

DIRTY KIDNEYS ARE CAUSE OF BACKACHE

A few doses clean and regulate the Kidneys ending lame back and Bladder misery.

If you take several doses of Pape's Diuretic, all backache and distress from out-of-order kidneys or bladder trouble will vanish, and you will feel fine. Lame back, painful stitches, rheumatism, nervous headache, dizziness, irritability, sleeplessness, inflamed or swollen eyelids, worn-out, sick feeling and other symptoms of sluggish, inactive kidneys disappear.

THE VETO POWER HAS ADVANTAGES

Many Are in Favor of Giving It the Governor of North Carolina.

The Gazette-News Bureau, Chamber of Commerce Rooms, Holleman Building, Raleigh, Feb. 1. The fact that North Carolina is now the only state in the union which has not conferred upon its governor the veto power is beginning to be talked about. Of course no change in the constitution regarding such a measure would affect a governor whose term of office was already on.

MRS. SULLIVAN'S TERRIBLE WEAKNESS

Was the Cause of Much Suffering, that Cardui, the Woman's Tonic, Finally Relieved.

Pavilion, Mich.—"As a result of serious female complaint, occurring every two weeks," writes Mrs. William Sullivan, of Pavilion, Mich., "I became so weak that I could hardly get around. I took five bottles of Cardui, and it straightened me up, right away. I hope this letter will induce some suffering lady to take Cardui."

BOARD OF EDUCATION EXTENDS SCHOOL TERMS

A Number of Matters of Importance, Besides, Are Given Attention.

At a meeting of the county board of education held in the office of Superintendent Reynolds in the court house yesterday several matters of importance were given attention including the approval by the board of a petition for an election to be held in Union district, Leicester township, for the purpose of voting a special tax for a longer school term.

Save This Recipe for Cough Syrup. It's Splendid.

You can make this unequalled cough syrup at home in five minutes, and you will find it a very handsome household remedy. A few doses usually conquer a deep-seated cough. This recipe makes a full pint for only 54 cents, and lasts a whole family a long time. Tastes good, too. There is nothing better at any price.

ANOTHER LONG JAUNT BY AGED PEDESTRIAN

Weston, Aged 72, Expects to Cross the Continent Afoot in 100 Days or Less.

Los Angeles, Cal., Feb. 1.—With a message of greeting from the mayor of Los Angeles to the mayor of New York, Edward Payson Weston, the veteran long-distance walker, this afternoon starts from this city on a walk across the continent to New York, to be accomplished, according to his schedule in 100 days. The trip as mapped out calls for a walk of about 45,000 miles. He expects to average 4 1/2 miles a day, but this is a conservative estimate for him, and on some days he has accomplished over ninety miles.

SKIN SUFFERERS' DOUBT IS REMOVED

Many eczema sufferers have failed so utterly with salves and other "dis-coveries" that even the assurance of the best physician or druggist cannot induce them to invest another dollar in any remedy.

AT THE PALACE.

The Cold Weather Did Not Keep a Large Crowd From Attending Last Night.

There were three curtain calls and an enthusiastic audience present last night at the Palace theater to greet the new installation of vaudeville artists who will hold the boards at this popular vaudeville house this week, and from the enthusiasm shown they were heartily ushered in.

New Head of Clark College. Worcester, Mass., Feb. 1.—Clark college today installed Dr. Edmund C. Sanford as president of that institution. The ceremonies, which took place in the gymnasium this forenoon, were witnessed by a large number of the most prominent educators of the country. This afternoon there were a luncheon and reception in honor of the visitors.

The new president is fifty years old and a native of Oakland, Cal. In his early career he was a teacher in Honolulu and later an instructor at Johns Hopkins University. For the last 29 years he has been a member of the faculty of Clark college, occupying during the most of that time the chair of experimental and comparative psychology.

New Trade Treaty in Effect.

Ottawa, Ont., Feb. 1.—Following several years of agitation and many long debates in the Dominion parliament, the trade treaty agreed upon last year by the Dominion of Canada and France was put into operation today. The treaty provides for commercial reciprocity between the two nations in the broadest sense. Under its provisions practically all of the manufactured and natural products of the Dominion are admitted to France and her colonies under the minimum tariff rates and the products of France are to enjoy the same privileges when exported to Canada.

Life Isn't Worth Living

When This Statement is Made It May Be Generally Attributed to the Lack of Good Health.

We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper, who are so exhausted that they feel they must give up, and have become so dependent that life doesn't seem worth living. We believe we know what is the matter with these people in this condition, and if they will follow our advice we can tell them how to regain good health and that buoyancy of feeling which makes life seem surrounded with happiness and sunshine.

Most of the above-described conditions are chiefly caused by what is commonly called catarrh, a "be-vet-par" condition of mucous membranes. This delicate lining of certain of the body cavities becomes weakened, mental depression ensuing as one of the results. The wise way to overcome this condition is through a treatment of the general system. We have the treatment, and we are so positive it will produce the results we claim for it that we will supply it to any one with the understanding that we will return them every penny paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Resall Mucuo-Tone, which is a scientifically devised alternative tonic and body builder. Its action being to aid the body in its natural and healthy functions of the mucous membranes. Resall Mucuo-Tone acts to expel the catarrhal poison, restore the mucous cells to good health, tone up the whole body, allay inflammation, remove congestion and stimulate the system to healthy activity. It is splendid for ailing in the building up of flesh and muscle tissue and removing weaknesses.

Come to our store and get a bottle of Mucuo-Tone, and after trying it a reasonable trial, if you are not satisfied, simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Resall Mucuo-Tone comes in two sizes, 50 cents and \$1.60. Remember you can obtain Resall Mucuo-Tone in Asheville only at our store—The Resall Store—Smith's Drug Store, Pack Square, opposite public library.

Arranging the Vance Letters. Secretary R. D. W. Connor of the North Carolina Historical commission is now arranging in order the thousands of letters and documents which have been turned over to the commission by Mrs. Vance of Asheville, and which embrace the private and semi-private letters of Governor Vance. The earliest letter found so far was written while he was a student at the University of North Carolina. Relatively few of the letters are from him, most of them being to him, but almost all of them bear upon public matters and most of them were written during the notable period when he was engaged during the civil war, from 1862 to the close in April, 1865. The collection is very valuable and will shed much light upon many matters.

Today Rev. J. H. Crosby, for two years assistant rector of Christ Episcopal church here, left for Aurora, to take charge of the church there, which has over 140 communicants. He is transferred from the Diocese of North Carolina to the Diocese of East Carolina.

Gold Medals Received.

The commissioner of Agriculture has received from the National Fruit show, which was held last November at Council Bluffs, the gold medal won by this state and by private exhibitors. These were shown to the governor and he was very much pleased. The medals are large and very handsome. They go to the following associations and individuals: L. B. Shaw, best collection of canned goods; William M. Jones, peanuts; North Carolina Horticultural society, canned peaches, pears and tomatoes, three medals; F. P. Benham, quinces and pears, two medals; Clarence C. Call, evaporated apples; William M. Hutt, general collection of nuts and evaporated fruit, two medals; also medal for best canned fruit; Cherokee Indians of Swain county, butternuts. If the state board of agriculture had made a corn exhibit at the annual corn show last year it would have won, simply by taking there the great display which was made here during the Farmers' national congress, but the board failed to make preparation for it. A Hyde county man took the prize there for the best corn grown south of the Ohio river.

Raleigh's Auditorium.

This week the old bank of Cape Fear here, which has for years been used for law offices, is to be sold at auction and removed to make way for the municipal building and auditorium, work on which begins February 15. Mayor Wynne says that as soon as work actually begins on these buildings the present city market will be advertised for sale and the commission which has that matter in charge will look for the best site for the new market. He says this will require considerable land, at least 150 feet by 420, as it is the desire to have the building extend through a block, and there must be streets on either side of it.

In spite of the cold weather some peach trees are coming into bloom here, and though the ground was hard frozen yesterday morning the blooms did not appear to be damaged. State Auditor Dixon reports that last year there were 20 deaths at the Soldiers' Home here against 35 the year before. He remarked that this is a very heavy percentage, the average number of inmates being 142, but then it may be expected in the case of men who are ready to die.

Auditor Dixon is in hopes that the monument to the memory of Henry W. Wyatt, the first Confederate soldier killed in battle, will be ordered for this year. The last legislature appropriated \$2500 for it, upon condition a like sum was privately raised, his legislative appropriation becoming available the first of next January. Dr. Dixon warmly favors the idea of having a memorial in the shape of a drinking fountain in the Capitol square, with a figure of a woman giving water to a wounded soldier. This would also make the monument one to the women of the Confederacy.

It is decided to have the spring musical festival of the Raleigh Choral society during the last days of April. The Pittsburgh festival orchestra of 40 men has been engaged, also four soloists and Madeline Jomell, a noted singer, who last year won great favor at Richmond and Atlanta. There will be 125 voices in the chorus. Prohibitionists of Illinois will hold their state convention at Springfield in May.

CHARLOTTE SPORTS ACQUIRE TASTE FOR WRESTLING GAME

They'd Pay Real Money to See Drake Meet a Wrestler With Some Class to Him.

White Horse, who is said to be an Indian, now lounging around Asheville, but who claims the middleweight wrestling championship of the west, so, as the Charlotte Observer, has challenged John Drake for a bout in Charlotte, but the promoters have taken no steps toward looking the engagement. It is not known what will be the future of this prize in Charlotte, but those who have stood for the other engagements may decide to continue in the business for a little longer, contending that they have lost money on the venture.

"The local fraternity has about reached the point where it would pay to witness a match of some class—not that the other contests have been of an inferior type, for they have been uncommonly good and interesting—but because the taste which has been put in the mouth is craving a better talent. It is hoped that the management will eventually pull off one of the big contests in wrestling at the auditorium.

Consumptives Must Register.

Austin, Tex., Feb. 1.—Every case of tuberculosis in Texas must be registered with the health authorities, according to the provisions of the new state sanitary code which goes into effect today. The reports on tuberculosis are to be privately kept and are to be considered in the light of a confidential communication, not for the purpose of isolation, but with the object of education in sanitary precautions and to supply literature of the state board of health. A number of new regulations in regard to the quarantine of contagious diseases and the sanitary requirements of hotels and sleeping cars are also contained in the new code, which has the absolute force of law.

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

We want every man and woman, suffering from the excruciating tortures of piles to just send their name and address to us and get by return mail a free trial package of the most effective and positive cure ever known for this disease, Pyramid Pile Cure.
