ASKING FOR LAW TO STOP STRIKE

APPEAL TO GOVERNOR STONE TO CALL EXTRA SESSION OF THE PENNSYLVANIA LEGISLATURE.

People's Alliance Submits This Plan to Legalize Compulsory Arbitration.

OPERATORS UNYIELDING AS TO BASIS OF SETTLEMENT

SEVEN ALLEGED RIOTERS HELD ON CHARGE OF CAUSING DEATH OF AN ITALIAN STRIKER AT MALBY.

Harrisburg, Pa., Sept. 11.—The conference committee of the People's Alliance appointed at their convention at Hazleton last Thursday, appeared before Governor Stone this afternoon and submitted a plan for effecting a settlement of the anthracite coal strike. Their plan consists of calling an extra session of the legislature to enact laws for compulsory arbitration; better control of foreign corporations doing business in Pennsylvania and enforcing the sixteenth and seventeenth articles of the constitution.

Daniel J. McCrary, of Hazleton, said the alliance represented the business people of the hard coal districts and that its purpose was to secure a settlement of the strike. There was no sign of a settlement of legislature for the enactment of legislation that will end the present strike and prevent strikes in the future. Mr. McCrary suggested that if an extra session is held some action should be taken to curb the great foreign corporations which are doing business in Pennsylvania. He attacked the beef trust, the steel trust, and other large corporations, because of the alleged high prices which they charged for their products.

Mr. McCrary further said: "President Baer, of the Philadelphia & Reading company, is the creature of J. P. Morgan, and the latter should be forced to compel Mr. Baer to arbitrate the strike. A load of coal cannot be bought in the coal region at present from any of the large coal corporations at any price. If the legislature is enacted which the alliance recommends, it will bring the strike to an end and prevent further strikes in the future." Mr. McCrary argued that the present difficulty in the coal region comes through gross mismanagement of the great coal corporations. None of these corporations, he said, pays a dividend, while the individual operators are all making money and getting rich. Relief can be granted, he continued, by legislation.

T. C. Parker, of Wilkesbarre, said the conditions in the anthracite regions are horrible in a commercial way, and hundreds of people are being forced to leave that locality because of unfortunate conditions. The best residents are going away, leaving the region with a remnant of undesirable people.

The only remedy, he said, is an extra session of the legislature for the enactment of laws that will settle the trouble to the satisfaction of all concerned.

Tamaqua, Pa., Sept. 11.—The Lehigh Coal & Navigation company today claims that more of the striking men have returned to work. No troops were sent out from Manila park this morning. Although a number of striking men gathered on the streets, the non-union men were not interested with.

Officials of the Lehigh Coal & Navigation company, the Philadelphia & Reading Coal & Iron company and the Pennsylvania Coal company ridicule the idea of concessions being granted the striking miners. They say that if a settlement is made it must be on the basis of an unconditional surrender on the part of the strikers. These officials all claim to be in close touch with President Baer and say they know what they are talking about.

A committee of citizens representing the People's Alliance left here for Harrisburg today, where they will hold a conference with Governor Stone.

Wilkesbarre, Pa., Sept. 11.—President Mitchell returned from Harvey Lake today. He stated that he had no knowledge as to what matters are to be discussed at the meeting with Governor Stone in Harrisburg on Saturday. He thought the visit of the governor to New York will be discussed, but beyond that he did not know what the governor would have to say.

Wilkesbarre, Pa., Sept. 11.—The ten men who are alleged to have participated in the riot at Malby last Monday morning, which resulted in the killing of an Italian striker named Castelli, were given a hearing today. Three of the prisoners were discharged and the others were held in \$1,000 bail each for trial on the charge of rioting. Bail was furnished. The names of the defendants are: John Vahonic, Terrence Roach, John McCarthy, David Welch, John Sanko, Anthony Lacinia and James Heffers.

INHABITANTS OF MARS ARE SUPERIOR PEOPLE

Chicago, Sept. 11.—That a people superior in intelligence to those of the earth inhabit the planet Mars is a conclusion that will be set forth by Prof. G. W. Hough, head of the department of astronomy of Northwestern university, in a report which he is compiling of his summer observations from the Dearborn observatory. He asserts this as a probability based on recent discoveries, and adds that of course, it may never be established positively. The conclusion includes the acceptance of the theory of evolution and the statements of leading astronomers that climatic conditions of Mars are the same as of the earth. The possibility of Venus and Mercury being inhabited is admitted because they have solidified, and the intense heat resulting from their proximity to the sun may have been overcome by a deeper covering of atmosphere. None of the other planets, in the opinion of the professor, could contain animal life.

MARCONI CLAIMS HE HAS SOLVED THE PROBLEM

Rome, Sept. 11.—Marconi, in an interview published here, declares he has completely solved the problem of sending wireless messages over a distance of more than 1,500 miles, and that he is confident that communication between Europe and America will be established in the immediate future. He is to visit King Emanuel at Ragonigli, Piedmont, September 14.

JOHNSON BOUND OVER

At the recent hearing before Justice W. A. James, in the case of Lee Johnson, charged with assault with a deadly weapon upon Conductor Murphy at Biltmore Tuesday, the evidence showed that Johnson, who was very much under the influence of liquor at the time, he stabbed Capt. Murphy through the hand while the latter was taking the names of those who saw the cab of the engine knock Johnson from the track.

The hand was raised to ward off the blow, which would have otherwise entered the conductor's abdomen. Johnson was bound over to the next term of the Superior court in the sum of \$100.

A THEATRE EMPLOYE ASSASSIN AND SUICIDE

Richmond, Va., Sept. 11.—Lewiks Berkley, property man at the Academy of Music, this afternoon shot and dangerously wounded Mrs. Annie Anderson, aged 22, his former sweetheart, and then put a bullet through his own heart. The young woman had been married about eighteen months, but Berkley continued his attentions to her and seemed deeply in love with his old sweetheart.

ONLY THREE TO HEAR HON. W. T. CRAWFORD

Hon. W. T. Crawford has been billed for a series of speeches in the fall campaign. Tuesday he spoke at the court house and he was to speak at Leicester Wednesday. Mr. Crawford did not fill his Leicester engagement, but he is not without a good reason for the omission. By actual count three of the truly loyal came to hear Mr. Crawford and he decided to postpone the address until the next election, 1904. Mr. Crawford was also billed to speak at Alexander yesterday but he failed to do so for much the same reason that influenced him at Leicester. Gen. Theo. F. Davidson was to go to Alexander as a forerunner and wire Mr. Crawford during the day in the event the voters of that place manifested any desire to hear the issues discussed by these gentlemen. Mr. Crawford was seen on the streets of Asheville late yesterday afternoon.
