

Clergyman's Son Cured of Tuberculosis

To neglect a cold, bronchitis, lung trouble or consumption is dangerous. We all know how prone people are to deny they have consumption. It is a flattering disease, and the sufferer is filled with bright hopes of improvement. Call consumption by its own dread name—and then—take Eckman's Alternative, because it is effective in tuberculosis. No one need doubt about it—there is plenty of evidence from live witnesses. Investigate the following:—

Amelia, N. Y. Gentlemen: "Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 lbs. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a clergyman, heard of Eckman's Alternative and induced me to take it. The night sweats and chills disappeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alternative."

E. H. COWLES, (Signed) "I cannot find words to express my appreciation of what your remedy has done for my son. It changed despair into hope within two weeks after he began taking it, and without any doubt in my mind, it saved his life. I wish to add my endorsement to every word of his testimonial." THE POLICE COMMISSION IN MONTHLY MEETING

Reports Show Marked Decrease in Number of Arrests in Recent Six Weeks.

At the regular monthly meeting of the Asheville police commission, held in City hall last night Frank M. Jordan was elected a regular police officer to succeed Mr. McLeann, resigned. It was stated at the meeting that the police had observed rightly the police commission's order that there should be no activity on the part of the police at the polls or in politics, that only one officer had been observed in and around the polls for any length of time and that while this officer was not known to have done any political work he will be given a reprimand. The report of the police department for the month of October showed a material falling off in the number of cases called and disposed of before Judge Cooke. While during August and September there were a large number of arrests, the total going for each month beyond 400 there were only 384 arrests made during October. Indications are that the arrests during November will be even less than in October. With one-third of the present month gone there have been but 84 arrests made, a very small number for ten days of any month. Drunkenness has decreased materially during the past month and also arrests on charges of violating the prohibition laws. In short, it is evident that Col. V. S. Lusk and the Law Enforcement league are accomplishing results.

REVISION OF TARIFF DOWNWARD SAYS CLARK

Missouri Congressman Says Democrats Have Golden Opportunity to Prove Fitness to Rule.

Bowling Green, Mo., Nov. 10.—Downward revision of the tariff is the pledge made for the new democratic house of representatives by Champ Clark, the congressman from the ninth district, who is a candidate for the speakership. "The landslide is in line with my prediction of months ago," said Congressman Clark at his home. "The people are tired of the present administration and are provoked to just the extent that the returns indicate with the tariff deception. "The first great proposition that the democrats should stand for is a reduction in the tariff to a revenue basis. I would reduce it scientifically and gradually and put onto it a sliding scale, much like there was in the tariff bills of 1883. "There is no question but that the democrats will be on their good behavior in the next congress and the future will depend largely on our own conduct. Democrats now have a golden opportunity for constructive statesmanship and should seize it and demonstrate once more their fitness for legislative wisdom and patriotism."
