

TWO MAN FLIGHT ACROSS CHANNEL

Astonishing Feat of John P. Moissant of Chicago, Who Has Made Only a Dozen Flights.

A PARIS TO LONDON TRIP ATTEMPTED BY THE AVIATOR

He Descended at Chatham This Morning, Breaking Propeller and Part of Frame.

Chatham, England, Aug. 18.—John P. Moissant, the Chicago aeronaut, who is attempting to fly from Paris to London, descended for a second time near here today, breaking a propeller and part of the frame of the machine in making the second landing.

An Astonishing Flight

Moissant flew across the English channel from Calais to Tilmanstone yesterday with a passenger, and by this achievement far surpassed the feats of Bleriot, De Lesseps and the unfortunate English aviator Rolls, who afterwards met his death at Bourne-mouth.

The two-man flight from France to England was the more astounding of it was only a month ago that Moissant learned to fly and he made so few flights and was so little known among air men that even his nationality was not disclosed.

To make the feat still more surprising, Moissant was totally ignorant of the geography of his course. He had never been in England and was obliged to rely entirely on the compass. The channel flight was an incident in the aerial voyage from Paris to London.

Moissant cared nothing for the warnings of the people and even the fact that there was no torpedo boat in his wake, but only a slow moving tug, did not deter him.

"This is my first visit to England," describing his experience, he said. "This is only my sixth flight in an aeroplane. I did not know the way from Paris to Calais when I started, and I do not know the way to London. I shall have to rely on the compass. I would like to land in Hyde Park if I can find it."

Cannon in Mourful Mood.

Clasna Park, Ill., Aug. 18.—Speaker Joseph G. Cannon yesterday told the old settlers of Iroquois county that he probably was addressing them for the last time. His speech which had been regarded as the opening of the Illinois congressional campaign contained little of its usual vehemence.

Refused Sight of His Wife, Kills Himself.

Norfolk, Aug. 18.—Charles Akers, aged 37, formerly of Lynchburg, Va., was found shot in front of the home of his father-in-law, William Hayes in Huntersville today. He was denied the privilege of seeing his wife and shot himself. He was recently separated from his wife.

Crippen and Miss Le Neve Ready to Return.

Quebec, Aug. 17.—Dr. Crippen and Miss Le Neve are ready to leave for England on an hour's notice. They will probably be taken back on the steamer Lake Manitoba, sailing tomorrow afternoon.

FRANCE RECEIVES HOUDON REPLICA

Bronze Copy of Famous Statue of Washington Is Formally Presented at Versailles.

ACCEPTED FOR THE REPUBLIC BY AMBASSADOR JUSSEURAND

The Virginia Party Are to Be Entertained by President and Mme. Fallieres on August 25.

VERSAILLES, Aug. 18.—In Napoleon hall of the Chateau de Versailles, in the presence of the French minister of war, Mr. Brun, Ambassador Jusserand, Ambassador Bacon and a group of other notables, a bronze replica of Houdon's celebrated statue of Washington, in the state house at Richmond, presented by Virginia to the French republic, was today dedicated with appropriate ceremonies.

General Brun, presiding, spoke of the statue as the greatest work of the great French sculptor of the eighteenth century. Colonel James Mann, chairman of the Virginia commission, delivered the speech of presentation. State Senators Don P. Halsey and F. W. King of Virginia also made addresses on behalf of Virginia. Ambassador Jusserand, in the absence of the French minister of foreign affairs, M. Pichon, accepted the statue on behalf of the French government. He declared the friendship of George Washington and the American people constituted one of the glories of France.

Mr. Mann recounted the splendid deeds of "the father of his country" both in war and in peace and paid fitting tribute to the illustrious Frenchman who aided America in its struggle for liberty. "We remember always," he said, "that but for the aid of France success could not have crowned the efforts of Washington in our revolutionary war. It is because Virginians remember these things and remembering them, love the people of France, that we have come in their name as the bearers of this token of their affection."

REAL FIGHT IS BEGUN UPON MR. CANNON

Representative Longworth, Reflecting, It Is Believed, the Views of the Administration, Says He Will Never Support Cannon Again and Does Not Believe He Can Ever Be Re-elected—Statement Is Given Out at Beverly.

BEVERLY, Mass., Aug. 18. Reflecting the views of the administration, it is generally believed, Representative Nicholas Longworth of Ohio gave out a statement today in which he says he will never support Speaker Cannon again, and does not believe Cannon ever can be re-elected. This is regarded as the actual beginning of the real fight against Cannon.

Longworth, Colonel Roosevelt's son-in-law, is believed to favor the readjustment of the republican leadership. Does Not Propose to Dodge the Issue. "Mr. Cannon in his speeches so far in the campaign and in recent declarations has made his candidacy for the speakership an issue. I for one do not propose to dodge the issue," said Mr. Longworth.

session of congress that Cannon could not be re-elected speaker and my opinion has been strengthened since. I am absolutely convinced that if there is a full attendance at the republican caucus Cannon cannot be again elected speaker. Has a "Genuine Election" for Him, Though. "I have a genuine affection for Mr. Cannon as a man and the highest respect for his splendid fighting qualities. I have supported him five times for the speakership, but cannot do so again. I repeat that I shall oppose the re-election of Cannon to the speakership and I am firmly of the opinion that his re-election is impossible."

The fact that the statement was given out immediately following the conference at the summer White House yesterday regarding plans for the coming congressional campaign is taken here as indicating that President Taft and Vice President Sherman are behind the movement to eliminate Cannon.

BELIEVES IT A FAKE; HAS NOTHING TO SAY

DANVILLE, ILLS., Aug. 18.—Speaker Cannon when shown the Beverly dispatch re-

garding Representative Nicholas Longworth's statement said: "Mr. Cannon declines to answer any statement which Mr. Nicholas Longworth may or may not have made until he sees it. I do not answer any statements which I believe to be fakes that mischievous hearts make. "It is time enough for me to answer the president of the United States if he has any statement to make touching on the republicanism of the speaker of the house of representatives when he makes that statement under his own hand. I will not fight windmills filled by breezes blown from the lungs of political or personal enemies or cowards."

INSURGENTS VICTORIOUS IN CALIFORNIA PRIMARY

San Francisco, Aug. 18.—Returns coming in slowly from all sections of the state seem to add to the completeness of the victory scored in the primary election by the Lincoln-Roosevelt league, as the insurgent faction of the republican party in California is designated. It is estimated that the plurality of Hiram Johnson, its candidate for governor, will not be less than 20,000.

Chas. F. Curry, who ran second for the gubernatorial nomination, leads Alden S. Anderson, the regular organization nominee, by a greater margin.

Two stalwart congressmen, Duncan McKimley, in the second district, and James MacLachlan, apparently have been defeated.

CADY CONCEDES HIS DEFEAT BY ALDRICH

Man Who Recently Opposed Mr. Bryan Nominated for Senator by Democrats in Nebraska.

Omaha, Aug. 18.—Cady practically concedes his defeat by Aldrich in the race for the republican nomination for governor. Dalhman and Shallenberger both claim victory for the democratic nomination. Senator Burkett (republican) and Congressman Hitchcock (democrat) have been nominated for senator by a heavy majority. Hitchcock recently took a stand against Mr. Bryan's county option proposition.

Lincoln, Neb., Aug. 18.—Primary returns on the Tuesday election are being received very slowly except from the city of the state. Congressman G. W. Norris of the Fifth district was renominated without opposition; A. L. Sutton, progressive, won in the second district; Boyd, progressive, leads Brian in the third. Senator Burkett has won a renomination over C. O. Whedon, insurgent candidate for United States senator by a margin of a fourth of his vote.

G. M. Hitchcock has defeated R. L. Metcalf, editor of Bryan's paper, for the democratic nomination for United States senator two to one. It seems likely that Governor Shallenberger will be renominated on the democratic ticket over Mayor Dalhman of Omaha for governor. There appears to be no question that Aldrich, county option candidate for governor, has defeated Cady for the nomination.

Congratulations from Taft. A message has been received from President Taft offering "heartiest congratulations" to William Hayward, secretary of the national republican committee, and the personal friend of the president, who was nominated for congress by the first Nebraska district.

ASHEVILLE TODAY SOUTH'S CAPITAL

Every State Represented—Whole Colonies from the Principal Cities—More Are Coming.

THE ACTUAL FIGURES AT HAND OF ARRIVALS OF LAST NIGHT

This Season the Record Breaker for Western North Carolina, Beating the Yellow Fever Year.

THE summer-guest season in Asheville and western North Carolina is today at flood-tide. Never before, so men grown grey in the service of the railroads in this section say, have so many people from the lowlands found their way to the mountains of western North Carolina; and, again, never before in the history of Asheville, say those men in the employ of the Southern who are constantly on guard at the Southern railway station, have so many summer visitors passed through the gates as during the past five days.

There have been hundreds and thousands of people in Western North Carolina for the past month or six weeks but it remained for the well-conducted and thoroughly-equipped excursion trains of the Southern railway to bring the great bulk of the visitor-crowd during the past few days. Since last Saturday train after train has rolled into the Asheville station from the south with throngs of visitors. It is estimated that between 1500 and 2000 people poured into Asheville alone last Saturday and Sunday. That was really the advance guard of the rush of summer visitors to the mountains. Yesterday afternoon and last night and this afternoon thousands of other summer guests came in: Sunday the last of the excursion trains—the Southern railway terms it per capita excursion—will come from Washington and points en route.

In addition to the crowds coming in on special trains the regular trains daily have been loaded to the boards with incoming visitors. It is said that every resort town in western North Carolina has its quota and more; that the season is at its height and that never before in the history of western North Carolina not even excepting the season when yellow fever broke out in New Orleans and other Louisiana and Alabama cities, has there been such a rush for the coast and the delight of the mountains of this section. It is a season that makes for the prosperity of western North Carolina; a season that undoubtedly will be a record-breaker.

Yesterday afternoon, last night and this afternoon special and regular trains from the south poured several thousand visitors into western North Carolina. Just how many actually came of course will never be known. It is known, however, by actual figures that approximately 2000 visitors came in last evening, this morning and this afternoon on special trains.

Yesterday's Trains.

Train No. 2 from the south yesterday afternoon brought to the resorts of this section, the major portion to Asheville, a total of 710 people, the train being run in three sections. Last night train No. 13 was operated in three sections with a competent railroad official in charge of each section. These three sections brought more than 1900 people. Train No. 41, also from the south, brought its quota while regular trains from the east and the west added to the throng already here. The Savannah crowd came on the second section of No. 13 in charge of District Passenger Agent S. E. Burgess brought 250 people. Regular train No. 41 from South Carolina was in charge of Stanton Curtis, northwest railway passenger agent of the Southern railway at Chicago, bringing four sleepers an d two coaches and between 150 and 200 people. George C. Daniels, the New England passenger agent of the Southern at Boston, was in charge of the largest crowd. He brought the Charleston contingent with a train of nine coaches and approximately 500 people. The per capita excursion from Washington Sunday will bring an additional several hundred. The two sections of No. 2 this afternoon added to the

NOT TO WITHDRAW IN TEDDY'S FAVOR

Vice-President Sherman Says He Has no Intention of Stepping Aside for Roosevelt.

TAFT HAS AGREED TO POINT THE WAY IN THE CAMPAIGN

Letter Which President Will Write Will Be Made Part of Campaign Text Book.

Beverly, Mass., Aug. 18.—For nearly three hours yesterday afternoon President Taft and Vice President Sherman talked over the defeat of Colonel Roosevelt by the New York state committee and the selection of Mr. Sherman over Mr. Roosevelt as temporary chairman of the Saratoga convention. Mr. Sherman said he had no intention of withdrawing in favor of Mr. Roosevelt and he treated lightly the stories that there might be a fight to repudiate the action of the state committee in the convention. The vice president also talked to the president regarding the congressional campaign. He wants the fight to be waged along the old lines.

At Mr. Sherman's solicitation President Taft agreed to writing a letter in the campaign by which the letter which is to be made a part of the campaign text book of the republican committee.

While the fight apparently is to be directed along the lines of the past, it can be said authoritatively that the feature of the party reorganization plans which calls for the retirement of Speaker Joseph G. Cannon will be strictly adhered to. It is even said that Vice President Sherman, one of the staunchest supporters the speaker ever had, has become reconciled to the fact that Mr. Cannon must go. A statement is being prepared in quarters close to the administration in which the attitude recently taken by Mr. Cannon in public interview will be deplored.

Longworth Called. Representative Longworth was with Mr. Sherman yesterday. Representative Anthony of Kansas, so-called stand-pat delegate, was suggested in shaving off defeat in the recent primaries, also saw the president. Though he supported Cannon he, too, said that he deplored the steps the speaker is taking. President Taft will begin work at once on the letter which is expected to be ready for the congressional campaign.

He will address it to Representative McKinley of Illinois, chairman of the congressional committee. Mr. Sherman urged the president to make the tariff a paramount issue.

"On the ground that it is the best tariff bill ever enacted," was suggested by an interviewer. "I have never said it was the best tariff bill ever passed," replied Mr. Sherman. "It is the best real tariff of a tariff act. If the Payne stands longer than the Dingley law stood then it will have proved itself a better law. If it does not stand as long, then it would not be as good a law."

With regard to New York, especially with regard to the state committee, Mr. Sherman said he had explained matters to the president as far as he understood them.

"Did you explain the turn down of Colonel Roosevelt?" "I don't know that Mr. Roosevelt was turned down. I only know that another man was selected as temporary chairman of the convention." Mr. Sherman, it is said, did not give the president a very rosy view of the general situation. Mr. Sherman holds the reputation of never predicting a republican success unless he feels sure of himself. He is not making any prediction this year. This is what he did have to say: "So far as one can judge at this time there is ground for the belief that the republican party will be continued in power."

President Taft would not discuss the vice president's visit in any way. He is going ahead with his plans to visit Panama in November.

Argentine, Uruguay, and Paraguay Buy \$20,000,000 of Cotton Goods, \$300,000 from U.S.

Washington, Aug. 18.—Although Argentina, Uruguay and Paraguay purchase more than \$20,000,000 worth of cotton goods annually, less than \$300,000 of this trade is with the United States, according to a commerce and labor bureau report.

The chief obstacle to larger sales it is said, is American manufacturers' failure to conform closely to the requirements of the market.
