THINKING MEN OF FURTUGAL WERE STARTERS OF REVOLUTION

Provisional President Braga Emphasizes "Philosophical" Source of the Uprising, and Declares It Is First of All to Be Regarded As a Victory for Education.

ADMIRAL REIS TAKES PLACE IN POPULAR MIND WITH BOMBARDA, "MARTYR OF THE REVOLUTION"

Quiet Continues in Lisbon-No Sign of Reaction in Favor of Old Monarchical Party, Which Seems to Heve Gone Out of Business, and All Its Papers Have Suspended-Private Property of Manuel, It Is Said,

Will Not Be Seized.

Manuel Expects to Return.

Gibraltar, Oct. 8 .- King Manuel made his first reference, so far as known to the revolution today, when it is reported that he said he had every confidence that he would be able to return to Lisbon. The king declared that most of the army and the bulk of the people are loyal at heart. The royal party will probably

proceed to Marseilles next P1 Manuel left Lisbon without any luggage, and was compelled to wear a jersey, R which he accepted from a sailor or the yacht.

here. Thus far there is no sign of a reaction in favor of the old regime and the monarchical first of all, a victory for "education, party is generally regarded as dead, especially since the radicula have joined the republicans. Only three of the monarchicals, it is said, took any active part in attempting to suppress the revolutionary movement. Seven papers, which represented the entire monarchical press, have discontinued

It is not yet indicated what action the new government will take against Manuel. the opposition leaders. The date for the reassembling of the national as-

tion was unsuccessful, has taken plac in the popular mind with Dr. Rombarand da, as "martyr of the revolution, whose assassination led up to the rev

Auxious for Confidence of Foreign Governments.

tion with Liston was re-established Official notification is received that the new government is taking the necessary steps to facilitate transmis sion from the foreign diplomatic corps to their governments. The republican ministry expresses a desire to do its utmost to awaken confidence among foreign governments,

Theophile Braga, provisional presi dent, is quoted in the Matin as em phasizing what he calls the "philo sophical" source of the revolution He says the men who spread the doc trines of republicanism were profes sors, mathemeticians, writers, mean o learning. The result, he thinks, is an effort to restore the Portugues people to the intellectual rank lost for

Rome, Ga., Oct. 8.-Col. Rossevell stooped here this morning, on his way to Atlanta, to inspect the Martha Berry industrial school near here Rome he is to speak from a platform constructed of 46 bales of cotton worth

Two Speeches in Atlanta. Atlanta, Oct. 8 .- Roosevelt is due here at 3 o'clock. He will address the Uncle Remus Memorial association At the auditorium he will address the Southern Conservation congress.

Started Day Trying to Keep Quiet. Knoxville, Tenn., Oct. 8 -The south took him across Virginia and a part

Colonel Roosevelt started out the day with the determination to keep as that the first duty of the man who quiet as possible and not to make many speeches, because his throat, which has been troubling him, is not yet in good condition. But wherever he went a crowd was waiting for him. Each crowd was out to cheer and did track, watched the cavalrymen at drill

it until late at night.

The colonel talked "new national-He brought into the south the doctrine which he announced on his return western trip, and emphasized CAPTURE IS EXPECTED it. He defended it from the criticisms He defended it from the criticisms which have been directed against it and said that it was not revolutionary, but was rather designed to put a stop to things which might bring on a revolutionary movement if unchecked. fight in New ork Ystate saying that San Francisco Detectives Think They was taken on the property for \$75. He also put in a few words about his was trying to improve conditions

Discussed "New Nationalism." Knoxville's celebration was held or the grounds of the exposition where Colonel Roosevelt spoke in the afternoon and again at a banquet last night. It was a cold, damp day with a good deal of rain, but the weather didn't keep the people home.

Colonel Roosevelt opened his speech by complimenting the people on their exposition. Then he discussed "new nationalism" and the navy. "I have just come back from a trip

on the other side of the ocean," Colo-nel Roosevelt continued, "and visiting, as I did, several different countries, are two things that struck me "In the first place we have some-

thing to learn from almost each coun-

man gets to the stage when he can- Albania.

not learn anything he is not worth knocking on the head. We have plenty of things to learn and plenty of things which we can improve on have come in contact with several of them and I am engaged in trying b improve my native city and state of New York. It is quite a job, but we are going to do it.

It was stated that the property source-such will probably be the in the town really sold for from three

Bought the Whole Town.

It was rumored here this week that ourchased practically all of the town of Robbinsville. The information was so startling in its nature that for a time little credence was given the re-There were other rumors and still other reports and today a Ga zette-News reporter, in conversation with a gentleman from that section of the state asked about these reports. The rumors were almost entirely confirmed. It was stated that during the past few days the people of Robbinsville have been, to use a slang expres sion "set on fire" by the payment to then of fabulous prices for their holdings in the town. It was further stated that money paid to the people of Robbinsville was paid in gold-in \$10 and \$20 gold pieces. The Whit-ing Lumber company s backed, it is said, by an English syndicate, this has dvanced or stands ready to advance \$2,000,000 on the holding of the com-

pany in Graham county. Prices Jumped Up. It seems, according to the stateent made to The Gazette-News man today, that some time last May an agent of the Whiting company went to a man named Walker in Robbinsville. It seems that Mr. Walker owned practically all the valley along the two streams between which Robbinsville is located. An option 000. A few days ago this option was taken up. In the meantime options were quietly being taken on all the property in Robbinsville, Last week, however, the people who had not given options got wise and the prices jumped "away up." Then it was that the agents of the company boldly went into the town, took up all the options they had, paid in gold for the property and bought other property at from three to ten times it intrinsic

Churches and Schools, and Three Lots. It was further stated this afternoon that options had been either taken or the property bought outright on all the property in Robbinsville with the exception of the Methodist church though 1989 men will be employed. property, the Presbyterian church The plant at Robbinsvine is evidently point nearby. In any event the work railroad between Maryville and Bush- tection of British subjects there,

rom the Tennessee line through to onnect with Bushnell and that it would pass through Robbinsville, and that Robbinsville would be the location of the great lumber camp.

TWENTY-ONE HURT IN TRAIN WRECK

No. 18, Murphy Division, Leaves Track Near Governor's Island, Going Down High Bank.

DEFECTIVE AND DECAYED TIRES CAUSED SPREADING OF RAILS

Such Was Testimony Before Commis sioner Rogers, Who Examined

Passenger train No. 18 of the Murphy division was wrecked about 3:30 o'clock yesterday afternoon a quarter of a mile west of Governor's Island and two miles east of Bryson City The express and baggage car and the two coaches left the rails and turned down an eight foot embankment into the public road. The tender of the engine was derailed and this was got back on the track shortly. The train was in charge of Engineer Wilson and

Conductor Lowe of Asheville.
Of the 21 persons who were reported as injured, two are thought to be seriously hurt. These are W. R. Pulliam of Cherokee, who was badly burt in his body and his hand cut and J. C. Hampton of Hayesville, who was badly crushed. Canie Thomas, colored, of Bryson City was reported hadly bruised.

The other injured are F. H. Hughes of Nantahala, cut in forehead and hip; D. W. Christine of Bryson City, back injured: E A. Ray of Stony, N. C., arm and hip injured; Mrs. George W. Bryson of Canton, cut in head; Helen Angel of Ela, head bruised and finger cut: Lloyd Owl, Indian of Cherokee, hip injured; Manuel Weeks of Whittier, chest injured; Sevier Skitty of Cherokee, shoulder injured: John Palface: Buciah Powell of Ela. N. C. (colored) leg hurt; Richard Watts of Wilmot, leg and ankle hurt; L. B. Ashe of Franklin, head hurt; W. B. Nelson, baggage master, burt in chest; W. B. Bishop, flagman, leg burt, Josh Love, porter, leg hurt; W. W. Gudger, mail clerk, Asheville, slightly injured.

Several persons who were in the wreck came to Asheville today. One of those who was in the smash-up in referring to the accident and giving ils experiences said: "The cause of the accident was light-weight and defective rails. I was eating lunch at the time and felt distinctly the wheels leave the rails and strike the cross-Almost instantly the car jarred and then before one could think twice the car turned over and fell down a -foot embankment into an old field. The mail car, baggage car and coaches were all jerked loose from the engine, the engine staying on the Influence of its Work Will Be Felt the whirl around the car, but was net much hurt and when the car fin-ally landed in that old field I just rambled out. I was told that when the car started to tip over two children through a window and onto the sandy ottom and escaped injury. > of the wreck was the spreading of the

rails owing to defective and decayed

being a scratch on the child's face."

Luke Dixon, a traveling representave of The Gazette-News, was among the passengers on the train who escaped uninjured. This is the first wreck Mr. Dixon has been in since he received two telegrams telling of his leath in the New Market wreck in September, 1904. Eugene Bearden of Asheville was on the train and thrown through the window, but was uninjuret and assisted the conductor in get-

ing a list of the injured. It was learned here this afternoon that the cause of the six hours delay in getting accurate information as to he injured was due to the conductor staying with the wreck until Supt. Boswell and the wrecking crew ar-

No Cause Officially Assigned for It. No cause has been assigned for the which ever occurred on the Murchy New Orleans, Oct. 8.-Conditions of division. There were about 30 passengers on the train and only about nine escaped injury. Flying glass from the car windows was the cause of some of the injuries while other inthe turning cars. The road at the point where the wreck occurred runs along the banks of the Tuckssiegie river and the track makes several sharp curves. The train was moving at only a moderate rate of speed when suddenly the coaches left the track and were whirled down into the field of A. S. Patterson. The buggage coach was almost demolished, smoker was somewhat damaged, while the rear coach was only slightly dam-
