The Famous Rayo Is the Lamp of Real Beauty

because it gives the best light of all lamps. The Rayo gives a white, soft, mellow, diffused light—easy on the eye because it cannot flicker. You can use your eyes as long as you wish under the Rayo light without strain.

The Rayo Lamp is low-priced, and even though you pay \$5, \$10 or \$20 for other lamps, you may get more expensive decorations but you cannot get a better light than the low-priced Rayo gives. A strong, durable shade-holder holds the shade on firm and true. This season's new burner adds strength and appearance.

We believe in TRUTH for its own sake. Truth unvarnished, undiminished, uncolored plain truth

Therefore believe in us what we offer today

Few one-piece suits, 14, 16, and 18 misses' sizes at \$15, worth double. Come and just look at these values.
