w York, Aug. 8 .- The stock market opened without any show of animation. Prices moved sluggishly and for themostpartupwards.

Prices sagged in the presence of an almost stagnant market. The government crop report and Copper Producers' association reports were awaited Beaumont Furniture.. by traders. Copper stocks became active and

strong in the afternoon and the whole W'm.-Brownell Mill .. 21.00 market took a better tone. Active stocks did not move widely for the most part upwards, such to warrant notice.

STARNES AVENUE PEOPLE

The heavy rain yesterday afternoon little inconvenience to some of the residents on Starnes avenue, between Flint street and Cumberland avenue and also to those who attempted to

use the sidewalk at that place, According to the reports of a gen-tleman hydrag in that section he was not able to get to his home until after 9 o'clock last night. He stated that the water was at one time about six inches above the level of the sidewalk and that people passing the street had to make a detour through the yards on one side of the street.

There is a considerable dip between Cumberland avenue and Flint street and it seems that the drain pipe is not sufficient to carry away the water in a deluge such as fell yesterday, al-
