Desperate Fight In Lions' Cage

Peter Taylor, a Farmer in the Bostock Menagerie, Terribly Torn by Trained Lions.

New York, June 9.—Living unconscious at the feet of Dutchess, the largest menagerie at Dreamland, Coney Island, Peter Taylor, a tamer of wild animals appearing in the

PETER TAYLOR

arena, was found by two of the attendants with his face and hands and upper part of his body so badly torn that he will probably die.

Taylor was attacked by the animals while he was preparing for the performance in the arena. He had a desperate struggle, and his escape from immediate death was miraculous.

GERMAN BRINGS SERIOUS CHARGE AGAINST PEARY

Says That Explorer Charged for Rescuing Him from Arctic Zone

Berlin, June 9.—Commander Robert E. Peary, who was rescued yesterday with papers in a suit brought by Rudolph Francke, left for London this morning.

Berlin, Germany, June 9.—Rudolph Francke, who was associated with Dr. Frederick A. Cook in Arctic explorations, has brought suit against Commander R. E. Peary in the sum of \$100,000. The amount is estimated at half the value of furs, walrus and narwhale teeth which Francke bought from natives in the Arctic region upon arrangement with Dr. Cook that they should share them half and half.

According to Francke's statement, Commander Peary found him seriously ill at Etah, owing to a fall on a glacier, and took advantage of this to demand the entire collection as the

KNOWLEDGE OF FOOD. Proper Selection of Great Importance in Summer.

The feeding of infants is a very serious proposition, as all mothers know. Food must be used that will easily digest or the undigested parts will be thrown into the intestines and cause sickness.

It is important to know a food can be obtained that is always safe; that is Grape-Nuts.

A Texas mother writes: "My baby took the first premium at a baby show and is in every way a prize baby. I have fed him on Grape-Nuts since he was five months old. I also use your Postum for myself."

Grape-Nuts food is not made solely for a baby food by any means, but is manufactured for all human beings.

One special point of value is that the food is partially predigested in the process of manufacture, not by any drugs or chemicals whatsoever, but simply by the action of heat, moisture, and time, which permits the diastase to grow, and change the starch into dextrin, a portion of which is further changed to dextrose or grape-sugar. This presents food to the system ready for immediate assimilation.

Its special value as a food, beyond the fact that it is easily digested, is that it supplies the needed elements to quickly rebuild the cells in the brain and nerve centres throughout the body.

Read the little book, "The Road to Well-being, in plain, "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

price of transporting him to America. Francke claims that he did not get of his own free will but by compulsion, and says that Peary set aside a part of the collection to present to ex-President Roosevelt.

The papers in the suit were served on Commander Peary at a hotel this evening. He refused to take them when they were handed to him by a deputy and the officer then left them on a table in the presence of a witness, calling the commander's attention to the fact that this was a legal service.

Earlier in the day when the report of a court action against Commander Peary was being noised about, the commander sought out the American ambassador, David Jayne Hill, and submitted the case to him. He insisted that he left the matter in the ambassador's hands and had written his hands of the whole affair. He declined to make any statement with reference to the suit. Commander Peary gave a lecture last night to a crowded house, through an interpreter. He left for London today.

BURGLAR WAS WORSTED BY MISS F. DOLINSKY

His Face Presented Interesting Pattern of Cuts and Scratches, When He Appeared in Court.

New York, June 9.—The best of the courage of Miss Freda Dolinsky, 29 years old, who lives at No. 211 Henry street, appeared on the face of Max Levine, who is 22, when Magistrate Cornell, in the Essex Market court, held him in \$2500 bail on a charge of burglary, preferred by the young woman.

Levine's countenance presented an interesting pattern of cuts and scratches made by Miss Dolinsky's strong young fingers and a green and

MISS FREDA DOLINSKY

blue mound just under his right eye marked the exact spot where she had disciplined him with a seltzer bottle. He wore an expression of profound chagrin, which gave place to one of singular sheepishness when Miss Dolinsky identified a pistol as one he had fired with imperfect marksmanship and which she had taken away from him.

The Dolinsky family lives on the third floor at No. 211 Henry street, and Miss Dolinsky and a younger sister sleep in a room near the rear of the apartment. They were awakened by the noise of a chair falling in the kitchen, and Miss Dolinsky lit a gas jet and went to investigate.

The Only Place.

A gentleman was standing in the lobby of one of Birmingham's leading hotels when some one made a remark about it being so easy to get a little "wet refreshment" in the Magic city. The young man said, "I have been in Birmingham for nine days and I have never found that wet spot yet, and I want to tell you I have looked for it, too." The "never-sleep" negro porter of this hostelry had become interested in the conversation, and, advancing close enough to the speaker to tip his cap politely, asked this question: "Boss, where is you been stopping since you come to town—in de cemetery?"

ENGLISH VICAR TO TELL OF SWINDLE

Rev. William Boden Bladon Will Tell Grand Jury All About World-Wide Plot.

New York, June 9.—Although Walter S. Mayer, chief postoffice inspector, would not make a statement for publication yesterday, it was learned from another source that the Rev. William Boden Bladon, who arrived in New York on board the St. Louis, of the American line, on Sunday, will go to Philadelphia in a day or two to appear before the Federal grand jury there to furnish evidence against two men now under arrest charged with having conducted an international swindle by which they accumulated more than a million dollars in ten years.

Immediately upon the arrival of the steamer Mr. Bladon, who is accompanied by his wife and three daughters and Edgar Morris, his attorney, went to the Hotel Buckingham, where they were joined within an hour by the inspector. He held a long conference with them, the nature of which he refused to reveal, but it is generally believed to have been with reference to the evidence the clergyman could give against the men under arrest.

He had on December 23 last that the Herald printed an exclusive cable dispatch from London calling attention to the gigantic and intricate scheme by which scores if not hundreds of Englishmen and Scotchmen had been swindled out of large sums on the representation that they were heirs to immensely valuable mining lands in the West.

Almost simultaneously with the publication of this article there came the arrest in the Grand Central hotel, by Charles alias "Red" Adams, who was recognized by the police as an old offender. He was at that time suspected of being at the head of the syndicate of swindlers described in the Herald. He was convicted on the charge on which he was arrested and is now serving a long term in the federal prison in Atlanta.

The men now under arrest in Philadelphia, who used the names of Starbuck and Reed, moved in good society in that city and were supposed to be wealthy brokers. They are suspected by the police of having been confederates of Adams in the international swindling game, and every possible effort is being made to bring about their conviction.

At the Hotel Buckingham yesterday the Rev. Mr. Bladon betrayed amazement at the persistence with which he was questioned as to the cause of his arrest in the United States. He had hoped, he said, to be able to leave the occasion without the fact of his presence being generally known. He would not say that he was here to appear as a witness in any criminal proceeding, nor would he deny it.

ASHEVILLE LOST THE LAST GAME

Knoxville Took the Mountaineers into Camp Yesterday 10 to 7—Other Results.

The Mountaineers of the Southeastern league returned last night from Knoxville where yesterday they lost to the Appalachians the last game of the series played at Knoxville. The Appalachians came in this afternoon and the two teams are playing the first game of a series of three on the home diamond.

The game yesterday, which went to the Appalachians by a score of 10 to 7, was featured by errors and heavy hitting. Willett, who was in the box for the Mountaineers, was touched for 12 hits, while Ash, twirling for Knoxville, suffered 11 hits. Knoxville made six errors and Asheville four. During the first three innings Knoxville hammered out five runs and Asheville two. Knoxville made another run in the fifth and four in the ninth, while the best the Mountaineers could do was to send two runners over the home plate in the fifth, one in the eighth and two in the ninth.

Score by innings: R. H. E. Asheville 7: 023 010 004 10 12 6 Knoxville 10: 200 020 012 7 11 4

The league season is starting off well and if the teams receive the proper support the people of this city will witness some fast ball. Manager Gaston and the men interested with him are determined to win the pennant and will continue to bring in recruits until they have the fastest team in the league. A new pitcher, Rice, who played in the Maryland league last year, is now on his way here to join the Mountaineers while it is likely that one or more men may be gotten from the Atlanta aggregation of the Southern league. Rice is a southpaw and said to be fine.

YESTERDAY'S RESULTS.

- Southeastern. Knoxville 10; Asheville 7; Johnson City 3; Rome 2; Gadsden 2; Morristown 2.
- National. St. Louis 6; New York 7; Cincinnati 13; Brooklyn 2; Pittsburgh 6; Boston 2; Chicago 7; Philadelphia 3.
- Southern. Mobile 2; Nashville 2; Birmingham 6; Atlanta 1; New Orleans 2; Memphis 6; Montgomery 2; Chattanooga 5.
- South Atlantic. Columbus 6; Columbia 9; Savannah 4; Augusta 6; Jacksonville 1; Miami 6.
- American. Washington 4; Detroit 5; New York 4; St. Louis 4; called out of seventh, rain. Philadelphia 13; Cleveland 1; Boston 4; Chicago 5; 12 innings.
- Carolina. Greenville 5; Spartanburg 4; Greenville 8; Spartanburg 4; Charlotte 5; Greensboro 4; Charlotte 3; Greensboro 3; Anderson 5; Winston-Salem 3; Anderson 6; Winston-Salem 2.
- Eastern Carolina. Wilson 2; Rocky Mount 1; Fayetteville 4; Goldsboro 9; Raleigh 2; Wilmington 6.

BASEBALL NOTES.

Providence and Toronto are both traveling to the top of the Eastern league at a fast pace.

Pitcher Quinn of the Highlanders has won four straight games from Washington this season.

Cincinnati fans claim that Eagan is the best second baseman in the National League this season.

Fred Lake is having a hard time of it trying to make a winner of the Boston Nationals.

It is evident that it will take some time for Johnny King to regain his former speed.

When the Cubs started for the East Pitcher "King" Cole had six victories in a row to his credit.

"Bugs" Raymond has been doing good work for the Giants of late and looks to be the "Bugs" of old.

If the St. Louis Browns continue to lose a place will have to be found for them below the percentage table.

Starting the season like winners, but now headed for the cellar, is the story of Charlie Doolin and his Quakers.

Hyder Barr, who was with the Athletics last season, is in a serious condition from typhoid fever at Mobile, Ala.

The Athletics and Highlanders will both have to keep going at top speed on the western trip to retain the lead in the American league.

"Doc" White of the White Sox wants Mr. Chalmers of Detroit to offer an automobile as a prize to the tallest and slimmest left-handed pitcher in the big leagues. "Doc" says it would be a real chance for him to cop a joy wagon.

Fans who attended the following games on Decoration day got a swell run for their money: New York Giants beat the Phillies 4 to 3; the game going 16 innings; Newark 1, Jersey City 1, (17 innings); and Minneapolis 3, St. Paul 2 (18 innings).

Berlin, June 9.—The appointment of Herr von Lindquist as secretary of state for the colonies was gazetted today.

YOU CAN CURE THAT BACKACHE.

Wheat-Hearts Griddle Cakes. (Superior to Buckwheat.) And Infinitely More Digestible. To one cup of WHEAT-HEART'S add one cup of flour, one teaspoon of salt, two teaspoons of baking powder, one tablespoonful of brown sugar, one well beaten egg, and sufficient sweet milk to make a thin batter. Bake on hot, well greased griddle, and serve with syrup.

IS YOUR SILVERWARE ALL RIGHT?

Thousands of Families Are Wondering Why Silver Plating Seems to Wear Off So Quickly—Trouble Caused by Wrong Kind of Polish.

Have you noticed that your silverware doesn't seem to last as well as it did some years ago? Many housewives are complaining bitterly of this and accusing the manufacturers of using less silver in the plating.

As a matter of fact, the fault is, as a rule, entirely with the housewife herself or using some new kind of metal polish that she knows nothing about.

Years of actual use will not do as much damage to good silverware or other metals as one or two cleanings with a bad polish.

The trouble with a great many dry polishes is that, in addition to requiring more work and time in cleaning, they create a friction that rubs off some of the silver itself.

Liquid polishes are easier and quicker to use and do not rub off the silver. But many liquid polishes contain ammonia, which cuts into and under the silver and causes it to wear away, something like rust spoils the surface of a piece of iron.

For a good many years there has been on sale in stores all over the country a liquid polish for all metals that contains no ammonia and that is called BURNISHINE. This is said to be the oldest metal polish on the market and is made from some secret formula that almost instantly cleans and polishes any kind of metal without either scratching or wearing it off or eating into it as ammonia does.

Hundreds of fine old families who have a great deal of silver as well as harness trimmings and other metal work to keep bright have used BURNISHINE for generations. They realize the importance of avoiding unscientific polishes that do more harm than good and no inducement could lead them to try any new polish for their years of experience with BURNISHINE has proved to them that it is not only easier and quicker, but also that it never harms the finest metal surface.

In the government buildings at Washington, BURNISHINE has been used for many years to polish all the metal work. It is also used in the army and on the U. S. battleships as well as by most of the big hotels and stores for their brass railings, outdoor signs, show cases and other metal work.

A PARIS HINT.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick-headache, prevent drowsiness and invigorate the whole system. Sold by all dealers.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick-headache, prevent drowsiness and invigorate the whole system. Sold by all dealers.

He Gathers Them In.

New York World.

When the late Gov. Johnson of Minnesota was in the flesh Mr. Bryan held him in high regard, tempered only by a gnawing fear that he might have some plutocratic friends.

Gov. Harmon of Ohio is now conspicuous enough to merit and receive the same distinguished attention. Mr. Bryan looks with favor upon this great Democrat also, but he entertains a sickening doubt of his courage.

One of these days the painful discovery will be made at Lincoln, Neb., that Mayor Gaynor, although a great and good man, has his faults. Any other gentleman of Jeffersonian tendencies who chance to be elected to high office will be likely to fall a few inches short of the Bryan standard.

In this fashion are the hopes of Democracy blighted as they bloom. The eagle eye of the Western World is upon them. Like death the reaper, he cuts them down; like the gravedigger, he gathers them in.

Your Health and Your Refrigerator

Food preserving has a great deal to do with one's health, more than you perhaps fully realize.

Food a bit tainted causes disease—a refrigerator that does not perfectly preserve causes tainted food—hence the necessity of perfect refrigeration.

The North Star is a perfect food preserver.

BURTON & HOLT

NOTICE

Pursuant to an order of the Referee in bankruptcy in the United States Court for the Western District of North Carolina, the undersigned trustee in bankruptcy, in the matter of David H. Rosenstein, will offer for sale to the highest bidder for cash, at the court house door in the city of Asheville, county of Buncombe, state of North Carolina, at 12 o'clock, noon, on Wednesday, the 1st day of June, 1910, the leasehold interest of the said David H. Rosenstein, bankrupt, in and to the store building, situate at the corner of Patton avenue and Haywood street, formerly occupied by the Asheville Pharmacy and such portions thereof as it had sublet. This sale is made subject to a lien of \$1000.00 and interest from October 2, 1909, held by the American National Bank on said leasehold. The term of the said lease is five years from April 30, 1905. Pending public sale the undersigned will receive bids and may sell at private sale.

RICHARD H. ROTH, Trustee. 101-102 Clerk of City of Asheville.
