SEVERAL PLAYERS RELEASED TODAY

Hobbs, Humphries, Martin-Hayes Given Pink Slips—Additions to Squad.

Announcement was made this morning by President Bernard of the Mountaineer Baseball Club of the release of several players given today. Those released were Hobbs, Humphries, Martin and Hayes. Hobbs was released to the Jacksonville club, where he is at present trying out, but only for this season, and he will be back here next year. Humphries was released because of the fact that there are two other south-west pitchers on the team, Waymack and Smith. Waymack is considered a great addition to the team and of course they would not let him go, and Smith's batting is of such a fine quality that his release was not even considered. Humphries will probably go back to the Atlanta club. Martin, another of the pitchers released, simply could not make good, not being in a class with the boys here. Hayes, it was stated, probably could have made good had his physical condition warranted his staying in the game through the season.

Those retained on the squad now are: Mills, Landgraf, Sharp, Peaster, Shelby, Howers, Klattz, Woodward, Smith, Waymack, Harnes, Gudger, and Steel, the last five composing the present pitching staff. Steel is a new man that joined the squad at Johnson City and he is said to have the goods. Shelby is a catcher signed to take the place as substitute that had been reserved for Lome. He is a much better player, all around, than Lome and the management considers it a streak of good luck in getting him. Williams, an infielder who has been signed for some time, has not reported for duty yet, but is expected at an early date. Klattz, who is new on the team, is a Davidson college graduate and has made a good record for himself in college ball. He is an outfielder and is a real "eyed-in-the-swoosh" artist with the stick.

The impression which has been had by almost everyone, and even by the management, that only 12 men could be carried on the squad is erroneous, according to a statement by Mr. Bernard this morning, though the salary limit must be \$800. However, with this salary limit it is not likely that a much larger squad will be carried by any of the clubs. The locals now number 13, but when Williams comes in the "unlucky" number will be broken. The squad, at present, looks good to local fans and there is not, in sight anyway, a ray of hope for those five other unfortunate clubs for securing the 1911 pennant. Interest in the game is growing daily and with a winning team Asheville bids fair to be an enthusiastic baseball town.

VANDERBILT VS. WATTS LAND SUIT BEING TRIED

Both Plaintiff and Defendant Claim Title to 150 Acres—Was Tract One Excepted?

Superior court opened this morning after recess from Saturday afternoon with Judge Webb presiding, he having been detained at home during the first week of court by the illness of his daughter. Her condition has improved so that he is now able to resume the duties of his office and will conduct the remaining weeks of the term. During the morning the court was engaged in the trial of the case of George W. Vanderbilt vs. Judson O. Watts. The case involves the ownership of about 150 acres of land in Buncombe county, both parties claiming the land. The land is included in, or rather surrounded by, the tract of about 12,000 acres of land lying in Haywood, Transylvania and Buncombe counties which Mr. Vanderbilt purchased several years ago. It is said that there were several tracts excepted within the boundary bought and the defendant claims that the tract now in litigation was one of these exceptions and that Mr. Vanderbilt did not acquire title to this tract when he bought the large tract. The tract in question lies in Buncombe county between White Rock branch and Sam Davis creek.

STATE OPTICAL SOCIETY MEETS HERE JULY 19-20

It is Probable That About 150 Members Will Attend—Jewelers Convention 20-21.

The convention of the State Optical Society will meet in Asheville July 19 and 20. Arrangements have been made by C. H. Hones for their meetings to be held at the Battery Park hotel where the members will stop. There are about five local firms who are members of the state organization. In a letter to Mr. Hones from the secretary, W. S. Granger of Goldsboro, it is stated that there will be about 150 members in attendance. The president of the organization is Frank M. Jolly of Raleigh. Most of the members of the State Optical association are also members of the State Optical and Retail Jewelers association and the convention of the latter will be held here July 20 and 21 so that many of the visitors will be here four days.

CITY NEWS

Evelyn E. Kraft, daughter of Mr. and Mrs. W. F. Kraft of No. 212 North Main street, died this afternoon at 1:30 o'clock, aged 18 months. Funeral services will be announced later.

Fire yesterday morning at the residence of Mrs. Zeigler on Hillside street did slight damage. The fire was discovered in the roof between the chimneys, the blaze originating, it is supposed from a spark. A small hole was burned in the roof before the flames were finally extinguished.

The remains of Mrs. B. A. Wilkie, whose death occurred in St. Louis last Wednesday, were brought to Asheville yesterday and taken to the home of Mrs. Schell, 184 Woodfin street. The funeral services were conducted this afternoon at 3 o'clock from the residence, Rev. Dr. Vines officiating. The pallbearers were C. Sawyer, R. M. Peoples, Fred Rutledge, Dr. B. F. Hall, J. M. Lorick and R. M. Jones.

Superintendent A. C. Reynolds left this afternoon for Durham where he will attend a meeting of the board of education of the Western North Carolina Methodist conference at which will be discussed the question of the secondary church schools. Several months ago there was a committee appointed to consider the matter of financing these schools, and this is to be considered at this meeting. Mr. Reynolds will then go to Raleigh to attend the meeting of the institute conductors of the state.

L. M. McCormick, chief of the sanitary department, says that he has received several complaints from people in regard to mosquitoes; he says that in some instances the breeding places of the mosquitoes have been found on the premises of people making the complaints. It is announced by the police and sanitary department that all weeds and grass as high as 10 inches and within 250 feet of dwellings must be cut as in these weeds and grass may be hidden tin cans containing water, which make excellent breeding places for the mosquito. The sanitary department employees are making their rounds over the city to see that this law is enforced.

Dr. Joseph Hyde Pratt, who was a guest at the Battery Park hotel last night en route to Marshall, is enthusiastic over the interest that the people of the state are taking in road roads and especially the Central highway. In referring to the horseback trail from Asheville to Mt. Mitchell, known throughout the country as the highest peak east of the Rockies, Dr. Pratt said that "we hope to have the trail completed within forty days." Relative to the "Crest of the Blue Ridge Highway" he said that the tents had been taken to the old Craggy field and that they would be pitched this week ready for lodging purposes. Work is expected to begin on the survey within a few days.

COLLECTOR BARTLETT AFTER DELINQUENTS

Regular and Special Taxes Are Now Due and Must Be Paid During Month of June.

City Tax Collector Bartlett says that all city taxes, both regular and special, are now due and must be paid during this month. Besides there are paying assessments to a considerable amount which are now due and which Mr. Bartlett will take steps to collect. He has also prepared a list of the unlisted delinquents which he announced that he would advertise in a few days. Mr. Bartlett stated that he would advertise in a few days. Mr. Bartlett stated that it would be very much more pleasant for him and for the tax-payers if they would come to the office or send the amount of their taxes but that he has them to collect and he is going about the matter firmly. He also stated that those having charge of the dog taxes and dog muzzling were starting out with renewed vigor today.

More Postal Depositories.

Washington, June 5.—Postmaster General Hitchcock has decided to increase the extension of the postal savings system from 100 to 150 offices a week, with at least 1000 depositories designated by July 1. This will be a world's record in the number operated within so short a time after establishment.
