her favor. Very seldom is Mrs. Clark seen at a public entertainment. She never fails, however, to be present at the dedicatory services of the buildings or other remembrances which she presents the village. On such occasions she walks from her home, mingles with the Cincinnati. crowd during the ceremony and then walks back again.

ter two brief sittings, and Lieutenant | Cooperstown, and in order to provide employment for the idle workmen Mrs. Clark erected an observation tower on the shore of Otsego lake, two miles from her home. The tower is 200 feet high, and from it a view of the entire is visiting her friend Mrs. Cochran at lake may be had.

TRANSVAAL GOLD.

Predicted Field Will Be Exhausted In Twenty-five Years.

It is impossible to predict with any accuracy the duration of mining in the Witwatersrand district by reason especially of the indeterminate factor of the rate at which exploitation will be city. carried on, says John Hays Hammond in the Engineering Magazine. It may be observed, however, that the tendency is to exploit the auriferous areas as rapidly as possible and that engineering methods are all adopted with that end in view.

If the exploitation of the deeper levels is not delayed pending the proving of the ground lying above, but is carried on concurrently with the exploitation of the higher horizons of the reefs, the industrial life of the district will, of course, be correspondingly shortened. The working of lower grade ores, made possible by improved economic conditions or other circumstances, would tend to increased longevity of the industry. But were I called upon to express an opinion I would estimate the future duration of profitable operations on a large scale in the district at less rather than more than twenty-five years.
