MITCHELL SPEAKS TO 5,000 MINERS

RECEIVED WITH WILDEST ENTHUSIASM BY FOLLOWERS AT SCRANTON.

He and Several Other Leaders Addressed the Gathering, and All Counseled Against Violence.

WILLING TO RESIGN IF HE IS IN THE WAY

COLLIERY IN PITTSBURGH, PA., ATTACKED BY A MOB, WHO DROVE AWAY NON-UNION MEN AND SET FIRE TO THE BREAKER.

Scranton, Pa., Sept. 19.—President Mitchell and other leaders addressed five thousand miners here this afternoon. All the speakers urged the miners to avoid violence.

Mitchell was received with the wildest enthusiasm. He referred to ex-Mayor Hewitt's statement that the strike was for the recognition of Mitchell, not that of the union, and said he would willingly resign if he thought he stood in the way of recognition.

With regard to the accusation that he is not leading the miners right, he said he didn't propose to lead the men the way the companies wanted them. He declared the strike would never end until a majority of the delegates to the convention so declared.

Tamaqua, Pa., Sept. 19.—This evening a coal train arrived, guarded by soldiers. This is the first time the militia has furnished trains to railroad companies for protection. This is the result of an attempt of the strikers to prevent a train from leaving the North Mahony colliery today. Soldiers mounted guard on the train and accompanied it here.

Pittston, Pa., Sept. 19.—A mob attacked the colliery owned by W. H. Holmes, which is located in the heart of this city. After driving the non-union workmen from the mine, the mob set fire to the breaker, which was saved from destruction through the efforts of a number of men employed in the vicinity. The colliery resumed operations last week for the purpose of furnishing coal to the local trade. Several non-unionists were intercepted today on their way were intercepted today resumed operations yesterday.

BLUE LAWS FOR CITY OF RALEIGH

Special to the Gazette.
Raleigh, Sept. 19.—Isiah Simpson, a negro, lives tonight with his skull crushed by the pilot of a locomotive. He was brought to Raleigh at noon from Merry Oaks and placed in a hospital. His son accompanied him. He says his father worked for the Seaboard Air Line. He had had no sleep for several nights and was exhausted. He sent his son after his shoes and waited on the track where he fell asleep and was struck by the mail train. His head was resting on the rail and it is a miracle that he was not instantly killed.

John Richardson, a young white man, was fatally injured at Whitaker's cotton gin this morning and died in the Rex hospital this afternoon. Richardson got his arm caught in the mill, and it was torn off. This happened at 6:15 this morning. Three miles from Raleigh. He was brought to Raleigh and put in the hospital. The physicians arranged for an operation this afternoon, but the patient died at 1:30. Richardson was about 33 years old and a man of good character.

Persistent attacks of Rev. G. T. Adams, pastor of Central Methodist church, on Sunday selling of cigars and soft drinks is about to result in closing the drug stores on Sunday. Today a conference of ministers and leading druggists was held and a committee appointed to draft an ordinance to submit to the board of aldermen at their next meeting. Mr. Adams has made the fight single-handed. He is taking strong ground against postoffice and street car service.

MORE MARINES TO THE ISTHMUS

Washington, Sept. 19.—As the result of a telegram from Captain McLean of the Cincinnati, dated today, a part of which is withheld, the government will probably send more marines to the isthmus to prevent interruption of traffic. The portion of the dispatch made public merely said railway trains were being guarded and no one was allowed to interfere with them. While there is nothing to indicate that the situation is more serious, the general opinion was that the forces sent ashore were in for a long siege of it, and it was desirable to get a sufficient one in order that the men could be frequently relieved because of the unhealthy climate.

THE FIREMEN

Chattanooga, Sept. 19.—The morning session of the Brotherhood of Locomotive Firemen was opened today at 9 o'clock. Acting Grandmaster Hannahan presiding. A letter from Mayor Drennon of Birmingham, Ala., was read, in which he extended a hearty invitation to the Brotherhood of Locomotive Firemen to hold their next biennial meeting in that city. The reading of the invitation was received with the greatest enthusiasm on the part of the southern delegation.

The committee on constitution and by-laws then resumed the reading of its report. A resolution was read in which it was stated that no candidate should be allowed to run for an office in the grand lodge who sells any article of commerce to any and all railroad corporations.

The introduction of the resolution elicited a very prolonged and heated discussion which consumed a major part of the morning session. When the resolution was put to a final vote it failed to pass by a large majority. The election of officers will probably take place tomorrow.

AMERICANS ATTACK SULTAN OF BUTIME

Manila, Sept. 19.—Captain Pershing's troop of cavalry and a platoon of artillery have advanced from the American camp in Mindanao seven miles and attacked the sultan of Butime's fort. Cannonading indicates a lively engagement. There are no details as yet.

NEW STEAMER SERVICE

New York, Sept. 19.—A regular weekly passenger and freight service between New York and Mobile was inaugurated by the Mallory steamship line today with the dispatch of the first steamer from this city. The new service is entirely separate from the same line between this port and Galveston. It is understood that connections will be made at Mobile with all rail and water lines diverging from that point.

HESTON'S

WESTERN TOUR OF PRESIDENT

HE LEFT OYSTER BAY YESTERDAY MORNING, AND JERSEY CITY AT 2:14 P. M.

Had a Long Conference with Senator Quay While in Pennsylvania.

POLITICS OF THE STATE DISCUSSED

PRESIDENT'S RECENT UTTERANCES ON TRUSTS, THE COAL STRIKE, ETC., FORMED TOPICS OF CONVERSATION.

Oyster Bay, N. Y., Sept. 19.—President Roosevelt left for New York aboard the Sylph at 9:30 this morning. He will not return to Sagamore Hill until October 9. Mrs. Roosevelt, Misses Alice and Ethel Roosevelt and Secretary Cortelyou accompanied him. The ladies of the party will return to this place this afternoon. The other persons who are to accompany the president on his western trip left on a special train at 9:30 a. m. They will join President Roosevelt at Jersey City, whence the start on the western trip will be made over the Pennsylvania railroad at 2:14 a. m.

New York, Sept. 19.—President Roosevelt, accompanied by Secretary Cortelyou, Assistant Secretary Loeb and Dr. Lung, arrived in this city at 12:45 o'clock today, having come from Oyster Bay on the yacht Sylph. Stepping ashore the president cordially greeted Congressmen Babcock, Hull and Overstreet, who were waiting for him.

The president's party then stepped into carriages that were in waiting and were driven to the Pennsylvania ferry at West Twenty-third street. At 2 o'clock the president boarded the special train that is to take him on his trip through the northwest. Secretary Cortelyou said the president and all the party were in the best of health.

Altoona, Pa., Sept. 19.—When Roosevelt's train reached Trenton this afternoon, Senator Quay boarded the train and conferred with the president until the train reached Philadelphia. Quay left the train there and proceeded to Philadelphia. The talk related especially to the politics of Pennsylvania. Quay heartily approved of the president's speeches on trusts. Quay also discussed the coal strike, but did not intimate that he would like the president to interfere. The strike was discussed merely as it affected politics in the state.

Commissioner of Immigration Sargent boarded the train where Quay left and talked with the president all the way to Harrisburg. His talk with Sargent was on labor matters. There was a brief stop here and another at Harrisburg. At the latter place several hundred assembled and cheered the president. He thanked them for their greeting.

WEST VIRGINIA'S SHARE

Richmond, Va., Sept. 19.—The commission of the state of Virginia, appointed to determine the amount of the debt of the state of West Virginia, due in the settlement of the state debt, has finished its session. At the conclusion of the meeting the secretary of the commission gave out the following:

"The certificate holders' committee reported that it had complied with the act of the Virginia assembly of March 6, 1900, and had in its custody upwards of two-thirds of the certificates of 1871 and a majority of the certificates issued subsequently and an agreement was entered into with the Virginia debt commission whereby these certificates should be placed under the control of the commission with a view to their negotiating with West Virginia a settlement of the proportion of the Virginia debt proper to be paid by the West Virginia debt."

MARION BUTLER TALKS POLITICS

Washington, Sept. 19.—Ex-Senator Marion Butler of North Carolina, in an interview says the populists will have a ticket in 1904 and will poll more votes than they did in the last presidential election. He declares the democrats as a party are going over to Clevelandism. The result will be the populists in the next presidential election will not only get all the votes cast for Weaver, but will also get a large part of the democratic votes.

He accuses the democrats of making blunder after blunder. He says he endeavored to persuade the democratic leaders in the last campaign to avoid talking free silver and advocate the quantitative theory with regard to money, that is, that there should be a certain quantity of money at all times to meet the necessities of commerce. He asserts that if the democrats had done so they could have gone before the country convincing every voter they were right.

CORBETT-M'GOVERN FIGHT IS ALL OFF

Frankfort, Ky., Sept. 19.—The court of appeals today refused to dissolve the order of the lower court enjoining the Corbett-McGovern fight. The contest will not take place in Louisville.

ENGINEER KILLED

Pittsburg, Sept. 19.—A collision of two passenger trains at Witmore, Pa., on the Pittsburg and Western railroad, shortly before 10 o'clock today resulted in the killing of four trainmen and slight injuries to a number of passengers.

Physicians were sent to the scene of the wreck immediately after the news was received. The injured were brought to Allegheny.

The trains were run as 121 and 156, one a Buffalo, Rochester and Pittsburg train, the other a Pittsburg and West-ern. It is said that train No. 156 was standing on a curve near Witmore when No. 121 crashed into it head on. Both trains were wrecked, the occupants of the coaches were thrown about and many sustained cuts and bruises but as far as known none is in a serious condition.

A TERRIBLE CATASTROPHE

SCORES OF NEGROES PERISH IN A STAMPEDE NEAR BIRMINGHAM.

National Convention - was in Progress and Booker T. Washington was Making Address.

STARTED BY QUARREL BETWEEN TWO MEN

SEVENTY-SEVEN BODIES HAVE BEEN RECOVERED, AND THE LIST WILL PROBABLY REACH 100, WITH OVER 60 INJURED.

Birmingham, Sept. 19.—Fifty negroes known to be dead and bodies steadily arriving at undertaking establishments is the result of a terrible catastrophe which occurred at Shiloh Baptist church, where the national convention was in progress. Booker T. Washington was delivering an address, when a stampede occurred. No less than three thousand were in the building. The stampede was started by a quarrel between two men. A young woman with one of the men screamed out "Fight," some woman in the gallery took up the cry and yelled "Fire." Pandemonium followed. People scrambled to get out over one another in a mad rush. Every effort was made to stop the panic, but in vain. The latest account says the dead will reach a hundred. Seventy-seven bodies are now in the morgues. The injured will reach over 60, with 10 or 20 fatally hurt.
