**RACE TROUBLE AMONG AUTOMOBILE DRIVERS**

**Two White Chauffeurs Assault Two Colored Automobile Drivers.**

It was brought out in police court this morning that there is a certain amount of friction between the white chauffeurs and colored chauffeurs of the city, that may sometime cause trouble and in a measure has already done so, since Neal Plemons and Everett Justice, two white automobile drivers, were sentenced to 15 days in the county jail for assaulting two negro boys, Tevis Black and Willie Saxton. There seemed to be more behind the case than was brought out in court. The young men gave notice of appeal.

On the stand the colored boys told an interesting story to the effect that they were being persecuted by the white chauffeurs. It seems that the two colored boys had gone to the Battery Park hotel to see about obtaining a position with the owner of an automobile, who has recently come to Asheville. They testified that several white chauffeurs had been following them over the city, had run them from the hotel and that two automobile loads of white boys had been after them. They notified the police and went back toward the hotel, when the two defendants they alleged caught them and assaulted them. They stated that the white drivers had been running them before. One of them stated that a certain colored driver had not been allowed to clean the car as he was driving at the Standard Motor company's garage. Mr. Lindsey of the Standard company was sent for and stated that this was not true.

The two defendants did not go on the stand but the statement was made by Police Court Clerk Young that he had overheard several colored boys, including the prosecuting witnesses, making plans to worry the white chauffeurs and telling what they intended to do to them.

Plemons stated to a reporter that the negroes had been worrying him, which was the reason for the assault and not that the white chauffeurs meant to make trouble. Judge Adams seemed to think that the case presented certain serious aspects and he stated that he wished to put a stop to the feud. He also said that he would ask the aldermen to pass an ordinance prohibiting persons under 18 years of age from driving cars, which would apply to the two negro boys. He said he has no intention of allowing the matter to culminate in a race riot if he could help it.

Several opinions were expressed to the effect that the colored boys brought the trouble on themselves. Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera Remedy is prompt and effective. It can always be depended upon and is pleasant to take. For sale by all dealers.

**LOCAL FAIR WILL HAVE DECIDED ADVANTAGES**

**Secretary Gudger Visits Morristown Fair Pleased With the Prospects.**

Owen Gudger, secretary of the Western North Carolina Fair association, returned this morning from Morristown, where the Morristown and Hamilton county fair is in progress, and where he went to investigate the manner in which the fair is conducted there. He also talked with the proprietors of special attractions with a view to having them come here, but he did not make any definite arrangements with them.

Mr. Gudger came back much pleased with the outlook for the local fair, as compared with the Morristown fair and others which he has investigated. He is especially pleased with the grounds here and with the remarks that he has heard made in regard to them. Opinions were expressed to Mr. Gudger that the attractions and displays planned for the fair will compare favorably with those of any fair that has been held in this section.

Mr. Gudger is especially well pleased with the location of the grounds. He says that they will not get muddy during wet weather, and that they are so situated that two-thirds of the population of the county can reach the grounds over electric lines.

Another advantage that the local fair will have over some others is in the matter of admission. Most fairs charge 25 cents for admission at the gates. The admission here is to be 25 cents, though exit checks will not be issued at the gates. A season pass will be issued for \$1 however, and the purchaser can go and come when he pleases.

In addition to the regular fireworks displays to be furnished by the fair association, the Asheville Electric company has promised to have displays of fireworks every night. These will be free to the public and will be very elaborate.

The association is now planning to have the city water put in at the fair grounds to furnish a healthful supply of water.

**HAIR THAT FASCINATES**

**Who Wants Lustrous Hair Full of Life and Beauty?**

Start now madam, September is just the month to begin to acquire a glorious head of hair of which you will be justly proud during the social events of winter time.

If you haven't used **PARISIAN SAGE** you aren't on the high road to hair beauty. **PARISIAN SAGE** is the most delightful preparation that destroys the dandruff germs and by so doing removes in a short time the cause of dandruff, falling hair, itching scalp, faded and lifeless hair.

Dandruff germs are obstructionists; they prevent the hair from receiving its proper nourishment by ravenously devouring the same nourishment. Use **PARISIAN SAGE** for one week and note the wonderful improvement. Smith's drug store guarantees it, 50 cents a bottle.

**CITY NEWS**

The police committee of the board of aldermen yesterday afternoon sustained Chairman Fitzpatrick of the committee in suspending Patrolman Sprouse on a charge of smoking cigarettes while on duty. The officer was reinstated and fined \$10 for the infraction of police rules.

Three carrier boys of the Winston-Salem Sentinel, Rex Freeman, McKinley Walsh, and Stokely Russ, are being given an outing in Asheville, on account of the showing they made in their work. They had the best record of the carrier force. Circulation Manager Welfare is with them.

A suit has been instituted by A. E. Earwood against the Southern railway in Superior court, asking for damages of \$500 for household goods alleged to have been destroyed in the Blittmore freight depot a short time ago when the building was burned. The goods were said to have arrived at the depot on the day before the fire occurred that night.

Rev. O. L. Martin of Williamston, S. C. will arrive in Asheville Friday and will supply the pulpit of the First Baptist church of this city until the congregation of the church secures a new pastor to succeed Rev. Dr. W. M. Vines, who recently resigned to accept the pastorate of the First Baptist church of St. Joseph, Mo.

Chairman Patton of the board of county commissioners is now in Morristown, acting as judge of horses and other live stock, at the Morristown fair. This is a place that Mr. Patton has filled for several years and it is stated by those who attended the fair from Asheville that he appears to be about as well known there as here. He will act as judge at the races this afternoon. After the fair is over Mr. Patton will sell at auction 20 head of short horn cattle which he raised on his farm in Buncombe.

**A FAVORABLE REPORT ANENT REFORM SCHOOL**

The movement for the establishment of a reform school at the site of the old waterworks property, which was put on foot several months ago, is making much progress and several different organizations are actively engaged in perfecting the plans. Yesterday committees from the Children's Welfare society and from the board of aldermen visited the site, for the purpose of making some estimate of the cost of converting the buildings into school buildings. It was decided that the reformatory can be established at comparatively little cost.

There is to be a meeting soon of the several committees heretofore appointed with reference to the measure, for the purpose of making estimates and reports which will be submitted to the board of aldermen and the county commissioners.
