"The Store That Saves You Money"

AMUSEMENTS

"The Vengeance of Denise" tonight.
 Monday, Dec. 6.—Isle of Spice, matinee and night.

Tonight the Pickert Stock company will present what they claim to be the best play in their repertoire, "The Vengeance of Denise." New specialties will be introduced between acts. After the regular performance the amateur contest takes place, which promises to be very amusing, as there are five or six contestants who are anxious to show their friends their dramatic ability. Five dollars in gold will be given to the winner.

Isle of Spice, Matinee and Night.
 It doesn't take much power of deduction to figure out that if it costs several thousand dollars to produce an ordinary musical comedy, it must cost a small fortune to launch an extraordinary extravaganza like the "Isle of Spice." B. C. Whitney's picturesque musical mixture. It's all extraordinary—scenery, electrical effects, costumes, cast and chorus. It

is the object of the press of the country to tell the theater-going public just what is good and bad in the theatrical world. Read the splendid columns which have been written about the greatest of all musical comedies, the "Isle of Spice." It's true, every word of it. This attraction will be on view at the Grand, Monday, December 6, matinee and night.

At the rise of the curtain there is a soft and dainty blending of color, music that is ravishing sweet, and a vision of young and beautiful feminesque graces about the stage in picturesque attitudes. Then the comedians come and make you laugh with their funny sayings and doings. Then there will be dancing numbers rendered with a sprightliness that makes the pulse insensibly quicken. Then follows more girls, and the very air seems full of a swirling, gyrating chaos of color in silks. It's the "Isle of Spice," with its popular songs of the whistling sort, its cast of principals with a world-wide reputation, its large and efficient chorus, and its beautiful electric and scenic effects. There will be a bargain matinee at 3 o'clock. Prices, adults, 75c and 50c; children, 25c. Night prices, 25c to \$1.50. Reserved seats now on sale at the Mountain City Stationery store.

Lost Forever.

"I want something to go with 'hips,'" said the beauty who was trying to write a verse in a prize contest.
 "I have exactly what you want," replied the bold young man at the other side of the table.
 "You horrid thing," she said after he had completed the rhyme, "you have made me forget the idea I had."
 —Chicago Record-Herald.

Sure Sign of Winter.
 The lamps are lighted early. The air is raw and chill. The trees are almost leafless. The wind blows with a will. But the sign which tells me surely The year is growing old Is that my daily morning bath Is getting beastly cold!

THE DRY STATES ARE TO BE DRIER

Another Phase of the Campaign Against Liquor Will Soon Come to the Fore.

Washington, Dec. 3.—Another phase in the great campaign against liquor will come to the fore the first of next month, when the revised penal code of the United States is to become effective. Many of the changes made in the penal laws by the Sixtieth congress were of minor interest, but the section relating to the shipment of intoxicating liquors into "dry" territory contained new legislation, the result of which will be to make the violators of the act in prosecuting communities the local authorities, as a rule, are able to deal effectively with offenders, but in certain sections of the South and West, where settlement is sparse, the task is not so easy, and the members of congress from those sections insisted that the federal government should come to the aid of the local authorities.

Three sections of the new codification relate to the liquor traffic. The most important provision is that on the aid of the local authorities, and after January 1 every shipment of intoxicating liquor shall bear the

RESULTS OF FOOD.

Health and Natural Conditions Come From Right Feeding.

Man, physically, should be like a perfectly regulated machine, each part working easily in its appropriate place. A slight derangement causes undue friction and wear, and frequently ruins the entire system.

A well-known educator of Boston found a way to keep the brain and the body in that harmonious co-operation which makes a joy of living.

"Two years ago," she writes, "being in a condition of nervous exhaustion, I resigned my position as teacher, which I had held for over 40 years. Since then the entire rest has, of course, been a benefit, but the use of Grape-Nuts has removed one great cause of illness in the past, namely, constipation, and its attendant evils. I generally make my entire breakfast on a raw egg beaten into four spoonfuls of Grape-Nuts, with a little hot milk or hot water added. I like it extremely, my food assimilates, and my bowels take care of themselves. I find my brain power and physical endurance much greater and I know that the use of the Grape-Nuts has contributed largely to this result. "It is with feelings of gratitude that I write this testimonial, and trust it may be the means of aiding others in their search for health." Look in pkgs. for the little book, "The Road to Wellville." "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

name of the consignee, the nature of the contents of the receptacle and the quantity contained therein. It is a notorious fact, so say persons who have had experience in attempting to drive out "blind tigers," that practically all the liquor now shipped into prohibition territory is labeled as some other or not labeled at all, and frequently addressed to persons other than the consignee.

The federal authorities already have sent out notice to all manufacturers of intoxicants that their wares must be labeled on the outside of the package on and after the first of the new year, setting forth the nature of the contents and the exact amount in each package. It is believed that if the local authorities co-operate with the federal government in the enforcement of the law it will be a comparatively easy matter to suppress the "blind tigers." It is pointed out that from now on they cannot exist without violating the federal statute, and the assumption of the department of justice is that would-be violators will not care to take the chance of falling into the clutches of the federal courts.

It has been alleged from time to time that in some of the states where the sale of intoxicating liquor has been prohibited in one way or another the railroads and express companies assisted the violators of the law by acting as buying or selling agents, or both. Congress, with the idea of putting a stop to this practice, provided as follows: "Any railroad company, express company, or other common carrier, or any other person who, in connection with the transportation of any spirituous, vinous, malted, fermented, or other intoxicating liquor of any kind, from one state, territory, or district of the United States, into any state, territory or district of the United States, or from any foreign country into any state, territory, or district of the United States, shall collect the purchase price or any part thereof, before, on, or after delivery, or shall in any manner act as the agent of the buyer or seller of any such liquor, for the purpose of buying or selling or completing the sale thereof, saving only in the actual transportation and delivery of the same, shall be fined not more than \$5,000."

Gov. Shafroth on Suffrage.

New York, Dec. 3.—At the first of the series of public meetings arranged by the Equal Franchise society, which was held at the Garden theater this afternoon, Gov. John F. Shafroth of Colorado was the principal speaker. He was introduced by the president, Mrs. Clarence H. Mackey, and was received with applause by the large audience of women's suffrage enthusiasts. He spoke interestingly upon the subject, "Should Women Have the Right to Vote," and, after the conclusion of his address answered many pertinent questions in regard to the practical workings of women's suffrage in Colorado and other states where the experiment has been tried. The course of meetings will extend through the winter and among the speakers who will address these meetings will be the Rev. Henry S. Nash of Cambridge, Mass.; Everett Colby, the Rev. Anna H. Shaw, Martin W. Littleton, Mayor Brand Whitlock of Toledo; Col. George Harvey, and Miss Jane Addams. Among the host-holders for the entire course are Mrs. Mackey, Mrs. Everett Colby, Mrs. J. D. Prince, Miss May Ward, Mrs. J. W. Brannan and many other society women interested in the movement.

THE PRESIDENT LOOKS HIM OVER

(Continued from page 1.)
 It is conceded that since the passage of that act Judge Lorton has been punctilious in observing it, yet there is frank expression of the opinion that the use of private cars by judges

JOSEPH C. CANNON

at the least raises the question of propriety sufficient to merit an inquiry. One prominent republican senator from the west is quoted as

saying that if Judge Lorton made use of private cars furnished him by the railroads, he would make it his personal business to have an effective fight organized against the confirmation of the nomination. The senate is more particular about the confirmation of nominees to the Supreme Court of the United States than in any other matter that comes before it, and it is safe to predict that the Lorton nomination will be scrutinized carefully.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them.

Counting the Mere Dutch.

Racial pride is a kind of patriotism that lasts as long as any sentiment. The story is told of a stranger in Milwaukee who, seeing an Irishman at work in the street, asked him what was the population of the town.

"Oh, about forty thousand," was the reply.
 "Forty thousand! It must certainly have more than that," said the stranger.
 "Well," said the Irishman, "it would be about two hundred and seventy-five thousand if ye were to count the Dutch."—Youth's Companion.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both.

Speaking of Pies.

"Is she good at pyrography?"
 "You bet, specially her apple pie."
