A RACE RIOT; MANY KILLED

Began Over a Note a White Man Endorsed for a Negro at Slocum, Tex; Twenty Negroes Killed, Latest Report.

THREE WHITE MEN INJURED; SITUATION VERY GRAVE

Rioting Continued All Last Night—Sheriff and posse Leave for Scene—Negroes Threaten to 'Clean Out' Whites.

Houston, Tex., July 30.—Special dispatches from Palestine report a serious race riot at Slocum, Anderson county, a small town 15 miles south of Palestine, last night. The latest advices state that 20 negroes were killed and three white men badly wounded.

The trouble was caused by a controversy over a note a white man endorsed for a negro. The negro, when questioned about the reason why he had not paid the note, cursed the white man and said he would "do" him.

Two Hundred Negroes Surrounded. Austin advices are that rangers gathered in the scene of the trouble and militia placed under arms to prompt movement.

Whether the cancellation of the numerous engagements for the fall means a reversal of the president's travel policy or not could not be learned. Political consideration may have had a great deal to do with the president's decision.

The very great number of important legislative acts of the present congress have imposed upon him additional executive duties requiring a great deal of investigation and administrative supervision of work.

The president said yesterday that he regards the Panama canal as one of the very greatest executive responsibilities of his administration. He holds that a rapid and efficient development and a prompt completion of this great enterprise to be of the highest national importance.

PRESIDENT SENDS CRANE INTO FIELD

Wants First Hand Information from Section Over Which Pinchot and Garfield Traveled.

Beverly, Mass., July 30.—Senator Winthrop Murray Crane of Massachusetts, who occupies in the senate a position similar to that of the republican "whip" in the house of representatives, was summoned to Beverly yesterday by President Taft for a long conference.

Senator Crane is perhaps the closest political adviser the president has. He was asked by the president to make a trip through the West in the near future. Going as far as Seattle, Wash., he will inquire into political conditions in the states through which he travels.

Another significant move made by the president was the announcement that Mr. Taft had cancelled all of the engagements tentatively and otherwise that he made in the different parts of the country for this fall.

Wendling is Arrested; He Denies His Guilt

Man Suspected of Murder of Alma Kellner in Louisville Captured by Police of San Francisco—He Breaks Down and Admits He Is the Man Wanted.

San Francisco, July 30.—Joseph Wendling, wanted in Louisville, Ky., in connection with the murder of eight years old Alma Kellner, was taken into custody today. He has admitted his guilt.

Wendling was captured in a Third street lodging house by Detectives Ryan and Butler of the local department. He made no resistance and admitted to the officers on the way to the city prison that he was Wendling, Chief of Police Martin, District Attorney Pickens and two detectives went with him to the prison, attempting to get a confession from him.

It is reported at the prison that Wendling has confessed to the murder, but as he is now locked in a room with the officials this cannot be confirmed.

The capture was due to a tip given the detectives by a note from some unknown person. The note stated that Wendling would be found at 341 Third street. Adjoining this is the lodging house at 245 Third street. Watch was maintained about the place, however, and this morning the detectives determined to search the house. Wendling was found hiding under a sink in the kitchen. He denied that he was the man but the mark of a bullet in his hand, received while he was in the French army was discovered and investigation disclosed a ship tattooed on his body.

TWO DROWN WHEN LAUNCH CAPSIZES

Launch Loaded With Soldiers and Their Families from Fort Screven—Swept Down Stream.

Government, July 30.—At least two persons were drowned and several others had narrow escapes from death, when a covered launch owned by the government and used by the soldiers at Fort Screven was sunk in Lazaretto creek, near the fort, late yesterday afternoon while the outgoing tide was rushing through the creek at racehorse speed.

The dead are: Sergeant Oliver, one of the best non-commissioned officers in the coast artillery corps, and the six years old son of Sergeant Blake.

It is believed that Sergeant Oliver, who is an old man, lost his life while trying to save that of the child. A woman member of the party was caught by the tide and carried down the creek for several hundred yards, screaming for help until she lost consciousness. Fishermen further down the stream heard her and put out in boats. She was caught as she was sweeping by them, hurried to the bank and after a long time revived. Other occupants of the launch, it is believed, now, escaped in safety after battling with the tide.

GIFFORD PINCHOT IS A POSSIBILITY

May Be Candidate of New York Republicans for Governor of the State.

New York, July 30.—Gifford Pinchot, former chief forester under Theodore Roosevelt, took his place yesterday upon the list of possible candidates for the republican nomination for governor of New York and Theodore Roosevelt was asked to support his candidacy.

Although the ex-president is carefully suppressing everything which in any way resembles an outspoken declaration in favor of any candidate, he showed great interest in this latest boom, and it is believed that he does not look unkindly upon it.

Dr. Lindsay explained that although Mr. Pinchot has often been absent from New York state in recent years he always retained his residence here and has regularly voted here. Dr. Lindsay is a close friend of both Colonel Roosevelt and Mr. Pinchot. In common with other friends he has been working quietly on the Pinchot boom for some time and first suggested to Mr. Pinchot himself the possibility that he might run. No definite answer, he said, was returned.

Colonel Roosevelt was told yesterday that in the opinion of Mr. Pinchot's friends he could draw support from the same sources which had given power to Governor Hughes in past campaigns. Mr. Pinchot is reported as in sympathy with the general trend of the Hughes progressive policy and it is pointed out that since he has an ample private fortune he would be able to meet the expenses which the office entails, a consideration said to be largely responsible for the decision of William Loeb, Jr., collector of the port of New York, not to become a candidate for the nomination.

Mr. Pinchot is now on his way east from California, and on his return will have another conference with his old chief, Colonel Roosevelt. Dr. Lindsay will tell him then that as governor of this state he could continue the work of conservation with which his name has become associated in national politics. Dr. Lindsay defined Gifford Pinchot as a progressive.

The personal relations between President Taft and Pinchot have always been pleasant, and they were not interrupted by their differences over the conduct of the interior department. We who favor his candidacy do not consider that his nomination could be taken as an affront to the national administration.

There were a number of other calls at the colonel's editorial offices during the day, among them Judge Alston G. Dayton of West Virginia, Judge Oscar R. Huntley of Alabama, and Senator Beveridge of Indiana.

SOME CENSUS FIGURES ON SALOON BUSINESS

In 178 Cities of 30,000 or More the Number of Drinking Places Has Decreased 4000 in Three Years.

Washington, July 30.—In 158 cities having a population of 30,000 or more in the United States, a census report states, there are 47,131 drinking saloons. Within the last three years there has been a decrease of 4000 due to the fact that a number of cities went "dry." The change was most marked in the South Atlantic states. The census estimates that over 400,000,000 is paid annually in large cities for license fees.

ACUTE DEVELOPMENTS ARE NOW EXPECTED IN SPAIN

MADRID, July 30.—There is much excitement in the capital and throughout Spain over the conflict with the Vatican, which came to a head yesterday with the decision of Premier Canalejas to recall the Spanish ambassador to the Vatican. The governmental and clerical parties have accepted the challenge to battle. Under the existing conditions of ferment, acute developments are expected.

TOLEDO, July 30.—George Coyle, the bartender who murdered Mrs. Edward Hopfinger, a boarding house keeper, wounded his sweetheart, Mrs. Dora Wilson, and then shot himself yesterday, died this morning. Mrs. Wilson will recover.
