Grows hair and we can prove it

Hair Becomes Soft, Fluffy, Lustrous and Beautiful Immediately After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

A little Danderine now will immediately double the beauty of your hair—No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Try as you will after an application of Danderine, you cannot find a single trace of dandruff or a loose or falling hair and your scalp will not itch, but what will please you most will be after a few week's use when you will actually see new hair, fine and downy at first—yes—but really new hair—sprouting

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its life-producing properties cause the hair to grow abun-dantly long, strong and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it, if you will just try a little Danderine. Real surprise awaits you.

#### LARGE DAIRY PLANT TO BE ESTABLISHED

Rex U. Brown Has Bought 400 Acre on Weaverville Road for This Purpose.

Rex Brown of Brown's creamery terday purchased a tract of land containing 398 acres from Miss Kath-Eugene Cocke left yesterday for Philadelphia to enter the medical school of the University of Pennsyl-dairies in this section within a short dairies in this section within a short vania. Mr. Cocke took the first two time. The place is ideally situated for such a purpose, being five and a half miles from Asheville and lying along the Weaverville car line. The consideration paid was \$10,000.

Contracts have already been let for cutting timber on a part of the tract converting it into lumber for the construction of barns of sufficient size to This work will begin by Monday and will go rapidly forward. Mr. Brown expects everything to be in reading Miss Lucy Penniman has returned for the opening of the dairy by Jan-

Improvements, however, will not stop then and the work of putting the land into cultivation and the enlarg ing of the plant will continue until its capacity is reached. It is announced that the number of cows will be increased to 150 as early as possible; and if the demand and output of the farm warrant it, still further in-

rease in the number will be made. Mr. Brown stated today that the demand for pure milk and cream in Asheville, especially in the summer, far exceeds the supply and his plans are to satisfy this demand with the best dairy products that long experi-ence and the best sanitary methods can produce.
