We claim to have the Lightest Water on the Market, and if you do not believe this just take a bottle of **WHITE LITHIA CARBONATED** and at the same time open a bottle of any other water on the Market and you will be surprised how much longer White Stone Lithia will retain its gases than the other. To prove the softness of the **White Stone Lithia Carbonated Water**, it does not burn the tongue or stomach like other carbonated waters. The White Stone Lithia Ale will retain some of its gases 48 hours while most of the ale on the market will not retain their gases 48 seconds. The analysis and testimonials of some of the most noted people of the country.

**If You Come to the Spring and Drink the Water Freely and are Not Benefited We Will Not Make Any Charge for Board.**

### DIVIDED HIS TIME BETWEEN GUN AND PEN

Escaped Convict Sends Message For Publication.

### VOWS DEATH OF SHERIFF.

In Mountain Fastness Montana Criminal Writes Letter—Winchester In Hand Ready For Action—Pursued by Posse and Bloodhounds.

Butte, Mont., Aug. 28.—With officers of the state penitentiary upon his trail, assisted by bloodhounds, convict Tom O'Brien, who last Friday made a daring escape from the state prison, has sent a communication to The Miner, pleading for a public statement of his alleged crime and vowing the death of under Sheriff Dave Morgan, who alleged perjured testimony, the convict declares, sent him to prison and wrecked his home.

The document received by The Miner bears the postmark of Anaconda. The writer dates his communication from a mountain in the surrounding hills of Anaconda and says that he wrote his story behind a rock, dividing his time between his Winchester and his pen. The communication is a literary freak and there is no question as to its authenticity, as the handwriting has been fully identified by the warden of the penitentiary and others acquainted with the criminal. O'Brien's declared object in escaping from the prison is to kill Deputy Sheriff Morgan. O'Brien was sent up for robbery in 1901.

### BLOW ON HEAD CAUSED DEATH.

Street Fight at Louisville, Ga., Terminates Fatally.

Louisville, Ga., Aug. 28.—As a result of a street encounter here between J. J. Keith and Deputy Sheriff J. A. Newsom, Keith is dead and Newsom is in the hands of the sheriff.

The parties were door neighbors and the difficulty seems to have risen over a chicken of Newsom's which was habitually coming into Keith's garden. The fight took place in front of the courthouse and no one heard the words passed between the two men. The first seen of it was the two together on the ground. They were separated and Keith went home with a severe wound on one side of his head. No one thought of it terminating as seriously as it has.

Keith was about 60 years of age and was a prominent merchant of this place. Newsom is a young man about 30 years of age and has lived in Louisville for a number of years.

Toccoa, Ga., Aug. 28.—Sheriff Boon Moss, of Oconee county, South Carolina, has in custody several parties who he positively asserts wrecked the Southern fast mail 35 at Harbins Sliding, between Toccoa and Westminster, Monday morning.

Ever since the train was ditched Sheriff Moss, aided by several Southern railway detectives, has been using his utmost endeavor to apprehend the wreckers. He has made several arrests and asserts most positively that he has the right men.

Among the parties arrested are two young men by the name of Howard, who, it is said, were seen on Sunday night in the neighborhood of the location of the wreck. The officers quietly followed on their trail until they were captured.

It is said that one of the parties arrested has made a confession implicating four other men, but this could not be confirmed.

Those under arrest are Henry Love, John Howard and Thomas Howard.

It is expected that other arrests will be made.

### BEAUMONT MURDER MYSTERIES.

Texas Town is Again Excited Over Supposed Crimes.

Beaumont, Tex., Aug. 28.—It seems that Beaumont is to pass through another series of murder mysteries similar to that which caused so much excitement several months ago when five or six bodies were taken from the river in a short space of time.

Sunday the body of a white man was found floating in the Neches river, about half a mile below the drawbridge of the Kansas City Southern railroad, and about noon yesterday the second body was found in the same vicinity. The floater found yesterday was buried without identification, but from appearances it was the body of a Mexican laborer between 30 and 40 years of age. The body had evidently been in the water about two days, and when found was among some bushes and logs in such a way as to make it necessary to tow it up the river a short distance before it was removed. There was a slight wound over the left eye. This wound might have been caused by a small caliber bullet.

The body of the man found Sunday was exhumed this morning and examined by two men who identified it as that of Jim Broderick, an English brick layer. It is presumed Broderick attempted to walk across and fell from the bridge while intoxicated. Absolute mystery surrounds the death of the Mexican, whose body was found yesterday.

**"FORCE"**

Oh, See What?

SEE your doctor first, if you want to, and see if he doesn't tell you that you can't put into your stomach anything better than a proper combination of whole wheat and malt.

SEE your grocer next and buy a package of "FORCE," which is composed of the whole of the wheat and barley malt.

SEE how easy it is to eat a proper food when it comes to you in a sweet, crispy, delicate cake.

SEE how easily the strength, the nourishment, the vitality which Nature puts into thriving wheat and barley slips into your own system. One preacher writes that he gets from "FORCE" all the strength necessary for his hard Sunday work "without knowing that he has a stomach." "Take a little "FORCE" just before going to bed and see how soundly you sleep.

SEE if you do not eat it right along after you've eaten it once.
