PITCHED BATTLE EXPECTED TODAY

State Library.
BETWEEN STRIKERS AND EMPLOYEES OF THE MEYERS COMPANY.

Foreman Fatally Shot while Trying to Protect His Son From Mob.

\$10 PER TON FOR
HARD COAL THIS WINTER

SEVERAL PROMINENT OPERATORS ADMIT THAT THE STRIKE WILL BE PROLONGED UNTIL OCTOBER.

Potsville, Pa., July 28.—Daniel Lauderman, foreman of the Kohinor colliery was fatally shot today when endeavoring to protect his son from a mob of strikers. Both men were wounded with buckshot and tonight the elder Lauderman is dying.

Two non-union men at the West Shenandoah colliery, disguised as women going out to pick huckleberries, were detected by strikers and severely beaten. A mob of strikers bombarded the buildings of the Cambria Coal company and the employees were forced to flee.

An attack on the Meyers operations is planned for tomorrow and breast-works are tonight being erected around the place. A pitched battle is expected tomorrow as the company has an armed force.

Wilkesbarre, Pa., July 28.—Several prominent operators admit that the strike will be prolonged until October and the resumption of work in the mines need not be looked for until then. The operators admit that if an attempt were made to start by the middle of August it would prove a dismal failure. This means that hard coal this winter will be \$10 a ton or higher in New York.

ROCK MINERS WOULD RETURN TO WORK

Wilkesbarre, Pa., July 28.—It is understood the rock miners will present a petition to the executive board of the Mine Workers' union requesting permission to return to work. It is said the employment of this class of anthracite miners would not affect the situation.

The announcement of the officials of Oxford colliery of their intention to resume operations August 2, is being discussed here, but as yet there is no evidence on the part of the Wyoming operators to take similar action. The opinion prevails throughout the region that there will be no attempt to break the strike before September 1.

Earthquake Shakes Southern California

A Great Seismic Disturbance that Overthrew Houses in Several Towns.

STRANGE PHENOMENON OF A RIVER'S OVERFLOW

Santa Barbara, Cal., July 28.—The worst earthquake southern California has known in years caused much damage last night in the northern part of this county, from Lompoc to Santa Maria. The first shock was felt a few minutes past 11 o'clock, the vibrations continuing for several minutes.

Shortly afterward there were 14 distinct shocks. In the Careaga oil fields large fissures were cut in the earth. Two tanks containing 3000 barrels of oil each were dashed into splinters, all flooding the section. Nearly all of the surface pipe lines used for conveying oil and water for several miles were twisted or broken in such a manner that the renewal will be necessary.

At Los Alamos residences were razed, while in the business places windows were broken and goods on the shelves thrown on the floor.

Lompoc, several miles to the southwest, shared badly. The city is without water, as the mains are broken. The Santa Ynez river, which in summer is usually a small stream, but in winter is a torrent, was dry yesterday. Today water is rushing over the river bed as in a freshet. There is no explanation of this remarkable phenomenon.

THE SAD SUICIDE OF DR. EUGENE GRISSOM

MELANCHOLY HISTORY OF A MAN WHO WAS ONCE PROMINENT IN THIS STATE.

Special to the Gazette.

Raleigh, N. C., July 28.—Dr. Eugene Grissom, who committed suicide in Washington on Sunday, was well known throughout North Carolina, having been for many years Superintendent of the insane asylum. Under his management the institution became one of the best known in the country and Dr. Grissom was recognized as a leadership in that branch of science. Though a republican he held the position through successive democratic administrations but finally went out under a cloud, being charged with immoral conduct. The proof was not satisfying but support was withdrawn and he was virtually forced to resign to save reputation of the institution. Many believed then and since that there was no real ground for charges.

Dr. Grissom was a native of Greenville county. During the war he represented the county in the legislature. He had not lived in Raleigh since his retirement from the state hospital but lived several years in Denver and later with his son in Washington. For some years, broken in mind and body, having become addicted to the morphine habit, he spoke of returning to Oxford to practice medicine, but it was only a day dream of a diseased mind. His death is deplored by a large circle of friends. He had no enemies, or if he had, they were few, and their enmity not remembered.

MIAMI'S JUBILEE

Miami, Fla., July 28.—From an impenetrable wilderness to an important commercial center in five years is the record of Miami and the citizens of the place are this week holding a jubilee and carnival in celebration of the splendor of the government appropriation which is expected to make the harbor of Miami one of the best and most important in the south. For the four days' carnival a program full of interesting and attractive features has been arranged and its success is already assured by the presence of scores of visitors who have arrived from points in Florida, Alabama and Georgia to take part in the festivities.

When some men get into the public eye they afford the public about as much pleasure as a cinder would in a similar position.

FATAL ELECTRICAL STORM VISITS MANHATTAN ISLAND

New York, July 28.—A black thunder storm which gathered in New Jersey swept over Manhattan this afternoon. Several persons here were struck by lightning, two being instantly killed. One victim, a boy, was swimming in the Hudson river near Grant's tomb when hit by a bolt. Lightning struck a tree in Hoboken and hundreds of sparrows were killed. Bodies of the birds were gathered up by the bushel.

New York, July 28.—During the 25 minutes storm raged here 88 inches of rain fell, amounting to almost a cloud burst.

Cloudburst Saturday Night.

Hornellsville, N. Y., July 28.—Reports from the surrounding country show that the cloudburst of Saturday night affected nearly eight square miles of territory. A broad estimate of the damage is about \$250,000. The crop loss is enormous. Much stock has been drowned and buildings have been washed off their foundations.

The Erie railroad got one track open late yesterday. It will be some days before the damages to the roadbed are repaired.

WORK BEGUN ON METHODIST ORPHANAGE

WILL COST \$25,000, MOST OF WHICH IS NOW IN SIGHT.

Special to the Gazette.

Raleigh, July 28.—Work was begun today on the main building of the Methodist orphanage. The trustees and a few others visited the grounds located the site and threw the first dirt. The building will be erected from plans by Architect Pearson and will cost \$25,000. This amount is nearly all in hand and the balance well assured. The orphanage has been open for some time with one building, and is caring for a number of children. The enterprise is under the care of the North Carolina conference and is supported entirely from its membership. The Western conference has been invited to participate in its management and share in its benefits. The conference has the matter under advisement with the expectation that action will be taken next fall.

Governor Aycock has returned from a week's vacation at Seven Springs, Wayne county. He found numerous invitations on his desk to deliver educational addresses, but cannot make any engagements for the present.

COLIN'S TROOPS REPULSE ARMY UNDER JUMEAU

Port au Prince, Hayti, July 28.—The army, under Gen. Jean Jumeau, who supports the candidacy of M. Firmin for the presidency of Hayti has been repulsed by troops under the command of Gen. Saint-Pol Colin. The gunboat Crete-a-Pierrot prevented a pursuit of the Jumeau forces and Gen. Colin's troops returned to Port au Prince.

Cape Haytien, July 28.—Gen. Albert Zalmave entered Limba yesterday evening and this morning he was within nine miles of the city after having defeated the troops under Gen. Norda, the minister of war of the provisional government. The capitulation of Grand Rievre is expected and Cape Haytien probably will be attacked this evening or tomorrow morning. Foreigners are without protection and are in danger. The gunboat Machias, which was ordered to proceed from Colon to this port, has not arrived. Much regret is expressed that no foreign power is represented here by a warship at such a critical moment.

ELEVATED TRAINS CRASH TOGETHER IN NEW YORK

New York, July 28.—A head on collision occurred today between two trains of the Brooklyn Elevated railroad on Adams street, which resulted in the derailment of six cars, the wrecking of two and the injury of a number of persons, at least two of them fatally. The collision took place at a point where the tracks diverge and it is thought to have been caused by a misplaced switch. A train bound to New York from Bath Beach was turning the curve at the junction when it was met by a train from the Bridge station and the crash occurred.

Godfrey Moore and Henry Moore, of New York, were pinned beneath the wreckage and probably fatally hurt. Thirteen others were bruised more or less seriously.

Charles Shattuck, motorman of the Bath Beach train was arrested. John Sullivan, the motorman of the other train, has disappeared.

LYNCHED FOR MURDER OF CHIEF OF POLICE

Clarksville, W. Va., July 28.—The negro murderer of Chief of Police Wilmoth of Womelsdorf was lynched today. A posse surrounded the fugitive in the woods near Beverly. The negro had a broken arm but with the other hand fired until dropped with bullets. He was then strung up. There is a general exodus of the blacks, fearing violence.

NEGRO LYNCHED ON THE USUAL CHARGE

Pembroke, Ga., July 28.—John Wise, a negro who it is charged on last Wednesday committed an assault upon Mrs. John Smith, a young white woman living near this place, was lynched here last night.

Wise was captured near Pollar, Ga., after a desperate fight with a posse. He was returned to this place and positively identified as the assailant of Mrs. Smith. He was then hanged to a telegraph pole and his body riddled with bullets by the mob which afterward quietly dispersed.

FORMING BIG PACKING TRUST

CONSOLIDATION OF ARMOUR, SWIFT AND MORRIS PACKING FIRMS.

Thousands of Managers, Cashiers, Collectors, etc., will Lose Their Employment.

EXPENSE OF MARKETING WILL BE REDUCED

WHEREVER THERE IS COMPETITION THE BIG TRUST WILL FREEZE IT OUT BY CUTTING PRICES.

Chicago, July 28.—Plans for the consolidation of the Armour, Swift and Morris packing firms are nearing completion. The concern will in reality be a trust and will reduce the present large expense of marketing products. In cities where the three firms have as many establishments the number will be reduced to one.

The new combine will throw thousands out of employment, including managers of branch houses, cashiers, collectors and drivers. Where there is competition prices will be cut until the field is controlled by the trust.
