**THEY'LL PAY CASH TO SMITH ESTATE**

**Messrs. Green and Lange Have Several Plans in View for Financing Great Hotel.**  
 Application was this morning made to Judge Council to allow Gay Green and J. H. Lange, the purchasers of the "Concrete" hotel, to pay the Smith estate the full purchase price of \$53,000 in cash at once. Under the terms of the sale the purchasers had the right to pay one-third cash, one-third in one year and balance at the end of two. Judge Council ordered that the decree of sale provide for the payment at once.

Messrs. Green and Lange want to go ahead at once with providing for the completion of the hotel and it was much better for their purpose that the hotel pass to their possession at once, unencumbered.  
 It is understood that already they have been offered for their consideration several propositions to furnish all the money they wish to complete the building. Just what arrangement they will make, they were not prepared to state today, other than that they intended to consider all the phases carefully. It is possible that bonds to the extent of \$100,000 to \$150,000 or \$200,000 may be issued, or the property mortgaged.  
 With the payment of this money into the court for the Smith estate heirs, comes the problem of investing it for the estate. Some of the heirs, it is said, favor putting up a building or buildings on some of the College street property as a means of raising revenue. Any arrangement for re-investment must of course be approved by the Judge of Superior court.  
 It is understood that a considerable amount of taxes has accumulated against the "Concrete" hotel property, and this of course must be paid by the estate. A hearing as to some of the other complications of the estate, taxes, etc., will come up before Judge Council at the next term of court.

Mr. Otto Paul, Milwaukee, Wis., says Foley's Honey and Tar is still more than the best. He writes us: "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks. Sold by all Druggists."

**MEDFORD ARSON CASE IN THE SUPERIOR COURT**

Practically all the time of Superior court today was taken up with the trial of the case of state against W. H. Medford, the West Asheville man charged with arson. The contention of the state is that Medford, who had his store and mill insured, had placed some rich pine splinters, saturated with oil, in the second story of the building and had set the mill on fire. It was discovered in time to prevent any serious damage.

Medford offers as his defense that the fire broke out, that he left there shortly before sundown and came to Asheville and never returned because of a relative near grave, where he spent the night. Medford on the stand this morning disclaimed having anything to do with the fire and said that the splinters and oil in question were some that he used to build fires in the mill.

Ed Keith, charged with retailing, was given four months on the roads. Jeter Compton, charged with larceny, plead guilty to forcible trespass and was released upon the payment of cost.

The following cases were adjudicated yesterday afternoon:  
 J. H. Sanders received a sentence of eight months on the roads. While the trial was in progress the defendant at the conclusion of testimony plead guilty to a charge of retailing.  
 Nell Lattimore, a young man from Yancey county, also plead guilty of a charge of retailing and was allowed to pay a fine of \$20 and costs, in default of which he shall spend two months on the roads.

The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Sold by all Druggists

**BINGHAM VS. MOONEY ON THANKSGIVING DAY**

A gridiron battle royal is expected Thanksgiving day at Riverside park when Bingham school and Mooney of Harrison, Tenn., struggle for the preparatory championship of the south. Bingham has a clear record this fall, a fast and fine bunch of football players and expects to make things warm for the Tennesseans. Having defeated several of the preparatory schools of the south, Bingham's title to the championship so far is clear and it remains for Thanksgiving day's contest to decide if Mooney can take from Bingham this honor. Last year Bingham and Mooney met in a fine game at Riverside, Bingham getting the better of the contest. Mooney has a swift team and is not going to let the game go by default.

 "What's this?" demanded the customs officer, pointing to a package at the bottom of a trunk.

 "It competes with a small and struggling industry in this country,"—Chicago Tribune.

**AN UNUSUAL GUARANTEE.**  
 It is very unusual to guarantee a cooking fat, but your grocer is authorized to make you this unqualified offer—if you do not find Cottolene perfectly satisfactory, he will cheerfully refund your money.  
 There is a reason why he can do this. Cottolene is purer and more wholesome than lard or other cooking fats; moreover, it is packed in air-tight pails, which keep it fresh indefinitely.  
 You wouldn't buy so-called "fresh" eggs when you get "guaranteed fresh" eggs at practically the same price. Why, then, take chances with other cooking fats, when Cottolene is absolutely guaranteed?
