**Gay Colors Bled Autumn.**

In the autumn when the foliage is taking on all the gay shades of scarlet, crimson and gold, one is moved to comment on Mother Nature's way of dressing up the aging year in brilliant trappings. A recognized authority on appropriate dress declares that rich colors are the suitable shades for women past middle age and already entering into the autumn of life. This writer declares that, like the trees, they should dress themselves in crimson and warm browns, leaving black, the accepted color for dowager and elderly dame, to the fresh and fair young girls whose charms are emphasized by its contrast with their pink and white complexions. Older women are learning this lesson in dress and using delicate and bright colors more than ever this season. White is of course especially becoming and always in good taste for the elderly, and gray blends well with silvered hair.

**Confederate Choir Meeting.**

The Confederate choir will meet tomorrow afternoon at 3:30 o'clock at the school of music in the Auditorium. All the members are urged to be present as songs will be practiced for a recital to be given by the choir at an early date. This recital will be full of interest as the singers will wear the quaint old costumes and sing the beautiful old songs. "Forenoon," that exquisite love lyric, "The Girl I Left Behind Me," with the stirring notes of the life in the accompaniment, and many other old time favorites will be included in the program. The time and place of the recital will be announced later. There will be no admission but voluntary silver offerings may be given, to be used for the Christmas gift to the veterans.

**Noted Invalid, Now In Lykins, Ky., Says That She Is In Better Health Than Ever Before.**

Lykins, Ky.—"I have traveled far," writes Mrs. Martha Dingus, from this place, "in search of health. I doctored a great deal with a great many different doctors, but with little result. I have been a noted invalid for 20 years, for I had nearly every disease that my sex is heir to. But since using Cardui, I have been steadily improving. Though now 46 years old, I am in better health than I have been in 20 years."

I give Cardui the credit for it, and feel it my duty to inform you what Cardui has done for me."

The reason why Cardui is so exceptionally successful in relieving women's troubles, after other treatments fail, is that it is a woman's tonic—a strengthening remedy for women, made especially for women, from ingredients that act specifically on the womanly organs, and help nature to build up the womanly constitution. Not a strong, mineral mixture, but a mild, vegetable remedy, that cannot harm either young or old.

Your druggist will tell you that Cardui is just the remedy that you should try.

**JACKSON SUPERIOR COURT IS POSTPONED FOR A WEEK**

Judge Justice Detained at Waynesville by the Trial of the Adams-Westfield Case.

Correspondence of The Gazette-News. Webster, Oct. 10.—Judge Justice has ordered Superior court for this county, scheduled to begin here today, postponed for one week. There will therefore be very little court this term. Only 18 jurors are summoned for the second week and the entire panel will be required to compose a grand jury in the event the judge gets away from Waynesville in time to hold court here for the week beginning October 17. There are some jail cases, bound on warrants where defendants were unable to give bond which ought to be heard, and it is possible application will be made to the governor for a special term in the near future should the Adams-Westfield case require the presence of Judge Justice at Waynesville until the regular October term for Jackson expires by limitation.
