11 South Court Square.

Chattanooga, Sept. 8.—President
Roosevelt today was elected an hono-
rary member of the Brotherhood of
Locomotive Firemen. He attended the
executive session of the order in the
auditorium, a distance of a few blocks,
escorted by Grand Master Sargent, a
committee of the brotherhood and a
detachment of Troop B, state guards.
The Brotherhood first held an active
session, which the president attended.
Acting Grand Master Hannahan wired
the president, stating that his attend-
ance at this convention would do great
good to organized labor, not only in this
country but in Canada and other coun-
tries as well.

The president returned his thanks for
the welcome, and said he was glad to
be with the brotherhood. He said the
firemen were the result which natur-
ally follows from the application of the
principles of natural sense to their
work. He said that organized labor
never had made an unreasonable re-
quest of him, and that if it had he
would have denied it. In speaking of
the appointment of Grand Master Sar-
gent of the brotherhood to be commis-
sioner general of immigration, the pre-
sident said it was one of the most sat-
isfactory appointments to him and to
the public he had made; that Mr. Sar-
gent has a hard body and not a soft
head.

one of the grand officers and a demo-
cratic member of the legislature, moved
that the degree of grand honorary
membership be conferred upon Presi-
dent Roosevelt. The motion was re-
ferred to the committee on laws, whose
recommendation was unanimous that
the motion be adopted. The report of
the committee was adopted by a rising
unanimous vote amid great cheers.

The president thanked the convention
for the compliment paid him and
Grand Master Sargent then gave him a
passport which admits him to all
meetings of the brotherhood.

At this point the brotherhood ad-
journing until 9 o'clock tomorrow mor-
ning and the public was admitted to the
auditorium to hear the president's ad-
dress. While the audience was being
seated the band rendered "America,"
the president and the others in the hall
rising.

Mayor Chambliss delivered a short
address of welcome in which he wel-
comed to Chattanooga all the firemen,
whether they came from Canada, Mex-
ico or Oyster Bay. After an address of
welcome in behalf of the state by Gov-
ernor McMillin, and an address by
Grand Master Sargent, interspersed
with music by the Seventh cavalry
band, President Roosevelt was intro-
duced by Acting Grand Master Han-
nahan. His reception was most enthu-
siastic, the audience rising to its feet
and cheering. When the president ad-
dressed the convention as "my broth-
ers" he was cheered again. He said
he was glad to be here and joined with
the others in extending a cordial wel-

THE CITY'S PREPARATIONS TO GREET HONORED GUEST

Arrangements are all but completed
for the reception of the president and
his party today. There is only one
condition which is causing the various
committees any apprehension—the
weather. In speaking before the re-
ception committee yesterday morning
Col. Lusk said that it was not his wish
to appear as an evil prophet, or a
prophet of evil, but unless all signs
failed today would be a rainy day.
Col. Lusk had hardly spoken the words
before dark clouds came up as if in
confirmation of his gloomy prophecy,
and by 2 o'clock a steady rain began to
fall. It was decided that the president
should be taken to the auditorium in
the event of rain.

The committee of eight will not go
to Hot Springs, nor will the party take
breakfast at the Battery Park hotel.
This change of plans is in accordance
with the expressed wish of the presi-
dent. A further wish expressed by
him was that Secretary Cortelyou be
allowed to ride by his side in the car-
riage, and that the vehicle be drawn by
only two horses. Every precaution is
being taken to guard the president's
person. In addition to the militia, the
secret service agents and the local po-
lice there will be an escort of con-
federate veterans under the direction
of Gen. J. M. Ray of this city. Major
Thad. W. Jones, Col. Robert Bingham
and Lieut. R. O. Patterson, the latter
an Asheville young man and a member
of the regular army, will be in attend-
ance.

Several hundred school children will
occupy a stand on Battery Park hill
and sing the national hymn while the
procession is passing. The First reg-
iment band with 24 pieces, will provide
music.

All stores will be closed for a couple
of hours during the forenoon. J. H.
White of Madison county carried
around a petition, and practically ev-

ery merchant appeared to be glad to
sign it.
Governor Aycock has wired that he
will be unable to be here.

The Day's Program

Senator Pritchard received a lengthy
telegram Sunday from Secretary Cor-
telyou in which was explained the
wishes of the president regarding his
stay in Asheville. Mr. McNamee and
Mr. Nichols went to Marshall and after
conferring with Senator Pritchard a
tentative program was prepared and
submitted to the reception committee
yesterday morning. The program, after
the adoption of some slight amend-
ments, was accepted by the committee.
The program follows:

At 8:30 a. m. the carriage provided for
the president and those accompanying
him and for the committee will be in
position on Patton avenue. The presi-
dent's carriage to be drawn by two
horses only, will be on the south side
of Patton avenue, just east of Bailey
street, headed westward, and the other
carriages immediately behind up to and
down Church street. Throughout the
procession, and until the president en-
ters the Biltmore station, these car-
riages will retain the same relative po-
sition and the drivers will be instructed
accordingly.

The committees will enter the car-
riages provided for them at 8:45 at the
latest, and absolutely on the minute, at
that time, the procession will start, go-
ing by way of Patton avenue and De-
pot street, for Asheville station. Arriv-
ed there, the president's carriage will
turn around, so that it will head to the
northward and stop immediately in
front of the path leading to the station.
The other carriages will wheel into po-
sition behind and to the southward.

The committees will alight and assem-
ble on the platform by the rail and up-
on the arrival of the president will be
introduced to him, if he so elects, on the
platform or in his car as will be deter-
mined at the time.

The military will be formed in double
lines, keeping everyone else from the
platform, and providing a space at least
30 feet wide, extending from the plat-
form, through the station, to his car-
