J. H. CARTER AT HEAD OF A \$1,000,000 BANK

The Institution, It Is Expected, Will Open About the First of January.

John H. Carter, president of the American National bank of Asheville, is heading a new million-dollar banking institution for Atlanta. The preliminary arrangements are getting well in hand and it is expected the new bank will open about January 1. The Atlanta Georgian of Monday has the following account of the new institution:

Another indication that Atlanta is rapidly forging ahead toward the half million city goal is shown by the announcement of the formation of one more national bank here.

The moving spirit in the organization of the new bank and the man who probably will be its president is John H. Carter, a native Georgian, of Asheville.

Mr. Carter is chairman of the organization committee, a committee composed of prominent Atlanta capitalists and others from over the state. Mr. Carter is president of several Georgia banks and is well known throughout this section as a banker and business man. He has property interests in Atlanta and is a director in the Southern States Life Insurance company, in addition to being a director in the Atlantic National Fire Insurance company, of Mason.

While the plans for the new bank are not yet complete, they are well under way and there is every reason to believe that everything will be in readiness for the bank to open for business on January 1.

Prominent bankers have been selected for the positions of vice presidents and cashier of the bank but no announcement as to the identity of these will be made until later.

Mr. Carter has associated with him on the organization committee some of the best known business men and capitalists of the state and has their cooperation in the work now going steadily on of organizing this latest addition to Atlanta's list of banking institutions.

The new bank will have a capital of \$1,000,000 and a surplus of \$200,000. With Mr. Carter on the organization committee are F. J. Paxon, president of the Atlanta chamber of commerce; W. T. Gentry, president Southern Bell Telephone company; Linton C. Hopkins, of John L. Hopkins & Sons; J. T. Holloman, president Union Savings bank and about 20 others.

FIERCE BULLDOG STOLEN BY BOLD, BAD BURGLAR

At Least That Is What Evidence at Mr. Hackney's Home Indicates.

A man that would steal a fierce bulldog in the darkness of night must be a bold, bad man, but just such a person resides somewhere in this vicinity if the evidence which confronted W. N. Hackney, is to be believed. Mr. Hackney resides at the Kimberly place in Woolsey and owned a log fierce bulldog which he kept chained to the side of his house. The other morning when he went out to look for his dog he found it had disappeared. Well-defined man's tracks leading away from the house were found and Mr. Hackney believes that someone during the night stole the dog. In this afternoon's Gazette-News he is offering a reward for the return of the dog.

A \$50,000 Fire in Norfolk.

Norfolk, Oct. 12.—Damage to the plant of the Portsmouth Cotton Oil Refining company, partially destroyed by fire this morning, will amount to \$50,000, fully covered. The plant will be rebuilt. About 100 are temporarily out of work.

MOTHERS NEED Scott's Emulsion

Many mothers have learned how much they needed Scott's Emulsion by taking it to show their children that it was a sweet medicine.

For thirty-five years it has been the best known specific against fatigue and enfeeblement, as well as the standard remedy for warding off and relieving colds and affections of the throat and lungs.

CITY NEWS

The Methodist Protestants will hold their regular weekly prayer meeting in the Auditorium of the Y. M. C. A. as announced for tonight.

The police department has had little to do today. Only one arrest had been made up to 1 o'clock, that of J. K. Boynton charged with retaining to one C. M. Laughter.

While the Methodist Protestant cottage is being moved, Rev. J. S. Williams will room in the Y. M. C. A. building; his telephone number will be 782. Miss Jessie Rowe Williams will stay at the Y. W. C. A. telephone 1441.

W. T. Mason who was injured in the derailment of Murphy division train No. 15 about ten days ago, is resting well today, although he had a rather uncomfortable night. The physicians entertain the belief that he will be able to leave the home within a short time.

There will be a meeting of the farmers of the Waynesville section at the Monticello school house near Waynesville Thursday night at which Mr. Millsaps, the state director of the agricultural experiment stations, will be present and will address the farmers on the improved methods of farming. The meeting will be informal and there will be talks by some of the farmers present.

Rev. Arthur Flahe of Nashville, Tenn., one of the brightest and most interesting speakers in the Southern Baptist convention, will deliver three addresses at the First Baptist church. The first one will be given this evening at 8 o'clock and the other two on Thursday and Friday evenings at the same hour. The public are invited to hear these lectures. They are of special interest to all church workers and to the general public.

At a meeting of the republican state executive committee at Greensboro Monday, the resignation of Harry S. Slatner as candidate for associate justice of the Supreme court was accepted and Judge A. L. Coble of Statesville was named. Judge Coble is now assistant United States district attorney for the Western district of North Carolina. As candidate for state auditor, John Z. A. Wood of Perquimans county was nominated.

William Arthur who for several years, was in charge of the Southern railway depot station of the Western Union Telegraph company, has accepted a position as operator for the Postal Telegraph company, succeeding W. R. Malone, who has been transferred to Richmond with the Postal company there. Manager L. S. Bortoff of the Postal company says that Monday was one of the best days he has had since the office was opened.

Thomas Revell, the young man who was so badly crushed by a freight car on the Southern yards yesterday morning, passed the night at the Mission hospital as well as could be expected, and the physicians are entertaining great hope today for his recovery. The injury to his shoulder and arm was very painful and it was feared yesterday he would not survive the night, but doing so, he will likely recover unless complications develop. The left arm was amputated at the shoulder.

Harold Tyree, the ten months' old son of Mr. and Mrs. Guy Tyree of Depot street, died late yesterday afternoon following a three days' illness. The funeral was held this afternoon from the late residence by Rev. E. L. Grau of Ora Street Presbyterian church. The interment was at Riverside cemetery. This is the second child of Mr. and Mrs. Tyree to die after only a short illness. The other died at the age of 18 months, a year ago last May. Mr. Tyree is connected with the Southern Railway company.

Advise Your Friends To always use Blue Ribbon Vanilla and Lemon Extracts, the real fruit flavors. Only one-half the quantity is required, and the flavor is delicious.

W. R. PULLIAM DEAD?

It is Reported That He Is, but Railway Officials Say He Is on the Road to Recovery.

Although reports have been published at Murphy of the death of W. R. Pulliam of Yellow Hill Saturday, these reports were denied here this morning by Southern railway officials who say that the news last night from Mr. Pulliam was to the effect that he was on the road to recovery. It will be recalled that Mr. Pulliam was the most seriously injured in the wreck of passenger train No. 18 near Governor's Island Friday. He has regained consciousness. The other injured are doing nicely.

Chalmers "30" \$1500

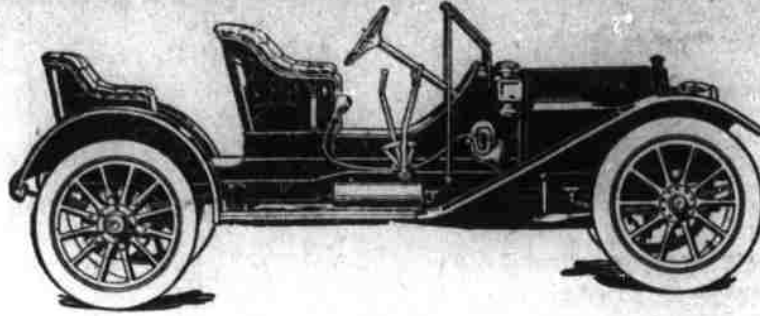

Chalmers "Forty" \$2750

Licensed under Schlen Patent

Automobile Buyers Are of Two Kinds

Those who want the best car for the least money

Those who want the best car regardless of price.

The Chalmers car is the one car that appeals to both classes of buyers. That accounts for its wonderful popularity.

It is easy to show the man who wants a "cheap" car how much more value he can get in the Chalmers by paying a little more.

It is easy to prove to the man who wants automobile satisfaction, regardless of price, that Chalmers cars compare favorably at every point with the highest priced cars.

Real motor value is what you want, and real motor value means greatest utility for least money. The way to judge a car for value is by what it has done rather than promises of what it will do.

Regardless of price consider what records have been made by the

Chalmers Motor Cars

In speed contests they were given the title of "Champions of the Year," having won more races than any other car, even from cars twice their price and horse power.

In hill climbing and endurance tests the same record holds good.

The Chalmers "30" was selected pathfinder for the 1910 Ghlden Tour.

The Chalmers "30" was awarded the Ghlden Trophy in the 1910 Ghlden Tour over the longest and most difficult route ever mapped out for this event.

We could go into details of construction, quality, workmanship, transmission, ignition, etc., but after all, the shortest, strongest and most convincing thing we could say is "See what the Chalmers has done. Where can you get greater value, and what more can you ask of a car at any price?"

The 1911 models are now on exhibition at our salesrooms, ready for inspection and demonstration.
