Success Assuring Sale of Sales

The Proof Conclusive Lies in the Glowing Testimonials of Hundreds who've Attended

A LITTLE TALK ON QUALITY — VALUES — PRICES — SALES

There are a great many places where you can buy goods at apparently extremely low prices, but experience teaches, except in rare exceptions, that the goods are worth no more than the prices paid for them—A FIVE DOLLAR ARTICLE AT SOME STORES ADVERTISED AT A SPECIAL SALE PRICE OF ONLY \$2.98 IS THE IDENTICAL SAME THING THE OTHER MERCHANT OR THE "CASH MERCHANT" WILL SELL YOU ANY OLD DAY IN THE WEEK AT \$2.98.

So you will understand that some store's BIG SPECIALS are only the other fellow's regular prices—therefore bound to be a very distinct difference between the respective stores' represented sale values.

AT ALL TIMES—Price is only one of the things to be considered, for if you fail to get the quality, you simply throw away good money, no matter how small the amount may be. Therefore, our policy is, and always has been, to sell the right quality at the right price for spot cash, and by honest comparison you will find, invariably, that a lower price than ours means also a corresponding lower quality, or on the other hand a comparatively overestimated value on account of, perhaps, credit system.

IT IS A COMBINATION OF MY PAST REPUTATION FOR SELLING AT SMALL PROFIT—FOR CASH. NEVER MISREPRESENTING—THE ACTUAL VALUE—THE PRESENT PRICE—THE QUALITY—THAT MAKES THIS MILL & FACTORY SALE SO STRONG, COMPARATIVELY SPEAKING.

Test it as you will, you'll find Stoner just about right; and Stoner's Sale the really advantageous trading place for you.

Fourth Consecutive Chastisement Administered by Johnson City.

Special to the Gazette-News. Johnson City, Tenn., June 17.—Asheville's losing streak remains unbroken. The Mountaineers, in the opening game of the series here yesterday put up good ball, but they simply played in hard luck and lost to Johnson City by a score of 5 to 0. Willett, in the box for the Mountaineers, pitched a good game but was not effective in tight places while "Leather" Kelly pitching for Johnson City, pulled out of tight places in a manner to win the admiration of the 1200 fans who witnessed the game. Hill and Johnson for Johnson City and Woodward for Asheville were stars at the bat each smashing out a couple of hits. Woodward also played a stout game in the field.

The score by innings:
Johnson City R. H. E.
Asheville 0 5 2
Batteries: For Asheville, Willett and Johnson; for Johnson City, "Leather" Kelly and Taylor.

YESTERDAY'S RESULTS.

ANGER IN DELAY

Kidney Diseases Are Too Dangerous for Asheville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, burning, urinary troubles, dizziness, diabetes and Bright's disease follow in their train. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Asheville.
S. F. Miller, 30 Turner street, Asheville, N. C., says: "At times I suffered so severely from kidney complaint that I was laid up for several days. There was a dull ache across my loins, extending into my shoulders and a scalding sensation attended the passages of the kidney secretions. I tried a number of remedies and consulted physicians, but did not succeed in finding relief until I procured Doan's Kidney Pills at Dr. T. C. Smith's drug store. They disposed of my trouble in a short time and improved my health. I publicly recommend this remedy in 1910 and now, after five years have elapsed, I am pleased to reiterate every word I then said, as my cure has been permanent."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

WIRELESS COMPANY'S OFFICERS' STATEMENT

New York, June 17.—While the federal judge yesterday afternoon was taking up an investigation into the alleged \$20,000,000 swindle charged against the United Wireless officials here, W. R. Tompkins, president of the New York selling agency, arrested at Lake Mahopac on the joint indictments with President Christopher C. Wilson and Samuel C. Bogart of the United Wireless company, appeared before United States Commissioner Shields and filed a \$10,000 bail for his appearance. Tompkins was charged with Colonel Wilson and Vice-President Bogart with using the United States mails for fraudulent purposes. Postoffice inspectors alleged that \$20,000,000 of Wireless stock had been sold to the public at fictitious high prices and that the stock had been sold from the holders of Wilson and his assistants.
Abraham White, former president of the American DeForest Wireless company, absorbed by the United Wireless, had a conference with the United States district attorney's office and Inspector Meyer of the postoffice department, who is conducting the investigation. Mr. White admitted that the troubles of the United were under discussion and predicted interesting developments. He thought it might be possible that he would be called in. The United Wireless officials gave out a comment on the statement issued by Inspector Meyer in part as follows:
Officials Give Their Side.
No literature issued under the present management of the United company ever stated that it had a controlling interest in other wireless telegraph companies or that it had large shares in the Marconi company. "At intervals the market value of the stock was advanced, but this was thoroughly justifiable in view of the increasing business of the company. It is not true, as accredited to Mr. Meyer, that while the inside officers of the company were privileged to sell their stock, all the outside purchasers were required to accept stock certificates stamped non-transferable. The fact is that all purchasers of United Wireless received stock which was transferable on the books at any time and a large amount of this stock has been transferred from time to time by holders.
The stock is issued to officers for their salaries and based upon the selling price of the stock at the time it was issued, and the stock was also issued for cash advanced by the officers, reaching at one time the amount of \$167,129. The officers receiving it in order to reimburse themselves for their advances were thus privileged to sell, just as other holders were privileged to sell stock for which they paid cash.
The further statement that operating expenses have been much greater than receipts is also untrue.
"We deny that any one officer or all the officers put together have cleaned up \$5,000,000."
Penn Family Heirlooms.
London, June 17.—A notable sale was commenced at Sotheby's today of the Penn family heirlooms, which were bequeathed by Richard Penn, great grandson of the founder of Pennsylvania, to Marianna Rutland, 91 greatest historical interest is the original letters patent, dated August 29, 1694, reinstating William Penn as governor of Pennsylvania in the place of Benjamin Fletcher. Included in the other items of interest are portraits of and a document signed by Admiral Penn, the father of William Penn, and a tobacco box said to have been made from the wood of the great tree under which Penn made his treaty with the Indians in 1682.
American Women's League certificates will be accepted on NEW subscriptions only, to The Gazette-News.

NO OFFICIAL ACTION TAKEN ON CURTAILMENT

North Carolina Cotton Mill Men, However, Have Privately Agreed to Curtail in August.

Charlotte, June 17.—The most significant feature of the annual session of North Carolina cotton manufacturers which met here yesterday was the failure of the mill men to take any official action on the matter of curtailment.
It is understood, officially, however, that probably all of the members have agreed to a complete curtailment in August to continue until the market advances.
The association passed resolutions condemning the rules of the New York exchange which encourage speculation and manipulation and voted to admit Virginia mills to the organization. Plans were also adopted dividing the association into five sub-organizations: gray or white goods, colored goods, hard yarns, soft yarns, knit goods.
The parent organization will remain intact and in control but each department may hold separate meetings to thresh out the problems peculiar to itself. Reports show 52 cotton mills, and 171 yarn mills in the organization, with 4,222,113 spindles, amounting to about one-fourth the looms and one-third the spindles in the south. R. M. Miller, Jr., of Charlotte, was re-elected president.

If every inch of space in this paper was devoted to the quotations of prices and description of goods awaiting your inspection at this big forced sale, it would prove inadequate to convey a comprehensive idea of this vast assembly of trustworthy merchandise that is being ruthlessly slaughtered.
People who have visited this store in the past few days will be agreeably surprised when they see the new bargains Saturday.
