STRAVES TO BREAK MORRIS' DEFENSE

Solicitor Subjects Defendant in Raleigh Murder Case to Searching Examination.

Gazette-News Bureau, Raleigh, Oct. 2.

The first day of the trial of L. J. Norris, for the alleged murder of J. B. Bissett on the night of August 12 ended with the defendant on the stand undergoing a searching cross-examination by Solicitor Herbert E. Norris. Every movement of the defendant on the fatal night has been scrutinized and every question asked was for the purpose of breaking down the story he related early Saturday afternoon of his whereabouts that night. The prosecution scored a point when it got in as evidence a signed statement by Norris detailing his movements. The statement was procured by Constable D. R. Byrum. A difference of 15 minutes in the time he spent at a store has been brought out from the use of the statement.

A dozen witnesses for the state testified that Norris and Bissett and Ada Yerby got in a carriage and drove off together, it being admitted that Norris left the others at the corner of Swain and Davie streets. It is the theory of the prosecution that Norris then walked rapidly to the place of the killing and took his time about shooting his victim, who had come slowly around by the road.

The case will not be concluded before Tuesday.

New Chief Clerk Named.

E. R. Sams, superintendent of schools at Fitzgerald, Ga., has been appointed chief clerk in the department of education, succeeding A. J. Starwick, resigned, to take up the practice of law at Newton.

W. D. Stephenson, aged 38 and married, was bound over to the United States court on the charge of extracting money from the mails in his custody. Stephenson is a railway mail clerk running on the Raleigh & Southport between Raleigh and Fayetteville. He was caught by means of marked bills and, it is alleged, fell into the trap laid for him by Post-office Inspectors W. F. Chester, J. B. Robertson and J. S. Lemen and Postmaster W. G. Briggs.

WHIP. Mr. Chilner has applied for patents.

Tarrytown Dispatch to Philadelphia Record.

Dr. W. B. Moorehouse owns a remarkable cat, which for some time has been acting as his letter carrier. The doctor has many letters to mail and like the average man, his memory is weak in this respect, and letters sometimes have remained in his pocket for days, instead of being placed in the letter box.

The doctor decided to teach his cat to carry the letters to the box and be relieved of responsibility. This was easy, for all the cat had to do was walk across the street, climb a pole, push out the lid with her paw and drop in the letter. One morning the cat did the cleverest trick yet. The doctor gave her a letter to mail and sent her out to the box. In a few minutes she returned with the letter still in her mouth. The doctor had forgotten to place a stamp on it. The cat noticed the omission and brought the letter back to her master.

In the basket ball league Class A will have the use of the gymnasium at 3:15 o'clock on Fridays; Class B, 9 o'clock on Saturdays; and Class C at 10:30 o'clock on Saturdays.

WITH THE NATURE FAIRIES.

Here's a Male Run by Electricity and a Mighty Smart Cat.

Forrest City (Ark.) Dispatch to Chicago Inter Ocean.

Friends of Superintendent Chitner, of the city water and light plant, are at a loss whether to class him as the maddest man in Arkansas or the most ingenious one.

The water department has a Mis-souri male which possesses a reputation of being the latest quadruped ever discovered with Mr. Chitner rigged a patent starter on the wagon to be drawn by it. He put a small electric battery with a switch convenient to the drivers hand, and attached an insulated wire to the headstall of the mule, thence to the ring on the bit, and then back to its tail.

Now when the gang is ready to start there is no cranking, nor screwing, nor pulling to be done. The device was resorted to after his mischievous threat to bankrupt the plant buying

STOMACH SUFFERERS SQUANDER MILLIONS

In Search of Relief. The world is full of disordered stomachs and 90 per cent of the money spent upon physicians and drugs goes in an attempt to cure the stomach.

People are made to believe that in order to gain health they must doctor their stomachs and use cathartics. So the doctor gets his fee for the stomach treatment and the druggist for the physic, until the savings of a lifetime are exhausted and yet no cure.

Let's be reasonable. The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of foods. The mucous lining all the way down the food tract loses its sensitiveness, and when food is forced down the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic.

There is one sure way and only one to bring positive relief. Put into that stomach of yours the very elements that it lacks to get that food into liquid form. It takes pepsin, diastase, golden seal and other ferments to accomplish this. The healthy stomach contains these elements. The dyspeptic stomach lacks part or all of them. Stuart's Dyspepsia Tablets is made up of just what the dyspeptic stomach lacks—Nature's digestives.

Stuart's Dyspepsia Tablets are not a medicine, not a drug, not a cathartic. They do not cure anything but Dyspepsia and Indigestion and such ailments as arise from poorly digested food.

While they digest the food the stomach recuperates. The mucous membrane is coming out of its stupor, the gastric juice is coming to the surface, the muscles are regaining their power. Every organ of the body takes on new life, the skin gains color, and the eyes are no longer tinged with yellow. You live.

Why doctor and why drug yourself? Stuart's Dyspepsia Tablets will take care of your food while Nature cures you.

Try a box at your druggist's, 50 cents. Or, if you prefer a free trial package before buying, send your name and address today. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.
