

GUTENBERG BIBLE SELLS FOR \$50,000

It is the First Book Ever Printed from Movable Type—Belonged to Hoe.

New York, April 25.—The first book ever printed from movable type last night brought the highest price ever paid for any book. The purchase was made at the opening session of the sale of the library of the late Robert Hoe, the largest public auction sale of books ever attempted. Experts have estimated the collection to be worth more than a million dollars, and wealthy amateurs and dealers from Europe have come to vie with the American collectors in the bidding. It was evident from the progress of the sale that American bidders would take in the cream of the offerings at prices averaging higher than any ever offered at a public book auction.

The highest price previously paid for the Gutenberg Bible was \$20,000, at which Bernard Quaritch purchased it in England 14 years ago. At a private sale he disposed of it shortly afterward to Mr. Hoe at a profit of \$2500, and it has remained in the Hoe collection ever since.

The copy was printed some time between 1450 and 1455. Bidding for the treasured book was spirited, with Bernard Quaritch, son of the former owner, participating until the bids passed the \$21,000 mark. From there it jumped by thousands to a clip to \$45,000. At \$49,000 P. A. B. Widener of Philadelphia, who had been the most determined of the runners up, dropped out of the race and the even \$50,000 was bid by Mr. Huntington. The winner is a son of the late Collis P. Huntington.

GLEN ROCK HOTEL HAS BEEN LEASED

J. B. Rector, Formerly of Asheville and Now of High Point, Assumes Management May 1.

Announcement is made of the change in management of the Glen Rock hotel, near the passenger station. John H. Lange, the owner of the property, has leased the hotel to J. B. Rector of High Point, who will come to Asheville within a few days to assume the management. Mr. Rector is a well known hotel man and for years before going to High Point was identified with Asheville hotels. Mr. Lange in relinquishing control of Glen Rock does so in order that he may give his undivided attention to the construction of the new hotel at the corner of North Main and College streets. Rapid progress is making on the new hotel, the frame-work for the roof garden now extending almost across the big structure. The hotel when completed will probably be under the management of Mr. Lange and will be one of the few first class hotels in the state and one of the largest. It is stated that Mr. Rector will assume the management of the Glen Rock about May 1.

SUIT BROUGHT AGAINST MR. CLARK OF CLARK & CO

French Broad Quarry Co. Demands \$1,620.15 from Builders of the New High Bridge.

Suit has been instituted by the French Broad Quarry Building and Material company against C. R. Clark of the firm of Clark & Co., the contractors and builders of the high concrete bridge across the French Broad river near Asheville. The suit is for \$1,620.15, which the plaintiff alleges Clark & Co. owes it for crushed stone used in connection with the construction of the bridge. The clerk of the court has issued a warrant of attachment against the defendant company. It is understood that about \$500 has been retained by the board of commissioners and unless the defendant answers the summons a portion of this money will be attached. The commissioners also are required to appear before the May term of court and show what effects, if any, of the defendant are in the possession of the county authorities.

Not For Quitting. "If there is one thing on earth that a quitter should leave severely alone, it is advertising," says John Wasmaker. "It makes a success of advertising one must be prepared to stick to it like a barnacle on a boat's bottom. Advertising doesn't jerk; it pulls. It begins very gently at first, but the pull is steady. It is likened to a team pulling a heavy load. A thousand times and over, they will not bud; that load, or, if one half the power is steady effort, will start it moving."

WIDOW REFUSED HIM; HE STOLE HER JEWELRY

Such is the Charge Against New York Clubman, Arrested in Philadelphia.

Philadelphia, April 25.—Pursued by a young widow whose jewelry, valued at \$3500, he is alleged to have stolen when she refused to marry him, Robert J. Davidson, a member of the New York Hockey club, was arrested on a bench warrant in this city and held by Magistrate Beaton to await extradition to New York.

Davidson was trailed from New York to Atlantic City and thence to Philadelphia. He was arrested just as he was about to go to bed in an apartment house near Broad and Walnut streets after a wild ride in an automobile in an effort to throw his pursuer off his track.

INCOME TAX IS A "CURSE" —DUKE OF MANCHESTER

New York, April 23.—Describing the income tax as "a curse" and asserting that he had "grown to be a protectionist," the Duke of Manchester, accompanied by the duchess, who

was Miss Helena Zimmerman of Cincinnati, O., departed for London on board the Carmania, of the Cunard line, on the 22nd inst. The duke and duchess, who have been in the city for several months, and visited in Cuba and Florida. Eugene Zimmerman, father of the duchess, was at the pier to see them off.

WONDERFUL CURE OF SORE HANDS

Skin Peeled and Flesh Got Hard and Broke—Blood Flowed in Fifty Places—"Single Box of Cuticura Ended Suffering."

"About eleven years ago I was troubled with sore hands, so sore that when I would put them in water the pain would be so bad that I would have to remove them. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heartless. I would feel so bad morning when I got up, to think I had to go to work and stand the pain of my hands, and I often felt like giving up my position.

"Before I started to work morning I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rag to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. After doctoring for three years, and spending much money, a single box of Cuticura relieved me of all my sufferings. It's been eight years since I used any and I don't know what a sore hand is now, and never lost a day's work since I used Cuticura. I obtained Thomas A. Clancy, 310 N. Montgomery St., Trenton, N. J., Nov. 11, 1905."
