

A WORD TO THE WISE IS SUFFICIENT

A New Feature for The Palais Royal

We have employed a buyer that is stationed in New York which saves us the expense of sending a man on to the market to buy for us, who attends to all special orders also, so anything that you want that you can't find in Asheville, call to see Mr. Meyers at The Palais Royal and he will fulfill your wishes. Our buyer has sent us a hundred Tailor-made Suits for Ladies and Misses. No two alike. They range in price from \$20.00 to \$35.00. These suits will be placed on sale for

Saturday and Monday at a Special Price, \$15.00 and \$16.98

ALL WE ASK IS YOUR INSPECTION

TO OPERATE THE HEAP MICA MINES

Owners of Property, Located in Yancey and Mitchell, Have Engaged Services of Experts.

James W. McNeill of Washington of the firm of McNeill and McNeill who engineered the deal through which conveyed to Mrs. Virginia P. Clifton of Philadelphia and Mrs. Ella Clapp Thompson of Washington, are noted Heap and Clapp mica mines, located in Yancey and Mitchell counties, in the State. The mines were, previous to the sale, owned by Mrs. Clifton and Mrs. Thompson, together with Patrick H. Abernethy of Asheville, and the heirs of a Dr. Smith. As a result of a suit begun in the United States Circuit court, brought by Mrs. Clifton against Mr. Abernethy, an agreement was reached by which Mrs. Clifton and Mrs. Thompson acquired the entire property.

The Property to Be Examined. Mr. McNeill stated today to a Gazette-News man that it was the intention of the purchasers to have the property thoroughly examined by expert mining engineers, and determine the real worth of the property. This will be done within the immediate future, and it is planned during the winter to form and perfect a stock company to control the property and operate the mines which are said to be among the best in North Carolina. The property has not been operated for some time, but if the plans are matured, it is hoped to begin the operations of the mines next spring.

Besides mica there is a wealth of other minerals on the property, much of which is heavily timbered with valuable trees. More than a dozen mines were involved in the deal.

THE JACKSON FAIR NOW UNDER WAY

Hotels and Dwellings Are Filled and Many Will Camp on the Grounds Tonight.

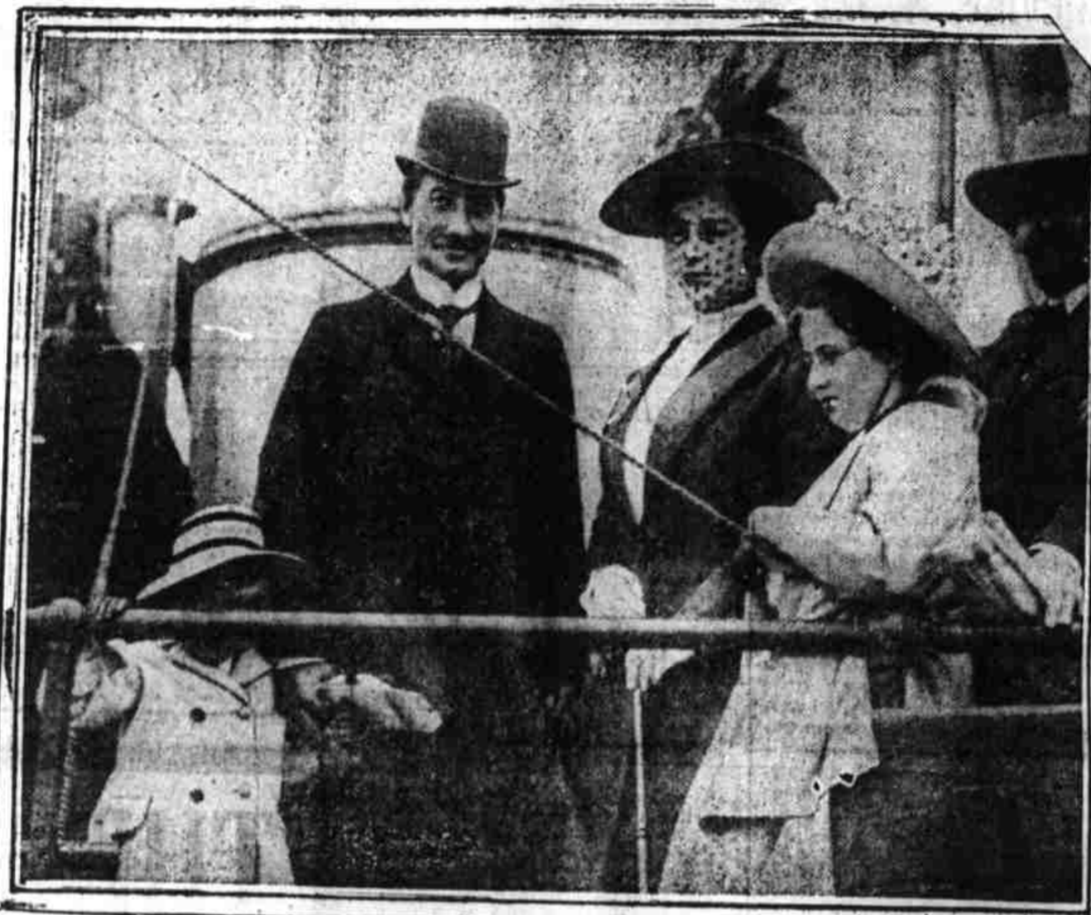

Special to The Gazette-News. Siva, Oct. 1.—The second annual fair of Jackson county opened this morning in a blaze of glory, there being a large crowd, fine weather and children. T. C. Bryson, chairman of the committee on arrangements, made the opening address. The educational program was carried out in detail. Many from distant parts of the county will camp tonight on the grounds. Hotels, boarding houses and private dwellings are filled with visitors.

MR. TAFT FINIS OLD SWEETHEART

Continued From Page One. with silence. As the president proceeded, however, and outlined his policy for the rebuilding of Alaska, of reconstructing railroads, of a local government by a commission of five or more members appointed by the president and cooperating with the governor, and when he told of the great possibilities that lie in Alaska, he plainly caught the favor of his hearers and was loudly cheered.

To Visit Alaska. Later in the day when he was admitted to membership in the Arctic Brotherhood, an international organization made up of Canadians and Americans interested in the development of Alaska, the president announced that he intended to visit Alaska next summer and to go as far into the territory as time would permit in order that he might come in contact with the people and see for himself what might best be done for their welfare.

Reunited After Anxious Years, in the Joy of High Achievement

DR. F. A. COOK AND HIS FAMILY, PHOTOGRAPHED ON BOARD TUG WHICH CONVEYED HIS FROM THE OSCAR II. TO BROOKLYN.

The president frankly told the members of the brotherhood that he did not believe Alaska at this time is ready for self-government. "I am as much in favor of popular government as anybody," declared the president, "but I am in favor of popular government only when the conditions exist under which popular government is possible and then, of course, it is the best government in the world."

Not Enough Vessels. In discussing ship subsidy, President Taft declared that if a war should come at this time the United States would not have enough vessels to carry coal to its fleets. And it would be doubtful under the neutrality laws, he added, if the United States would be able to buy foreign vessels in the emergency.

MR. WHITNEY TO VISIT DR. COOK

Continued From Page One. after completing his observations, delayed about making them public. When the observations were finally submitted to scientific bodies, however, they were found to be as clear and exact as any taken by Arctic explorers and established beyond a doubt all that Dr. Cook claimed. The Danish astronomical societies congratulated Dr. Cook for his careful, painstaking work and other astronomical societies joined in the praise. It was said here today that the observations made by Dr. Cook have been compared with observations of other explorers and pronounced of the very highest order.

There is no disappointment expressed here that Dr. Cook will first present his observations to the Danish scientists. It is expected that they will be made public from Denmark when they have been gone over, so that the whole world will be advised of the result at the same time.

HUNT FOR BANK ROBBERS IS ABANDONED BY POSSES

Will Be Continued Through Police Channels—Thief, \$10,000, Made Good by a Surety Co.

Glenwood Springs, Colo., Oct. 1.—Numerous posses, that for two days searched for two bandits who robbed the Citizens National bank of this city of \$10,000, have given up the hunt. Search will be continued through police channels. A surety company has made good the loss to the bank.

THE WEATHER. Forecast until 5 p. m. Saturday for Asheville and vicinity: Continued fair weather, with moderate temperature tonight and Saturday.

GOLD IS FOUND ON THE ABEL SIDES PLACE

Farmers Find Precious Metal on a Farm not Far from Hickory, and Tests Are Made.

S. D. Campbell and W. S. Stroup have discovered gold on a farm they recently bought near town, says the Hickory Times-Mercury. The property is known as the Abel Sides place and is situated just outside of town. Hearing rumors to the effect that gold was being found on their place, these gentlemen went to investigate, carrying with them C. F. Blalock, a well known revenue officer, who has had considerable experience in gold mining.

Taking a small frying pan Mr. Blalock scooped up sand from a branch that runs through the property and proceeded to wash it. About 20 particles of gold were found in the bottom of the pan. Several other tests were made and each pan of sand washed contained gold. Inquiry developed the fact that gold had been found here years ago. A former tenant of the place, Daniel Hoffman, stated that a dollar's worth of gold could be picked up along this branch any day. A mining expert will be called in to investigate the problem.

THE COUNTY TREASURER HAS GOOD BALANCE

Report of Treasurer Duckett, Completed Today, Shows the County's Financial Condition.

The report of County Treasurer Duckett made today shows that the general fund of Buncombe county has a balance to its credit of \$7,688.98. During September the receipts amounted to \$2,252.73, and the balance, September 1, of \$17,805.96, make the total funds \$20,058.70; during the month, the disbursements amounted to \$2,252.74, and the balance of \$7,688.98, which is a decrease of more than \$10,000 in the general fund during the past month. With the collection of this year's taxes now begun, however, the balance is expected to reach a higher mark next month.

The school fund has received \$1,028.50, and the balance September 1, of \$699.08, making the total 1,727.58. The disbursements were \$1,836.73, leaving an overdraft October 1, of \$140.75.

The receipts in the general fund were as follows: From Tax Collector Crowell, \$1,288.74; register of deeds, \$479.10; clerk of the court \$265.30; sheriff, \$72.62; road duty, \$15; miscellaneous, \$122.98.

The receipts in the school fund were from tax collector, \$644.20; fines, \$277.06; libraries, \$15.

DELIGHTS WOMANKIND.

Former Governor George C. Pardee may decide to become a candidate once more for the republican gubernatorial nomination in California.

Hair that is irresistibly attractive will make any woman look more youthful than she is.

In Paris the clever French women fully realize this and retain their youthful appearance even in the fifties.

While Parisian Sage is known the world over as a certain cure for dandruff and falling hair and is sold by Smith's drug store on the no-cure-no-pay plan, it is especially recommended to society women who greatly desire lovely, fascinating hair.

Its action is so prompt that it will put life and lustre into dull, faded hair in one week.

Paris Sage makes the head feel good the minute it is applied. The first application creates confidence, for the user cannot help but feel that such delightfully cooling and exhilarating tonic will do what ordinary commercial tonics have failed to do.

C. H. Smith, a well known citizen of Staunton, Va., writes:

"I have used and seen used numerous hair tonics, but can say that Parisian Sage is far ahead of any of the others. As a cure for dandruff and a cleanser and scalp purifier, I can especially endorse the use of Parisian Sage. I have told several persons about it being so effective in ridding the scalp of dandruff, and they were greatly pleased with the result of its use." March 26, 1909.

Parisian Sage is sold in Asheville by Smith's drug store and by leading druggists everywhere. Guaranteed to kill dandruff microbes, cure dandruff, falling hair and itching scalp in two weeks, or money back.

Large bottle is only 50 cents and the girl with the Auburn hair is on every package. Made in America by Biron Mfg. Co., Buffalo, N. Y.
