## SPARTANBURG COMMITTEE DECIDING UPON ROUTE

### Part of Spartanburg-Tryon Highway Has Already Been Decided Upon.

There was a meeting Friday, says the Spartanburg Herald, of the good roads committee appointed at Tryon some time ago to locate the Spartanburg-Tryon highway. The meeting was held in the office of President Arch B. Calvert, chairman of the committee. The route from the North Carolina line as far as Gramling was decided upon. There will be another meeting of the committee at Inman Tuesday, April 22, at noon, to decide upon the route from Gramling to Spartanburg. The route from the North Carolina line to Gramling follows pretty much the old road. There are a few changes of the route, but these few changes do not vary much from the present road.

## Another Detective Story.

The experiment of publishing in weekly installments the best detective and mystery stories, which was begun by the New York Sunday World six months ago, has proved a great success. That newspaper now announces that on Sunday, May 1, it will begin publication of "That Mainwaring Affair," the exciting realistic romance written by Ralph Henry Barbour.

## JACKSON COUNTY MATTERS.

### Dissatisfaction About Census Jobs—Railroad Rumors Continue to Be Heard.

Correspondence of The Gazette-News, Sylva, April 12.—The inner workings of the census organization as it affects Jackson county is slowly but surely leaking out, and the program alleged to have followed is as follows: There was an examination of applicants by the postmaster at Webster February 25, in which very few applicants are reported to have successfully passed. A hurry-up call was sounded from Waynesville and the chairman of the republican county executive committee immediately had business in Waynesville. After a space of several days the chairman transmitted letters to the "successful" applicants advising them that they had passed the examination all O. K. and would be appointed. No word came from the supervisor until the blanks and commissions were sent out. As a coincidence the chairman in Jackson appointed himself one of the enumerators, turning down a poor, but worthy, lady applicant in his own township, a la Luther. There is much dissatisfaction being expressed on all sides and it is just possible this dissatisfaction will be reflected in November unless the unexpected happens.

The fact that Supervisor Norswood submitted the Jackson appointments to a prominent democrat of this county, under the impression that that gentleman was a republican, gave the little game deal away. Railroad rumors continue to be heard hereabouts. The fact that Hon. C. J. Harris has become interested in the scheme gives a certain degree of confidence to the proposition. Col. Harris has a reputation of doing things in this burg.

## Important to Mothers

A record of sixty-five years continuous use of "Mrs. Winslow's Soothing Syrup" by mothers in all parts of the world, is the highest praise that any remedy for "children's teething" has ever received. Every year the young mother follows in the footsteps of her mother and finds Mrs. Winslow's Soothing Syrup to be the favorite, and so it has gone on for a period of sixty-five years. Millions of mothers had used it for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, diarrhoea, and colic, drives out worms, and medicine dealers in all parts of the known world, guaranteed under the Food and Drug Act of June 25, 1906. Serial Number 1088. Twenty-five cents a bottle. To save and use for Mrs. Winslow's Soothing Syrup and take no other.

Shuford; the Allright-Seat company of Greensboro, to manufacture and deal in all kinds of seats, the authorized capital stock being \$50,000; the Polkton Brick company of Polkton, to manufacture brick and other clay products, the capital stock being \$100,000; The East Lake Telephone company of Buffalo City, with a capital stock of \$10,000.

## SCORE WAS TEN TO NINE IN FAVOR OF BINGHAM

### Game with Tennessee Military Institute Featured by Heavy Stick Work.

Bingham took his first game of the series with the Tennessee Military Institute at Riverside yesterday by a score of 10 to 9. The game was fast and snappy and intensely interesting. The teams showed up about even, the institute having a bit the best of the argument in hits. Bingham securing nine hits during the game and Tennessee 13. The feature of the game was perhaps the heavy hitting by both teams, the boys slugging the ball all over the outer pasture and but for the good fielding the hits would have run high. Schullien pitched eight innings for Bingham and was relieved in 11th by Willott while Zimowski and Quinn pitched for the Tennesseans. Angler, Felmet and Whitsett starred for Bingham while Zimowski and Smith starred for the visitors.

## WHY SALVES FAIL TO CURE ECZEMA

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and do not penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen, thymol, glycerine, etc., as compounded in D. D. D. Prescription.

After ten years of cure after cure, we ourselves do not hesitate to recommend D. D. D. Prescription at \$1.00 a bottle. Not for the benefit of those who have never tried the prescription, we arranged with the D. D. D. Laboratories of Chicago for a special large trial bottle at 25 cents on an application now. This first 25 cent bottle ought to convince every sufferer; perhaps it will affect a complete cure (as it has in some cases); at any rate, it will surely take away the itch at once.
