### CARELESS TREATMENT RUINS COMPLEXION.

(From Woman's National Journal) Wrinkles and other telltale marks of advancing or premature age, are frequently caused through the excessive use of powders and cosmetics, which clog pores and cause the surface skin to grow sallow and lifeless. "Crow's feet," wrinkles and other complexion faults can be made to vanish quickly by massaging a plain masticine in a half-pint of witch-hazel and it is ready. Using this gradually removes wrinkles and blemishes and leaves the skin soft, smooth and exquisitely beautiful. The masticine is splendid for removing pore obstructions, and pimples, as well as to discourage hairy growths.

### ELECTS OFFICERS

The S. P. C. A. Held an Interesting Meeting at Y. M. C. A. Last Night—The Officers.

The S. P. C. A. met yesterday afternoon for the annual election of officers at the Y. M. C. A. building. There was a very good attendance, and besides the election, several other important business matters were taken up. An interesting feature of the meeting was the reading of the annual report of the work of the society. A non-member of the society made complaint concerning the overloading of drays and transfers and asked that the state law be looked up and that if something could not be done about it. Other business matters were taken up and discussed and then followed the election of officers. The following were elected for the ensuing year: H. T. Collins, president, re-elected; J. E. Rector, vice president; Mrs. James L. Alexander, secretary and treasurer; J. C. Orr, recording secretary; J. E. H. Westall, Mrs. C. E. Ibbes, Mrs. H. S. Lambert, Mrs. C. C. Meyers.

### EFFICIENCY

How Many Men Know How to Keep It at Par.

Thousands; yes tens of thousands of men, grow old 10 years too soon.

If you are a man and realize that your efficiency is on the wane and that you are losing money and happiness in consequence, get a 50 cent box of MI-O-NA stomach tablets today and take two after or with each meal for three days; then take one with each meal regularly until you feel well and vigorous.

MI-O-NA stomach tablets disinfect, tone up, restore elasticity to the stomach and intestinal canal and end indigestion. They do more; they increase the nutrition of the body and in case of nerve exhaustion, sleeplessness, night sweats, bad dreams or any condition that requires a restorative they act with astonishing rapidity. They can be found at Smith's drug store and helpful druggists the world over.

### Strength Comes

Not From What You Eat, But From What You Digest.

A Tablet Digests a Meal. Trial Package Free.

Most people eat most foods without discrimination—it matters little what. Few stop to think what that food does for them. This is the first turn on the road to dyspepsia. Reckless disregard of the proper choice of foods, rapid eating and improper mastication, are the unquestioned causes of all stomach disorders from the slight ache to the malignant cancer.

There is nothing more revolting than a dyspeptic stomach—a very vat for putrefaction, sending forth its poison throughout the entire system, depressing the brain, befouling the breath, souring the taste, deadening the muscles, incapacitating the liver and kidneys for their work, debilitating the heart, choking the lungs and clogging the bowels.

All of these disagreeable and dangerous conditions are due to the improper digestion of food and the consequent assimilation of poison. What else can be expected? If the food lies in the stomach, if the system is constipated, fermentation is the natural outcome. It shows itself in sour watery risings, belchings, heartburns and painful breathing.

There is only one way to remove this condition. If the stomach refuses to digest your food put something into it that will. Stuart's Dyspepsia Tablets are nothing but digestives. They are not a medicine. They work when the stomach will not.

Each tablet contains enough pepsin, diastase, golden seal and other digestive elements to reduce 3000 grains of ordinary food to the proper consistency for assimilation into the blood. Stuart's Dyspepsia Tablets are absolutely pure. There is nothing harmful in them as shown in their endorsement by 40,000 physicians in the United States and Canada.

Ask your family physician his opinion of Stuart's Dyspepsia Tablets and if he is honest toward you he will state positively that they will cure your stomach trouble whatever it may be, unless you have waited too long and have allowed your disorder to develop into cancer.

Act today and begin to end your suffering. A free trial package will be sent to your address upon request. The 50-cent size packages are for sale at your druggist's. F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

has been of some service to those unfortunate who have applied for treatment. We have had patients of all ages from the babe in arms to the octogenarian, suffering with complaints varying from those of the indigestion to such serious ones as diabetes and cancer. We treated a large number of hookworm cases and also saw a few cases of pelagra. We have been hampered somewhat by the knowledge of the financial condition of the Associated Charities so that our equipment is not as complete as we would wish, and feel that the efficiency of the dispensary would be greater if we had a more up-to-date equipment.

When a case is presented to us if there is sickness, we have Dr. Anderson visit, and he reports their true condition; we then give assistance if needed, visit, and interest others to do the same.

If there is no sickness, but cold weather, we give temporary relief, until we have time for investigation. We try to secure work for them, but sometimes this is impossible, because of scarcity of work especially in winter, and their incapability. Our constructive work has consisted in putting a few of our applicants out of miserable quarters into clean and comfortable surroundings. To do this we have had to ask for private subscriptions. If we find an applicant will not work, we refuse all assistance.

THE STORE THAT SAVES YOU MONEY  
**The Asheville Dry Goods Co.**

Our former reports have cited cases in detail, so we do not think it advisable to repeat them here. It has been our aim to do this work in the best way for the interest of all concerned. The giving of food and raiment (in many cases absolutely necessary) is the least part of this work. One must give one's self, in sympathy, in kindness, in bearing the burdens of others. Cases differ and there are many problems to solve. I could never have done this in my own strength. To "consider the poor," to "do them good," has been my delight.

This charity is indebted to Dr. W. P. Herbert for many acts of kindness in donations when secretary was without funds; he has time and again aided in transportation, etc., to the Asheville Electric company for car fare, to Mr. J. A. Nichols for laundry work for dispensary, and to both city papers for many kindnesses. Respectfully submitted, (MRS.) F. P. WILD, Secretary.

### Cole's Original Hot Blast Heater

The cleanest, the easiest to care for. Users of coal must remember that the ordinary heater is a big care to operate. That its smoke and ashes entail dusting, curtain washing and carpet sweeping. Think then of the easy operation and the cleanliness of Cole's Hot Blast. This heater has a guaranteed smoke-proof feed door through which a current of air draws the smoke directly across the top of the stove to the stove pipe, away from the opening. Contrast this simple, cleanly feed with the side door in an ordinary heater. Side doors used on other stoves permit the escape of dirty smoke, unpleasant gases and accumulated soot drops from it. If you over-fill a side door stove, coal falls to the floor. The air-tight feature embodied in Cole's Hot Blast Heater is an everlasting advantage in its favor. Allow us to show you this perfect heater before you buy. (B-17)
