AN UNHAPPY FORECAST.

It is a sadder course that was pursued, just preceding the election by the Charlotte Observer. It seemed to feel that Butler had come back for a long sojourn, and in its anticipation, published on the Sunday preceding the election, it allowed that the Democrats might gain one member of the House. It thought the Fifth would "in all probability" go back into the Democratic column.

The Salisbury Post-observer, depicted this forecast. It said that the Observer had a large circulation in that section, and that such a forecast would have the effect of throwing a damper on the Democratic forces. It seemed to us a strange thing for the Observer to do. There was no valid or sound reason for believing that the Republicans would this year make gains in North Carolina, or any other State in the Union.

ANTIQUEARIAN—Your memory serves you right. At last reports by the Salisbury Post-observer, it was said that the Salisbury Post-observer, while in the States, knew who was to happen. About the most he could be induced to say when urged for some expression concerning his party's prospects was, "Some of our friends are still hopeful." Not only was it unreasonable to assume that this State would be wholly unaffected by the candidate expected ground swell, but there were to be differences on every hand between the Republicans and the Democrats.

THE SAND CLAY ROAD. Heretofore we have offered opinion, testimony and related facts, as to the comparative merits of Macadam and sand-clay road building in Buncombe county.

After the very emphatic finding of Engineer Toms, as embraced in the report of Dr. Ambler's committee, presented to the directors of the Good Roads association yesterday we do not think there is any longer reason for doubt or question as to the wise future policy in respect to road building in Buncombe.

Not another penny should be expended in the construction of Macadam roads in this section, except where the conditions are of extraordinary nature, or where there are special reasons to justify the use of Macadam. The report of Mr. Toms is the report of the board of directors, since as we understand the entire report was adopted without dissent. The sand clay roads are the best roads in the county, it says, outside Asheville. Mr. Toms prefers them to Macadam in this county, and says that all sand-clay and gravel construction has proved satisfactory. Taking into consideration the poor quality of the stone of this locality as a binder, and the low comparative cost of this work compared with that of Macadam, and the further fact of the high cost of keeping the Macadam in proper condition (if that were ever attempted on our county roads) it would seem that there could be no doubt as to the duty of the county commissioners, or of the people of this county, to build sand-clay roads.

sociation has always been found sound and no one can question its disinterestedness; so the recommendation that the county commissioners give over to a highway commission the burdens of building and caring for the roads is not to be taken lightly. For many reasons, we should think the county board, being a political body, would be glad to do this; for this road business is not without serious embarrassments to such a body.

It is now said that Tom Carter may fall of re-election to the Senate from Montana. This would prove another body blow for Butler. Carter always holds up the nominations of Republicans for Butler and Morehead. In point of fact, it was Carter's support that first made Butler and Morehead a factor in state politics. Republicans everywhere had to reckon with them. Few of them may realize it but North Carolina Republicans have every reason to feel an interest in the Montana situation.

According to the Pittsburg correspondent of the vivacious New York Sun, when the news that Pauline Wayne Hill, the White House cow, had given birth to a fine bull calf, was read to the President at Pittsburg a discouraged Republican in the crowd remarked: "Well, it's comforting to know under all the circumstances that she didn't give birth to a Democratic donkey."

The pertinent paragraphs may now be expected to take all sorts of liberties with the Colonel. The New York Sun remarks: "Colonel Roosevelt closed a ten to one favorite at the Outlook office." And this reminds us that the Outlook's advertising staff may not find in the Colonel an asset of such great value in the future.

On the morning after, the Greensboro News published two very interesting, likewise eminently safe, editorials. One was entitled "An English Court Criticized" while the other treated of the "Problem in Portugal."

The Hon. John W. Kern, who formerly resided in Asheville, and has been elected to the United States Senate, will represent Indiana in the Senate of the United States.

How do you like to be Democratic? Speaker of a house of representatives that included in its membership the Hon. J. Cannon and the Hon. Asher C. Hinds?

Next year, the Hon. Champ Clark and the Hon. William H. Taft will probably have a congress on their hands.

As things stand at this hour, we advise that Sunny Jim would be justified in indulging in at least one small smile.

Has the Hon. Jim Sherman been heard to make any remarks about any one being beaten to a frazzle?

They are determined to cut short the admittedly striking career of Indiana's Grand Young Man.

The insurgent Democrats are at least warned of what may happen to them.

The polkberry juice in the Raleigh News and Observer held out finely.

The Hon. Joseph G. Cannon will be among those present.

Now what will the Democrats do with it?

It was largely a Butler boomerang. Now to resume the subject of corn. Mr. Gudgeon also came back.

HOW TO MAKE BETTER COUGH SYRUP THAN YOU CAN BUY

A Family Supply, Saving \$2, and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside 24 hours. Excellent, too, for whooping cough, sore throat, asthma, hoarseness and other throat troubles.

Mix 1 pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle; then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which usually is upset by a cough. The taste is pleasant. The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway's white pine extract, rich in gallicol and all the natural healing pine elements. Other preparations will not work in this formula.

This Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equaled.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

If all the girls and women in Asheville, Gymnasium much desired.

Employed Officers—Miss Grace L. Osborn, general secretary; Mrs. L. H. Lane, house secretary.

ONLY TWO MORE DAYS OF JUNIORS' CONTEST

Every Boy Determined to Win One of Those Basket Ball Suits for Himself.

Besides today only two more days remain of the Y. M. C. A. junior membership contest and during this time some hard work is going to be done by the contestants, as every boy entered is determined to win for his own one of the beautiful basket ball suits offered as prizes in this contest.

The boys who win these prizes are going to be the envy of the other Y. M. C. A. boys for the reason that next week the junior basket ball league will be organized and the winners of this contest will have new suits to wear just like those used by the Y. M. C. A. team of last year.

The greatest work done by the contestants yesterday was that of Gerald Cowan, who jumped from last to fifth place and put himself in striking distance of the leaders. The standing of the contestants last night was as follows:

Points. James Colman 96, Henry Collins 60, Arthur Ambler 55, George Shuford 50, Gerald Cowan 40 1/2, Lawrence Young 26, Rodney Newton 25, Malcolm Larkbank 13, Hal Hartzog 9.

GOOD RESULTS ALWAYS FOLLOW.

The use of Foley Kidney Pills. They are upbuilding, strengthening and soothing. Tonic in action, quick in results. Sold by all Druggists.

CANDIDATES FILING ACCOUNTS OF EXPENSE

What It Cost Various Ones Who Were Elected and Those Who Also Ran.

The candidates are today filing sworn statements of their campaign expenses and some interesting facts are revealed. John A. Nichols, for clerk of the court, gave \$200 to the republican executive committee and spent \$47.50 for livery, etc.; total \$247.50.

Shur-on GLASSES WE MAKE EYE GLASSES. Of course most all of you know it, but we would like to impress upon your mind that we make the very best that it is possible to make.

CHARLES H. HONESS Optometrist and Optician. 14 Patton Ave. Opposite Postoffice.

Five Houses on McDowell St. Four houses, five rooms, at \$300.00 each, one house, six rooms, at \$1,000. Near Southside Ave.

S. D. HALL, 32 Patton Ave. Phone 91.

J. J. Stokeley, for auditor, spent \$120 with the committee and \$2.89 for incidentals. George S. Powell, for chairman of the school board, spent \$12.50 as subscription to the executive committee.

T. A. Wakefield for the state senate spent \$82. T. P. Cannon for school committee spent nothing and M. A. Hickman for county commissioner spent \$53. J. H. Sams for the school board spent \$1, and Gallatin Roberts for the legislature spent \$75.

H. T. Tiller, socialist candidate, says he spent \$0 cents.

Knock Kyanize FLOOR FINISH. Get out your Hammer and give Kyanize FLOOR FINISH a good pounding. We ask you to do it. Then you'll know why so many people use it to wearproof their floors, linoleum and outside piazza floors.
