POTATO SALAD.—Those who dislike the flavor of onion in a potato salad should try one made in this way. Boil small new potatoes, peel and slice or dice at once; season with salt and pepper, add a liberal amount of olive oil or a French dressing and set aside to cool. To four potatoes allow one sliced hard boiled egg, adding this just before serving. More French dressing or a little lemon juice may be added with a garnish of watercress, chopped herbs, sliced olives or nasturtium blossoms, according to materials and fancy. CURRANT ICE CREAM.—Pick over and stem two quarts of ripe red currants, wash, add one pound of sugar and let stand for two hours, then strain; if not very sweet add more sugar. Scald and cool one quart of rich cream. Pack the freezer, pour in the cream, turn slowly for a few minutes until very cold; add the sweetened currant juice and freeze as usual.
