PLAN A CAMPAIGN FOR NEW MEMBERS

It Is Hoped to Make Membership of Y. M. C. A. 750, and Later on 800.

The management of the Y. M. C. A., and others interested will meet September 26, in the evening, for the purpose of planning a senior membership campaign. Lunch will be served and the general situation will be discussed. Campaign committees will be appointed and directed as to the work and the details considered. The campaign will open the next morning and will close October 7.

An effort is to be made to increase the membership of the Y. M. C. A. to 750 by this campaign, and later a boys' campaign is to be inaugurated, by which the management expects to increase it to 800. There are now about 700 members and to make the increase of 50 it will be necessary to get 25 renewals and 50 new members. Secretary Brown says, however, that he thinks this will be comparatively easy to do.

The plan of campaign is to call several of the members together on the night of the 26th, when the names of the members whose time expires October 1 will be read, as well as those whose membership has already expired. A list of prospects will also be read and the committee will be paired.

A large bulletin board will be erected in the lobby on which the names of the new and renewed members will be posted.

About the middle of October a symposium banquet will be served to the business men and senior members and every man joining during the campaign will be invited to attend, so that he may become acquainted with the old members.

Considering the fact that many new features have been arranged for the winter, it is thought that many will welcome the chance to join the association.

SHOOTING WAS ACCIDENT ARTHUR ANDERSON SAYS

Brother-in-Law of Stamey Denies He Shot Him in a Quarrel.

Concerning the reports that C. C. Stamey, the young railroad man who was shot through the lungs Tuesday night, near the depot, was wounded by his brother-in-law, Arthur Anderson, when Stamey interfered in a quarrel between Anderson and his wife, a statement has been made by Anderson to the effect that this is false. He admits that a pistol was in his hand when it was discharged, but insists it was purely accidental.

Anderson was seen by a Gazette-News representative this morning and asked for a statement of the case. He said in part: "I was at the depot late Saturday afternoon and had my baby with me. Dr. Orr came by, took me in his buggy and drove me home. I sat on the porch and rocked the baby to sleep and then laid it down.

"I was on the porch again, cleaning a pistol, when Stamey came in. He and my wife and I were standing on the porch talking, and I was still polishing the gun, holding it in my left hand, when it was accidentally discharged. I don't know how it was discharged. Stamey exclaimed: 'You have shot me, boy!' and I replied, 'You know I didn't.' I then unfastened his coat and saw that he was shot in the breast. I said, 'you know I didn't mean to do it,' and he answered, 'I know you didn't.'

"He then started to walk home, but I pulled him back and made my wife telephone for Dr. Pritchard. He arrived in a few minutes. Some one told me I should report the matter to the police and I did.

"The report that I had been quarreling with my wife and that Stamey was interfering is false, and I never had a cross word with Stamey in my life. I have done nothing wrong and I know they will let me out of here as soon as they see I am telling the truth."

Dr. Glenn, who is one of the physicians who attended the wounded man, stated today that the condition of Stamey is unchanged; that he seems to be holding his own very well, though there was a slight rise of temperature yesterday.

Die From Eating Toadstools.

Newburg, N. Y., Sept. 14.—Two Syrians are dead from eating toadstools, thinking they were mushrooms and more than 30 persons have died from a similar cause in the past fortnight.

CITY NEWS

An important meeting of the Asheville Motor club will be held tonight in the board of trade room.

Riverside park closed last week and there will be no other attractions there until the Western North Carolina fair.

The final count of the Hospital Sunday collections has not yet been made. The contents of the banks in the stores, offices and public places have not been counted.

The Weaver-Baird reunion, which was to have been held at the site of the old Reems creek camp ground today, has been postponed. The new date has not been announced.

There will be a box supper at Chunn's Cove school house Friday, September 15, directed by the teacher, Mrs. Luke Dixon, who will be assisted by the pupils and their parents. The proceeds will be used for the purchase of a stove.

The fire department is being provided with some new equipment. Pools for the firemen arrived yesterday and the rubber coats are expected soon. A new supply of hose has also been ordered. The purchase of the equipment was recently authorized by the board of aldermen.

The following seizures have been recently made by revenue officers, of illicit distilleries: One seizure in Swain County by Deputy Collector Harkins; one in Burke county by Deputy Collector Harkins and Special Employee Kampe; one in Patrick county, Virginia, by Special Employee Weaver; and one in the same county by Deputy Marshal Staples. There are several prosecutions recommended.

NEW INQUEST TO BE HELD

(Continued from page 1) complete mystery. If any have suspicious, they are careful not to voice them. All are in suspense which it is hoped tomorrow's revelations may end.

The coroner announces that the body will not be exhumed. There may or not be a new jury—this has not been determined. The Hendersonville authorities have offered no reward for the clearing of the mystery; the governor offers \$250. The county, it has been decided, will offer \$250. The city authorities are advised they cannot legally offer any reward. There is no fund being raised by private subscription.

The new note of horror in the case is that the direct cause of the girl's death was chloroform, or choking, possibly, when it became evident that she could not long survive. There is the strongest reason to believe that the physicians will so testify. This was doubtless in effect a humane act, but the motive was not that of humanity. The motive was an attempt to hurry the crime to its conclusion in the hope of covering the tracks of the guilty. It is possible of course that it may prove that the chloroform was not administered in order to cause death.

RECEIVER'S SALE

Joseph W. Nichols is disposing of Kindley Stock—Will Continue Eight Days.

The sale of the bankrupt stock of Kindley & Co., 16 Patton avenue, is now in full swing, under the direction of Joseph W. Nichols, who was appointed receiver last week by F. W. Thomas, referee in bankruptcy. Several days were occupied by Mr. Nichols in getting the goods into shape and in organizing a clerk force, and Tuesday the sale began. He stated this morning that the goods are selling well, since they have been marked down to a low figure. He has a sufficient number of salesmen and saleswomen and the service appears to be satisfactory to the customers. The sale will only continue about eight days longer, as a meeting of the creditors will take place September 19, after which a trustee will be appointed and the stock will then probably be sold altogether.

GIRL KILLS MAN

He Interfered in Fight Between His Wife and Her Mother, and Is Stabbed in Heart.

Newport, Tenn., Sept. 14.—While his wife and Mrs. Abe Reese were fighting, Joseph Davis was stabbed to death by Eutha Reese, a 17 years old girl, at Nough, Cooke county, yesterday.

Mrs. Davis was getting the better of Mrs. Reese, when the daughter of the latter ran up, armed with a knife. Davis grabbed the girl and was stabbed in the heart, dying instantly. Both the Reese girl and her mother were arrested.

KILL 8, WOUND 16

Excursionists Fire Into Mexican Guardsmen, Killing a Child—The Latter Return Fire.

Yucatan, Mex., Sept. 14.—Eight men were killed and 16 wounded when the state guards fired into a special train of excursionists coming to join in the manifestation Tuesday night to Francisco I. Madero. According to the authorities the excursionists were to blame.

An indulgence in too much intoxicants had lifted the enthusiasm on the train to a high pitch. As the train, loaded to its capacity, was entering the city the visitors saw the guards and it is claimed, began firing. The only victim was a child. Immediately the guards returned the fire. On account of the crowded condition of the coaches almost every bullet hit a passenger.

Near Admiral Hose Retired.

Washington, Sept. 14.—Rear Admiral Rose, governor of the naval home at Philadelphia, was retired at the age limit.

He entered the service from Indiana. The other news from the Coast.
