## MOODY PROBABLY ELECTED IN THE TENTH

His Majority According to the Incomplete Returns Now Is 305— Later Returns May Raise These Figures.

**Mark Brown Wins by a Good Majority- Buncombe County's Democratic Majority for Congressman Cut Down to 300— All Democratic Legislative and County Candidates Elected—Henderson 200 Republican.**

The congressional race promises to be very close, and it may be some time before the result is known with certainty. Nothing had been heard up to the time of going to press from Graham, Clay, Macon or Cherokee counties.

From no county in the district have anything like complete returns been received. From the data at hand, the following estimate is made of the district: Moody has probably carried—

Graham	50
Cherokee	200
Clay	30
Swain	275
Jackson	85
Macon	7
Henderson	225
McDowell	300
Polk	100
Total	1340

Transylvania county is about even, both sides claiming it by majorities of 10 or 12. Gudger has probably carried—

Haywood	135
Buncombe	300
Rutherford	600
Total	1035

These figures show a majority for Major Moody of only 305 in the district, which is less than was expected, and far too small to be comfortable. It is hoped that more complete returns will tell a pleasanter tale. A number of these figures have been obtained from democratic sources, and

It was commonly remarked that election day in Asheville was suggestive of a funeral occasion. Following a time honored custom, many went out into the country to hunt. The streets and polling places were quiet. There

was little if any disturbance, but there was a very general and intense interest manifest. No one could have doubted it was election day, for little else was discussed.

Those to whose lot it fell to count the ballots had an unusually hard job last night, owing to the general prevalence of "scratching." A straight ticket was almost a novelty. This was especially true in the third and fifth precincts. Under the new law, the voter can place his own ballot in the box, and there were many ballots cast the nature of which were known only to the voter.

Returns from the country were strangely slow in coming in, although all the telephone wires were kept hot. Reports from outlying counties, also, were very meagre.

Unusual interest in the returns was shown. Notwithstanding the light rain, crowds congregated in the streets all the evening before the Gazette office and several other places where bulletins were posted. A phone message from Brevard about 10 o'clock said the indications were Gudger had carried the county by 10 to 14, Coker by about 20. It was stated Aiken had defeated Zachary for the legislature.

The Gazette made extensive preparations. (Continued on page four)

## NEW YORK REPUBLICAN BY A LARGE MAJORITY

New York Journal Concedes Odell's Election by 15,000—Pennsylvania's Enormous Majority—Republican Gains Throughout the North.

New York, Nov. 5.—The five boroughs of Greater New York give Bird S. Cole, democratic candidate for governor, a plurality of about 199,000 over Odell, against the estimate of Tammany Leader Murphy of 12,000; republicans' election of eleven congressmen in New York county against two elected to present congress out of nine nominees. The republicans elect one of 12 state senators in New York county, a loss of one as against 1900 when they elected four assemblymen against 19 in 1900.

Indications this morning are that Tammany has elected its three Supreme court candidates for New York county. Governor Odell carries rural districts that have a plurality sufficient to outweigh Cole's local plurality, which totaled over \$4,000 in the boroughs of Manhattan and Bronx. It has been a long time since New York has given over 80,000 to a democratic candidate and the same proportion democratic strength was shown in Brooklyn, Rich and Queens boroughs. The republicans carry the senate by 29 to 21 democrats, and 88 in the house to 62 democrats. Upstate counties showed aggressive republican strength. In Albany Odell gained 7000 over Roosevelt in 1898 and Erie gained 3000.

At 11 o'clock Senator Platt stated that Odell will come to the Bronx with 133,900 plurality. At republican headquarters the state is claimed by from 10,000 to 15,000.

Queensborough: The only one of the five boroughs in the Greater city that was carried by Shepard (dem.) for mayor last year gave an estimated plurality for Cole of 5500. This was about 1500 more than had been estimated by the party leaders.

New York, Nov. 4.—The New York Journal estimates Odell's election by 16,000. The Herald estimates less than 10,000 for Odell but flashes him as a positive winner at that figure.

**NEW YORK CITY.**  
New York, Nov. 4.—(Associated Press.)—The returns show that Edward B. Amend, Vernon N. Davis and Edward E. McCall, the Tammany democratic candidates, were elected to the Supreme court bench by pluralities ranging from 70,000 to 80,000. Their opponents were William A. Keener, Alfred Steckler and Ernest Hall. The vote cast today showed a remarkable change of feeling from last year, when Mayor Low carried New York county by about 5,000. The re-

## FATAL CUTTING

Yesterday a man named Black was cut to death by one Tom Young in Upper Hominy. The immediate cause was a quarrel over elections although bad blood had existed between the men for some time. The affray took place in the road not far from the voting place. Both men were under the influence of whiskey and Black commenced cutting at Young with a pocket knife, ripping his coat in several places. Young gave back until he opened his own knife and then he pierced Black's lung and ripped open his abdomen.

The wound was dressed by a physician but Black soon died. Young was brought to Asheville and is now in jail here.

## STATEMENT OF THE MINERS

REASONS FOR THEIR CONTENTIONS SET OUT BY MITCHELL.

Hazleton, Pa., Nov. 4.—The statement of the anthracite mine workers' case, which was filed with the strike commission on Sunday night, was made public today. Copies of the statement have been furnished to the operators, who will reply in three or four days. The miners' statement in full is as follows:

**MINERS' STATEMENT.**  
To the Anthracite Coal Strike Commission:  
The mine workers made of the operators the following demands, which were formulated by the Shamokin convention, held March 18 to 24, and for the enforcement of which the strike was inaugurated:

1. First, An increase of 20 per cent. upon the price paid during the year 1901 to employes performing contract or piece work. This demand is made on account of the following reasons:
  1. The present rate of wages is much lower than the rate of wages paid in the bituminous coal fields for substantially similar work.
  2. The present rate of wages is lower than is paid in other occupations requiring equal skill and training.
  3. The average annual earnings in the anthracite coal fields are much less than the average annual earnings in the bituminous coal fields for substantially similar work.
  4. The average annual earnings in the anthracite coal fields are much less than the average annual earnings for occupations requiring equal skill and training.
  5. The rate of wages in the anthracite coal fields is insufficient to compensate the mine workers in view of the dangerous character of the occupation in relation to accidents, the liability to serious and permanent disease, the high death rate and the short grade of life incident to this employment.
  6. The annual earnings of the mine workers are insufficient to maintain the American standard of living.
7. The increased price of living has made it impossible to maintain a fair standard of life upon the basis of present wages and has not only prevented the mine workers from securing any benefit from increased prosperity, but has made their condition poorer on account of it.
8. The wages of the anthracite mine workers are so low that their children are prematurely forced into the breakers and mills, instead of being supported and educated upon the earnings of their parents.
9. Wages are below the fair and (Continued on 4th page.)

versal of the vote in Kings county was equally noteworthy.

New York, Nov. 4.—Election day in Greater New York dawned with the weather perfect and the voters were out early in large numbers. In a number of assembly districts 25 per cent. of the registered vote had been cast at 8:30 o'clock, and the leaders in some districts predicted that the entire vote would be cast by noon.

About 40 arrests for illegal voting were reported before 9 o'clock. In one assembly district there was great excitement. Rival leaders came to blows near an election booth, and policemen conducting several prisoners to a station house were attacked by a mob. In the struggle one of the prisoners escaped. Nobody was badly hurt.

Police Commissioner Partridge surprised the community, especially the political leaders at work in the various precincts, by suddenly shifting 800 policemen from their regular beats to parts of the city strange to them. In addition to this, the state superintendent of elections for the Metropolitan district had 600 deputies on guard in various election districts. Where these men were to be placed was kept secret until today, the superintendent saying it would defeat his purpose to make the fact known before election day.

Several voting machines were in use. An entire state ticket was voted for, including a justice of the court of appeals, a legislature, which will elect a successor to United States Senator Platt. The election also included the first voting for congressmen under the new arrangement of districts, based on the census of 1900.

**MARYLAND**  
Baltimore, Nov. 4.—Incomplete returns indicate the election of three republicans and two democrats to congress. One district is in doubt because of dissension among the judges over-marking the ballots in one precinct. (Continued on fifth page.)
