PRICE OF GAS REDUCED TO \$1.60 THOUSAND FEET

Improved Method of Manufacturing Enables Company to Do This, It Is Announced.

The Asheville Electric company is today through The Gazette-News making an interesting announcement relative to the consumption and the price of gas. The company announces that it has reduced the price of gas in Asheville from \$2.10 per thousand cubic feet to \$1.60, or a net reduction of 25 cents per thousand cubic feet. In the event gas bills are paid out before the tenth of each month the company will give a 10 per cent. reduction.

The Asheville Electric company has greatly improved its gas plant and with improved method of manufacturing gas is enabled to make the substantial reduction to consumers. The popularity of gas in Asheville is constantly increasing. The company now has mains over all the principal streets of the town and agrees to make connection for any prospective consumer of gas to a distance of not over 200 feet from the gas main.

The company has spent approximately \$20,000 in rebuilding and equipping its plant with modern and up-to-date machinery and has also built a new gas tank with a capacity of 100,000 cubic feet and a governor, besides erecting several new buildings around the plant. The company has laid out 20,000 feet of mains during this year on streets in the Bartlett, Southside, 17th, South French Road, Jefferson drive, Park, Broad, Flint, West Chestnut, Chestnut, Woodin, Arlington, Hillside and Panola.

Asheville housewives have come to realize that it is not only cheaper to cook with gas but that it is cleaner and more satisfactory. The company now has 600 connections and of this number 400 have gas ranges installed. The new rates for gas are effective today.

HE HAS TOTED THE MAIL FOR A SCORE OF YEARS

Letter Carrier N. W. Fain Yesterday Rounded Out Twentieth Year of Service.

Twenty years ago yesterday, Carrier N. W. Fain went to work at the Asheville postoffice. He is the oldest carrier, from point of service, in the employ of the Asheville postoffice and during that time has seen the office grow from a very small one to its present size.

When he first went to work, Mr. Fain says, he had only a handful of mail to deliver; his delivery now in one day is more than he delivered in a whole week at that time.

Mr. Fain is regarded as one of the best carriers in the service and has lost practically no time since he entered the service, yet his health is better today than when he entered.

There is only one man connected with the postoffice now who was there 20 years ago, that is Joseph Bradford, who is in charge of the mail order department. Mr. Bradford entered the service as special delivery boy and also made collections from the four letter boxes which were then to be found in the city.

RAILROAD MAN DECLARES COMMISSIONS A NUISANCE

Says They Cause All the Trouble in Regard to Railroad Rates—Divide Authority.

Chicago, Nov. 1.—Stanley H. Johnson, assistant freight traffic manager of the Rock Island lines yesterday declared before the interstate commerce commission that certain state railroad commissions were causing most of the trouble between shippers and railroads. Johnson's statement was made while he was being questioned by Commissioners Franklin K. Lane and E. E. Clark who intimated their belief that the railroads were not satisfied with regulation because it limits their powers to increase revenues.

In conducting the examination of Johnson, Commissioner Lane delved into the action of the railroads previous to the existence of the various commerce commissions.

"Why didn't you get up to this rate before these interfering commissions came into existence?" asked Commissioner Lane.

"State commissions are an embarrassment and all the trouble between the shippers and the railroads could be adjusted in a satisfactory manner if the different state commissions were out of the way," replied Johnson.

"You are not satisfied with regulation, because it limits your power to increase your revenue?" said Mr. Lane, "and you were not satisfied with non-regulation prior to 1906, because you say that led to bankruptcy. Now, what will satisfy you? In 1906, you had the opportunity to set the rates higher, yet your own and other roads were placed in the hands of receivers."

"Yes," interrupted Johnson, "we might get along famously with your honors and colleagues if we did not have all these state commissions to contend with."

"Is it not a fact," asked Commissioner Lane, "that you are laying on the interstate commerce commission the burden which were laid on you by the state commissions?"

"I do not see it that way," replied the witness. "There is a conflict between the state and the federal bodies to control the railroads. If the responsibility were not divided, it would be simplified."

When a cold becomes settled in the system, it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by all dealers.

HERO MEDALS AND MONEY FROM THE CARNEGIE FUND

For Deeds of Heroism 37 Silver and 25 Bronze Medals are Awarded—Pensions Granted.

Pittsburg, Pa., Nov. 1.—Fifty-eight names were added to the Carnegie hero list in the United States by the Carnegie Hero Fund commission at its fall meeting. For deeds of heroism 37 silver and 25 bronze medals were awarded to the life savers, or their families in cases where death occurred.

In twenty-three cases of rescue or attempted rescue where the hero died as a result, pensions ranging from \$20 to \$75 a month were made to the dependents with \$5 a month additional for each child left.

Of the rescue from death or the attempts, seven were from railroad trains or street cars, nineteen from drowning, one from a runaway horse, eight from suffocation in gas producers or wells, twenty from death in mine disasters, two from fire and one from shooting.

The mine disaster at Cherry, Ill., in November, 1909, figured prominently in the hero list, with the recognition of the heroism of 13 miners. Eleven of these died from injuries in rescuing an unknown number of miners, and besides a silver medal the monthly stipends were made to the families in these cases. Two that survived were awarded the silver medal and \$1,000 each. Among the recipients of the awards and the classification of the awards follow:

Bronze medals to Chas. G. Baxter, Stone Mountain, Ga., train; James D. Ledbetter, Camilla, Ga., drowning.

Bronze medal and cash as needed for specific purpose to Vaughan V. Lomax, East Creek, Tenn., drowning; W. P. McNulty, Piquette, Texas, suffocation; John R. Rahnson, Cleburne, suffocation.

Among those to receive the silver medal with cash are James L. Smith, Greenville, N. Y., fire; D. Wood Hill, Greenville, N. Y., fire; Mrs. J. W. Hill, Greenville, N. Y., fire.

ANOTHER GERM DESTROYER

Herpicide is Death to Dandruff Germs

The germ burrows into the scalp throwing up the outside in thin scales called dandruff, or scurf, and digging at the root of the hair where it saps the hair's vitality. First comes brittle hair, then lusterless and dead-like hair, then falling hair, and, finally baldness. Nine-tenths of the hair troubles are caused by dandruff. Without dandruff, hair will grow luxuriantly, as nature intended. "Herpicide" kills the dandruff germ, leaving the hair to grow unhampered, as it does with the American red man. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

INVESTIGATION STARTED INTO THE BATH TUB TRUST

Government's Special Agents Start the Thing Off at Pittsburg—Deal in Licenses.

Pittsburg, Pa., Nov. 1.—Government investigation into the so-called "bath tub" trust was begun here yesterday before Lindsay C. Spencer, of Baltimore, who was appointed examiner by the United States circuit court in this city to take testimony. Edwin P. Grosvenor, special assistant to Attorney General Wickersham, is representing the government, while Attorney Herbert R. Noble, of New York, Herbert P. Heath and Frank J. Wales are for the defendants who are the Standard Sanitary Manufacturing

IMPORTANT TO MOTHERS

A record of sixty-five years continuous use of "Mrs. Winslow's Soothing Syrup" by mothers in all parts of the world, is the highest praise that any remedy for "children teething" has ever received. Every year the young mother follows in the footsteps of her mother and finds Mrs. Winslow's Soothing Syrup to be the favorite, and so it has gone on for a period of sixty-five years. Millions of mothers had used it for their children while teething with perfect success. It soothes the child, stills the gums, allays all pain, diarrhoea, wind colic, sold by druggists and medicine sellers in all parts of the known world. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other.

NOTICE TO CUSTOMERS

Owing to improved methods of gas manufacture now in operation at our plant, we will from this date, furnish gas at \$1.60 per thousand cubic feet, with discount of 10c per thousand cubic feet for payment of monthly bill within ten days from its date.

The subjoined map (heavy lines) shows location of our gas mains.

Until further notice, we will make connection to houses not over 2000 feet from mains to all who contract for gas to be used for ranges.
