DEPUTIES FIRE ON ANGRY MOB

SERIOUS RIOT FOLLOWS AN AT-
TEMPT TO OPERATE WASH-
ERY AT A MINE.

Duryea Police Arrest Fourteen
of the Deputies Who had Used
Their Rifles.

OPERATORS CONSIDERING
RE-OPENING OF MINES

UNION CARPENTERS IN CHICAGO
TO CONTRIBUTE FINANCIAL AID
TO THE STRIKERS IN THE AN-
THRACITE FIELDS.

Duryea, Pa., Aug. 14.—An attempt
to operate the Wayke washery today
caused serious rioting. Children fired
stones at the iron and coal police on
guard, whereupon the latter fired blank
cartridges. The mob replied with a
volley of stones. The guards substituted
ball cartridges, one of the bullets
striking Andrew Uvatch in the leg.

The pent up wrath of the strikers
was then let loose. They charged the
colliery and deputies, who covered
themselves with their rifles. Chief of
Police Cosgrave arrested fourteen de-
puties. Harry Collins, one of them,
while seeking to escape, had his skull
fractured. A traveler, who was mis-
taken for a guard, had his head split
open. The washery had to shut down,
and five men who had remained inside
were also arrested.

Wilkesbarre, Pa., Aug. 14.—President
Mitchell said today that he did not
know what significance attached to the
gathering of so many operators and
mine superintendents at Pottsville yester-
day. The impression in coal trade
circles here is that the meeting was
held to hear the views of Vice Presi-
dent Loomis of the Delaware, Lackawanna
& Western company.

Mr. Loomis has just completed a
tour of the strike region, and, it is
said, made a report of his observations
to the presidents of the coal carrying
roads in New York. Just what was the
nature of the report is not known, but
it is reported that Mr. Loomis recom-
mends the starting of some of the col-
lieries in different parts of the re-
gion. The presidents of the coal com-
panies, so it is alleged, thought it
would be better to get the views of the
resident superintendents of the
mines before this was attempted. For
that purpose, it is reported, a meeting
of the superintendents of the largest
coal companies was called at Pottsville.
It was the largest attended meet-
ing of operators and superintendents
ever held in the anthracite region.

The washery of Duryea resumed op-
erations today. A crowd of 500 or 600
strikers and their sympathizers sur-
rounded the works and the situation
is threatening. The sheriff has a small
number of deputies on the ground.

Chicago, Aug. 14.—A movement to
organize a committee of 100 or more
citizens to raise funds for the strik-
ing miners in the anthracite coal re-
gions of Pennsylvania has been started
by the union carpenters of Chicago.
The plan is to interest the public and
solicit from all who are willing to help
the strikers.

A mass meeting is to be called on the
lake front on Labor day and an effort
will be made to get speakers of national
reputation to give addresses.

**SEABOARD WILL
BE COAL ROAD**

PLANS ARE MATURING TO MAKE
IT A FACTOR IN TRADE OF
ALA. AND VA.

This Accounts for the Great
Rise in the Market Value of
the Road's Stock.

PURCHASE OF E. & W. ROAD
MOVE IN THIS DIRECTION

GENERAL MANAGER BARR HAS
HAD EXPERIENCE WITH N. &
W. ALONG THIS LINE, AND AP-
PRECIATES ITS VALUE.

Norfolk, Aug. 14.—Plans are maturing
to make the Seaboard Air Line a coal
carrying road. That accounts for the
great rise in the market value of the
stock. The experience of First Vice
President and General Manager Barr
with the Norfolk & Western railway as
a coal carrying road impressed him
with the value of that traffic and made
him desirable as manager of affairs for
another road which intends to go into
the business. Last winter the S. A. L.
made strenuous efforts to obtain char-
ters from the Virginia legislature to
form roads tapping the coal fields. Now
its purchase of the East & West rail-
way shows that it will be a factor in
the coal carrying trade of Alabama and
Virginia. Coal will be delivered to ship
at Savannah and Tampa.

N. & W.'S NEW LINES
Roanoke, Va., Aug. 14.—The Norfolk
& Western Railway company has given
contracts for construction of new lines,
double tracking and other work, which
will necessitate the expenditure of sev-
eral millions of dollars.

Among the most important work in
the new line on Big Sandy river, West
Virginia, which is being pushed since
the coal miners strike has subsided.
This road will be about eighty miles
long and shortens the distance between
Wayne and Kenova about twenty-two
miles.

The contract to complete the Crimble-
Creek extension from Ivanhoe, Va., to
Speedwell, Va., a distance of twelve
miles has been let and work will com-
mence at once. This line will open up
large mineral deposits that are owned
by the Virginia, Iron Coal & Coke
company in that section.

Contracts are set out for 24,000 tons of
steel rails to be used during the next
year. Fourteen thousand tons are to
be rolled by the Pennsylvania Steel
company and 10,000 tons by the United
States Steel company. The greater
part of these rails will be used in dou-
ble tracking between Kenova, W. Va.,
and Columbus, Ohio.

**BRYAN SIGNS IT
IN THE COMMONER**

Lincoln, Neb., Aug. 14.—Tomorrow's
Commoner will contain a statement
over Bryan's signature saying: "I shall
not be a candidate for the presidency
in the next campaign. I have no choice
beyond the desire to see some one nomi-
nated who was loyal not only to the
ticket but to the platform of 1896 and
1900, and who if elected could be trusted
to stand by the people in their struggle
against wealth."

RACING BEGINS AT KINLOCH

St. Louis, Mo., Aug. 14.—The Kinloch
race track never looked better than it
did today at the inauguration of the fif-
teen days' meeting. Under the new
management extensive improvements
have been made, and the patrons found
the stables, grand stand and betting
shed in thorough repair and bright with
fresh paint. The stables are filled with
fast horses from many parts of the
country, including several well known
strings, and, with favorable weather,
the meeting promises to be highly suc-
cessful.

KOKOMO MAN THE NOMINEE
Lebanon, Ind., Aug. 14.—The demo-
cratic congressional convention of the
ninth district in session here today named
Judge J. L. Kirkpatrick of Kokomo to
make the race against Congressman
Landis of Delphi.

Killed in Saloon Fight
Louisville, Aug. 14.—W. H. Yeager,
who was killed at Catina Island, Cal.,
yesterday in a saloon fight by A. H.
Boyd, was a native of Princeton, Ind.
His father, the Hon. Henry A. Yeager,
is a prominent citizen of that place.
For the last few years W. H. Yeager
had lived in Louisville, and went to Cal-
ifornia six months ago.

**CRITICAL STATE OF
AFFAIRS AT BARCELONA**

Washington, Aug. 14.—Under date of
the 13th inst., Minister Bowen at Car-
acas reports to the state department that
the situation here is very critical. He
has heard nothing from the Cincinnati
or Marietta. The sacking of Barcelona
continues and much valuable property
is being destroyed.

The navy department has received a
cablegram from Commander McLean
reporting the arrival of the Cincinnati
at Barcelona.

The Marietta is at Port of Spain,
Trinidad, and subject to orders of
Commander McLean.

Commander McLean's despatch in part
is as follows: "Barcelona occupied by
revolutionists. They have imprisoned
all civil officials and military officers
are in possession of the entire district.
Some pillaging has been done, but ev-
erything is quiet. Twenty-five business
houses, mostly foreign, have been
sacked; also fifteen private dwellings."

The fact that the navy department
received the above dispatch direct from
Commander McLean at Barcelona
shows that Minister Bowen's despatch
of yesterday from Caracas saying that

Cherokee county, today Congressman

with an umbrella. It was at Gaffney
that Tillman and McLaurin had their
row.

TO INVESTIGATE LENS MAKING

New York, Aug. 14.—I. F. Fischer,
president of the board of United States
general appraisers, was among the pas-
sengers sailing for Europe today on the
Augusta Victoria. Mr. Fischer has
been authorized by the treasury de-
partment to investigate the cost of pro-
duction and other details of the manu-
facture of lenses. He will visit Paris,
Berlin and London and also spend
considerable time in Bohemia, where he
will look into the cost of certain kinds
of rare chinaware.
