

**USUALLY ONE DOSE ENDS INDIGESTION**

Dyspepsia, Heartburn, Gas and All Stomach Distress Vanishes.

You can eat anything your stomach craves without fear of indigestion or that your food will ferment or sour on your stomach, if you will take a little Diapepsin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes Belching, Dizziness, a feeling of fullness after eating, Nausea, indigestion (like a lump of lead in stomach), Bloating, Heartburn, Water brash, Pain in stomach and intestines or any other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapepsin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can surely get relief within five minutes.

Uncle Sam has 51,000 sawmills.

**In Asheville Churches**

NOTE—Pastors and church officers are requested to send in copy of changes in announcements by 4 p. m. Friday.

First Baptist church, Rev. O. L. Martin of Williamston, S. C., supply pastor, will preach at both morning and evening hours. Sunday school at 9:30 and preaching at 11 o'clock. Summer Pan-Cakes, made from Wheat-Heart's Self-Rising Pancake Flour. Easily digested. All grocers.

The Theatro wants to see you tonight.

**BASEBALL ASS'N TO MEET TUESDAY**

Plan for Changing Formation of the Carolina League Will Then Be Discussed.

Gazette-News Bureau, Daily News Building, Greensboro, Sept. 22.

A meeting of the Carolina Baseball association has been called for next Tuesday, September 26, at Charlotte, when the 1911 pennant, won by Winston-Salem, will be duly awarded. It is expected that other matters pertaining to the association will come up at that time for consideration and possibly the continuance or discontinuance of the present formation of the league. It is believed among baseball men here that there will be a new alignment next year; that the South Carolina towns now represented, or some of them at least, will be dropped and that a state league will be organized. Several towns aside from Charlotte, Greensboro and Winston-Salem are anxious to get into a state league and the formation of such a league is being urged.

Faces Larceny Charge.

A negro named Dan Turnage is in jail here charged with the larceny of a number of ranges, the property of Guilford county. The larceny of the ranges was a bit unique. Turnage, who is a powerfully built negro, has served a term on the chain gang and it seems that while on the gang he assisted in storing away a number of ranges that had been used at the camp during the winter. The ranges were stored in a vacant house two or three miles from town and yesterday Turnage conceived the idea of appropriating the goods to his own use. One of the ranges, valued at many dollars was sold for 20 cents. It was during the late afternoon that the robbery was discovered and a deputy sheriff and city police officer were not long in getting on the trail of Turnage. He was traced to a house in Greensboro and placed under arrest. After he had been arrested he told the officers the entire story.

Glidden Pathfinder at Greensboro.

A. L. Westgate, one of the group of pathfinders for the Glidden tourists, was in Greensboro yesterday afternoon after a drive over the stretch of road from Stoneville to Reidsville for the purpose of ascertaining the desirability of this piece of road for the route of the tourists going that way. He expressed himself as well pleased with the road shown him but nothing definite concerning the route of the Glidden tourists will be made known until after Mr. Westgate reaches New York. However, there is no doubt but the tourists will pass through South Greensboro, and this city will be on the schedule for a night stop and breakfast.

Plans are being perfected for the Greensboro Booster train which will leave here next Wednesday morning, September 27, with three cars filled with business men, professional men and newspaper men. The train will make stops at many places of from three to 60 minutes. Wednesday night will be spent at Jackson Springs and the return to Greensboro will be at 7:45 on the evening of September 28. The purpose of the Booster train is the exploiting of the many advantages of the city of Greensboro before a large and progressive population in the central portion of the state. The Booster train will make stops at a total of 44 places during the trip. The Greensboro Daily News is preparing to issue a "Booster" edition of large proportions on Tuesday morning.

**Basket Ball.**

Preparations are now being made to begin the basket ball season. There will be a meeting of the captains next Tuesday, at which they will choose their players for the season. The captains were appointed a day or two ago. A number of boys have signed up as players but some who have expressed their intention of doing this have not done so and it is necessary that they sign before the meeting of the captains.

The first game of the season is scheduled for October 6 by Class A teams; and Classes B and C will open the next day. The following captains were chosen for the three leagues:

Class A, Clarence Young; Claude Lee, Walter Hunt, Hobe Miller, Royal Stokely, Herman Wilson; Class B, Mark Lance, Karl Schartzle, William Brown, Roy Donahoe, Charles Davis, Harwood Johnson; Class C, Horace Robertson, Robert Wiley, Emmett Davis, Charles Darby.

Normal today: Temperature 63 degrees; precipitation .08.

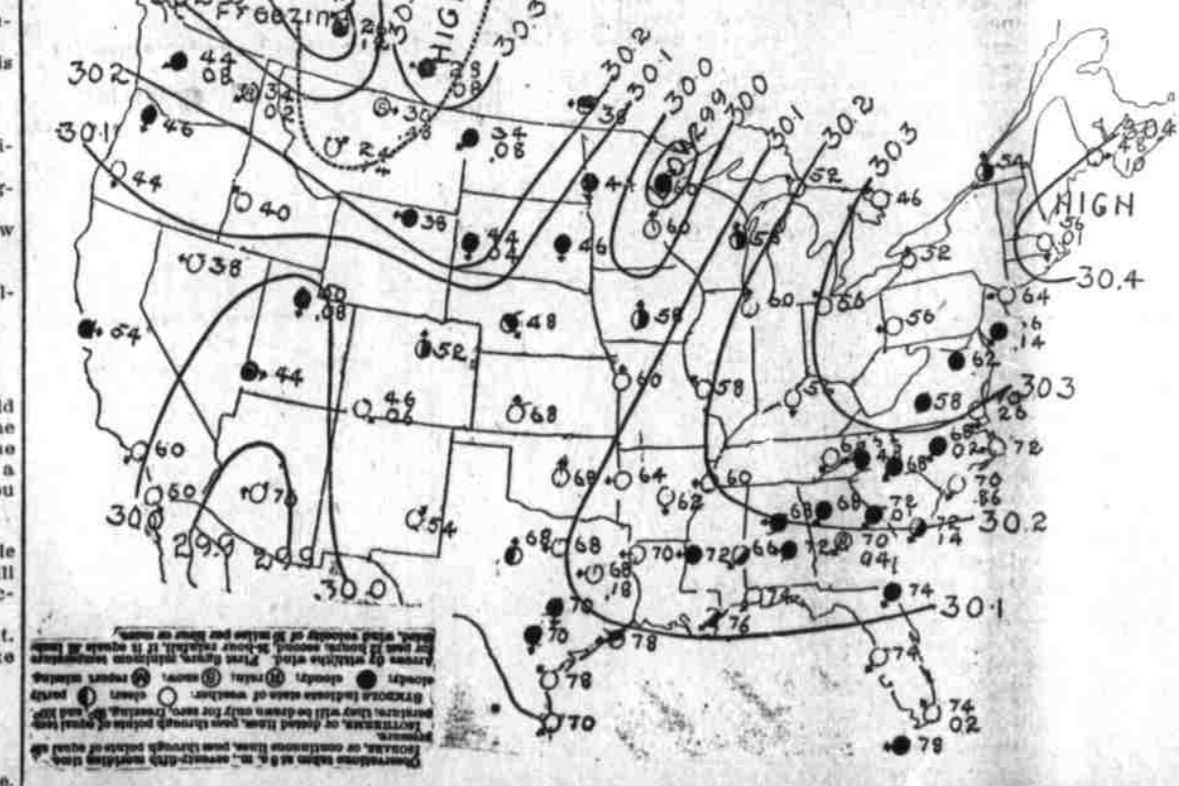

Forecast until 8 p. m., Sunday, for Asheville and vicinity: Fair weather tonight and Sunday. Moderate east to northeast winds.

Summary of Conditions. The barometric depression that was noted yesterday over Wyoming has progressed in a northeasterly direction and is now central over Minnesota, pressures throughout the rest of the country being somewhat above the normal. Temperatures, in advance of an area of high pressure, have fallen below the freezing point over Montana and the adjacent Canadian border. Precipitation has been confined mainly to the Atlantic coast states and the northwest quarter of the country, with the maximum amount of 1.48 reported from Houston, Tex. Present indications are for fair weather in this vicinity tonight and Sunday.

**Conditions Favorable For Observing Comet**

THE BROOKS' COMET. PHOTO BY WILLIAM HENRY.

Conditions for observing Brooks' comet, the new heavenly wanderer discovered two months ago by W. L. Brooks, the Geneva, N. Y., astronomer, who makes a business of looking for comets, are said to be particularly favorable at the present time and will continue to be so for another week. The comet was nearest the earth on September 17 and for a week there will be no moon to interfere.

At present the position of the comet in the sky is east of the meridian at sunset. It is between Vega and the end of the Big Dipper. It is three-fifths of the distance between these two stars from Vega. It does not set until quite late, although it is setting earlier every day. It is moving south and west.

To the naked eye the visitor presents the appearance of a hazy star and there is apparently no tail. Through a high power telescope, however, a tail is visible and this feature is distinctly shown in long exposure photographs. The length of the tail is estimated at 10,000,000 miles. In comparison with photographs of

**Fowler Resumes Flight.**

Colfax, Cal., Sept. 22.—Aviator Fowler left at 6:57 o'clock this morning, bound across the mountains to Winnemucca, Nevada, resuming his ocean to ocean flight.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by all dealers.
