## The MARKETS

The Leading Stocks on New York Exchange—Cotton Market Quotations.

New York, Jan. 20.—The stock market had a feverish opening today, with strong advances in the majority of the list, caused by a rush to buy on the part of uncovered shorts. There was a renewed slump in Rocking and Colorado.

The feverish tone of the first hour was ended when supporting measures checked the reaction.

Announcement of the failure of specialists in Hoeking coal caused only a slight tremor in the market. Prices advanced again, afterwards. The tone was strong at noon. Bonds were irregular.

Purchases were renewed on a large scale especially for United States steel. Railroad stocks generally made good showing. A number of specialties which scored severe losses in the morning also made large advances.

## SIRENS AND SONS.

Brand Whitlock, twice mayor of Toledo, used to be a Chicago reporter. H. Paulous Sannon, the new minister from Haiti to this country, wears a Vandyke beard.

Twenty years ago J. P. Morgan, Jr., began working as a shipping clerk with Drexel, Morgan & Co. Later he became executive head of his father's London house.

Otto Beit, brother of the late South African multimillionaire, Alfred Beit, has increased the latter's bequest of \$250,000 to \$215,000 (\$1,075,000) to provide fellowships for medical research in memory of his brother.

Senator Don Sigmundo Moret y Pendergast, the new prime minister of Spain, is part English, his mother having been a Miss Frendergast. He is a very able politician, an extremely cultured man, speaks English fluently and is an enthusiastic admirer of England and English ideas.

Colonel Samuel Eugene Bliss of Chicago, president of the Sons of the American Revolution, is president of the Metropolitan Trust and Savings bank and is known throughout the country as an enthusiastic hunter and marksman. He was born at Jericho, Vt., sixty-three years ago.

Edward Louis Neel has been in charge of the lights at the French Opera House in New Orleans since the theater was opened in 1850. During the fifty years of his service he has seen gas give way to electricity and the installation of a hundred ingenious devices in the system, which was very simple at first.

## HOW TO CURE RHEUMATISM

It is An Internal Disease and Requires an Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will not more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c. and \$1 a bottle. In tablet form at 25c. and 50c a package, by mail. Get a bottle today. Booklet free if you write to Bobbitt Chemical Co., Baltimore, Md. For sale by all druggists.

No. 76 at page 233, to which reference is hereby made, and a default having been made in the payment of the indebtedness secured by said deed of trust whereby the power of sale thereof contained has become operative, the said undersigned trustee, will on Monday, the 21st day of February, 1910, at 12 o'clock noon, sell at public auction, for cash, at the court house door, in the city of Asheville, county of Buncombe, and state of North Carolina, the following described lands and premises, situate, lying and being on the waters of Hominy creek, in the county of Buncombe, N. C., adjoining lands of Vanderbilt, J. A. Reeves, S. L. Morgan and others, and more particularly described as follows:

FIRST TRACT: Containing two hundred and eighty-six acres and being lot No. 3 on plat made by A. H. Starnes, surveyor, duly recorded in the office of the clerk of the Superior court for Buncombe county, N. C., in minute docket of Special Proceedings No. 7 at pages 308 and 309, to which reference is hereby made for metes and bounds, and being the same lands and premises allotted to E. M. Reeves and his five heirs in partition proceeding entitled Enoch J. Morgan and others vs. parts as described in report of commissioners in said proceeding, which said report and description of land is recorded in said book No. 7 of said Special Proceedings at pages 301 and 302, to which reference is hereby made.

SECOND TRACT: Containing seventy acres more or less and being the same lands and premises conveyed to Mattie E. Reeves by J. W. Morgan by deed dated March 1, 1892, and duly recorded in the office of the register of deeds for Buncombe county, N. C., in deed book No. 22 at page 92 et seq, to which reference is hereby made for metes and bounds.

This January 20, 1910.  
 W. M. JACKSON, Trustee.

## Sporting Notes.

Cleveland is taking up quiet pitching. Memphis may revive running horse racing.

Cornell has 131 freshman crew candidates.

Montreal will have no ice horse racing this winter.

Yale's new swimming pool holds 100,000 gallons of water.

Ottawa may have a professional baseball team next season.

Gunner Hewitt, who won the army and navy boxing championship in England recently, is looked on as a good heavyweight.

John Leum, the Swiss heavyweight wrestler, who is now in this country, is a man slightly under the average height, but he is very stocky. He strips at 196 pounds and is tremendously muscled. He has a splendid reputation abroad as a catch-as-catch-can wrestler.

## Birds in Winter.

Sparrows sometimes stand on lumps of snow till they freeze fast thereto. The heron often mistakes smooth, clear ice for water and alights so hard that it is stunned.

The snipe, frequenting the marshes, often wakes in the morning to find itself frozen in the mud.

There is record of a flock of coots sitting on the ice till their tails froze. A farmer approached, and the coots flew away tailless, while the farmer collected enough coot feathers for a sofa pillow.

A group of robins in Gloucester once went to bed wet. They awoke in the morning with their wings frozen over their tails and tumbled like scarlet leaves down on the head of a startled plowboy.—Philadelphia Bulletin.

## Things Theatrical.

Lucy Weston has been replaced in "The Candy Shop" by May Boley.

John Mason is to star under the management of the Shuberts and Harrison Grey Fluke in a new play.

The cast of "The Arcadians" will include Frank Moulton, Conlie Ediss, Julia Sanderson and Alfred Kappelin.

Thomas Haddaway has made a hit as the silly young son of Nolan, the newspaper proprietor, in "The Fourth Estate."

Eleanor Robson has accepted a play written by a young Kansas college woman. The play is one of college life and is entitled "The Filtration Plant." Miss Robson will probably appear in the play at the end of her present tour in "The Dawn of a Tomorrow."

## Animal Tales.

A family of hairless squirrels have made their home in the attic of a house in Bowdoinham, Me. It is said that there is not a hair on them, and nobody seems to know the reason.

Nov. 22 an eagle got caught in a No. 3 steel trap at Plymouth, Cal., and carried the trap away with it. Two weeks afterward the eagle was killed at Edgewood, 300 miles distant, with the steel trap still clinging to its leg.

Almon J. Rivers of Worcester, Mass., has a cat that wakes him up every morning at 5:45 as regularly as an alarm clock. The cat goes to its master's bed and scratches and meows until the head of the house is awakened.

## Short Stories.

Twenty-seven great reclamation projects are now under way in the United States.

There are no paupers in Servia. There is work there for everybody who needs it.

Covering an area of 2,450 acres, the largest hydraulic gold mine in the world is in Trinity county, Cal.

The curvature of the earth is seven inches per mile. On such a curvature a man six feet high cannot be seen from a distance of ten miles.

## TRUSTEE'S SALE.

By virtue of the power of sale contained in a certain deed of trust made by L. M. Reeves, Ross, Reeves and Mollie L. Reeves, to the undersigned trustee, dated July 8, 1909, and registered in the office of the register of deeds for Buncombe county, N. C., in book of mortgages and deeds of trust
