The ladies of the city are today reveling in the lovely Paris creations in millinery at the fall opening at Hoods Millinery store on Haywood street. The hats shown at this popular establishment today are most artistic in the combination of colors and in the graceful lines of the models. There is a decided individuality about them for they come directly from the French designers and were selected by Mr. Hood himself in Paris, last summer, bringing with them the decided and artistic styles of that metropolis of fashion. These styles are more decided than last season, showing more individuality, and the patrons of the store are enthusiastic over them.

A. H. HALL LUMBER CO. MAKES AN ASSIGNMENT

Property, Real and Personal, Turned Over to J. S. Adams and J. G. Merrimon.

The Albert F. Hall Lumber company, with offices in Asheville, that has been conducting lumber operations on the Murphy division of the Southern railway, has made an assignment and by an instrument filed in the office of the register of deeds has named John S. Adams and James G. Merrimon as trustees to administer the property of the company, all of which, real and personal, has been assigned for the benefit of the creditors. Mr. Adams stated this morning that most of the assets of the company are in land and that the probability is that when sold it will pay dollar for dollar of the indebtedness. Mr. Adams and Mr. Merrimon are also named as attorneys for the company.

The instrument states in effect that the company is indebted to divers persons and is unable to pay the debts but desires to make an equal and fair distribution of all its property, real and personal, and has consequently assigned it to the above trustees, who shall take possession and sell and convert it into money and distribute it among the creditors without preference.

Property especially named includes a tract in Cherokee county of 887 acres, one of six acres and a third for a right of way for the construction of two flumes; also a tract in Swain county.

PRESIDENT SHAKEN BY PACT'S DEFEAT

After we die, and that is not quite so satisfactory. "We can depend upon people to recognize substance in progress rather than that which is represented by proposed legislation and platform declarations that are for the purpose, not of being put in force and into law to accomplish real reform, but for campaign uses only." Shortly before midnight the president retired aboard his train preparatory to departing later for St. Louis.

DENIAL OF RUMORS AS TO WHITING CO.

Logging Plant Shut Down, But Will Start up in 60 Days, Mr. Whiting Says.

People coming to Asheville from Graham county have brought reports to the effect that the Whiting Manufacturing company, operating in Graham county, has stopped operations indefinitely and that several hundred men were thrown out of employment. It was further reported that the men are leaving Judson and the camps and that some of them shed tears over the loss of employment. Rumors were that the London company, that was to advance the money for the operations of the company on bonds, had held up the money because of a change which the company proposed to make in the route of a railroad terminating at Robbinsville; and that the company had used up the logs at present available. There was also a rumor of a possible sale of the property to a Detroit concern.

W. S. Whiting of the Whiting Manufacturing company says that these reports are not true. He denied that 500 men are thrown out of employment and stated that the company had closed down a logging plant until it is decided whether a certain railroad is to be built; that the planing and saw mills are still running. Asked when the company would start up logging operations again, Mr. Whiting stated that it would be in about 60 days, as soon as they could get the report of the engineer on the route for the railroad, when it will be decided if the railroad is to be built. Concerning the reports of trouble with the English financiers and the reputed sale of the property, he said there is nothing in them. The Whiting Manufacturing company some months ago created quite a sensation in the business world by practically buying up the town of Robbinsville; operations on a large scale have been going on, and still greater are planned. The developments include the building of a railroad to get out the lumber.

Asheville Business College Graduates in the Double Course Give Testimony After Having Tried It Out in Office Work.

MISS NETTIE ALLEN: I have an important situation here in Danville with a large wholesale hardware company. I came direct to this position from the Asheville Business College. Have held the place three years at a good salary. I graduated in the A. B. Course. I believe in this course is everything that one needs to become a fine book-keeper and stenographer.

MRS. WETMORE: My son Lewis completed the double, or a-b course, at the Asheville Business College two years ago. He has since held important work and has now advanced far enough with the company to become a partner. I am sure the work must have been thorough or he could not have begun ahead of others who had been with the company five years. His salary at first was \$60.00 which was soon raised to one thousand a year. I am rejoiced at the outcome and wish you every success. My address, Box 35 Columbia, S. C.

MISCELLANEOUS: I, completed the double course at the A. B. C. in 1910. I made \$75.00 from the start. I am with the same company yet, at a better salary. It's a fine course. Best wishes. Robt. Emory, Lima, Va. The double, or a-b, course at the Asheville business college is thorough. I am sure, I completed it in 1909. Have done well since that time. J. Phillips, Sumpter, S. C.

MONDAY MORNING, September 25th, would be a good time to begin. We want eight full-double-course pupils more. The principal part of this course is protected by special rights—cannot be taught elsewhere. Enter now and be ready for a good position in the early spring. Asheville Business College, opp. P. O. SUFFERED ALL NIGHT LONG

Painful Experience of Mrs. Stephens—Husband Tries in Vain to Obtain Relief.

Pontotoc, Miss.—"All night long," says Mrs. P. G. Stephens, of this place, "I would suffer with my back, and I had such dragging down pains I could not stand it to walk or ride, for it would not me in bed. My health had been bad for two years. My husband got the best doctors that he knew, but their medicine did me no good. I used Cardui, the woman's tonic, and it put me on my feet again. I am feeling as well as I did when I was 16 years old. I used about 7 bottles in all, and Cardui has helped me more than anything that I used. I took lots of other medicines, but they did me no good. As long as I live, I won't be without Cardui in the house."

As a remedy for weak, tired worn-out women, who suffer from any of the aches and pains caused by womanly troubles, Cardui has been proven safe and reliable. Composed of gentle-acting, herb ingredients, its action is mild and natural, and it has no bad after-effects. It is therefore harmless for young or old. It has helped others, and should certainly help you, too. Try it. N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 61-page book, "Home Treatment for Women," sent in plain wrapper, on request.
