**Invitations Received.**

The following invitations have been received by a large number of friends in the city:

Mr. and Mrs. Frank Loughran request the pleasure of your company at the marriage reception of their daughter  
Adelaid  
and  
Mr. James Gill  
on the evening of Saturday, the twenty-eighth of October  
at half after eight o'clock  
at one hundred and sixty-five North Main street  
in the city of Asheville  
North Carolina.

The marriage of Miss Loughran, one of the city's most popular members of the younger set, promises to be an important social event of the autumn. Only a few friends besides the family will be present at the ceremony, but a large number of friends have been invited to attend the reception which follows shortly afterwards.

The matron of honor for the occasion will be Mrs. Walter Dixon Price of New York, a sister of the groom and Miss Sarah Jones will be maid of honor. The bridesmaids will be Misses Laila Oates and Margaret Wadsworth. Little Miss Margaret Loughran will be the dainty flower girl and Misses Madeline Loughran and Lucile James will act as ribbon bearers. George Coan of New York will be best man.

Mr. Hill will come down next week accompanied by a number of his friends and the party will be entertained for several days by Mr. and Mrs. Loughran at their home on North Main street.

Miss Leona Young entertained a class of the First Baptist church Sunday school last evening at her home on Haywood street. Those present were very pleasantly entertained with music, several vocal numbers being given by Mrs. J. C. Pritchard and Miss Grace Walton, and piano selections rendered by Miss Young. A short talk was made by Judge Pritchard, the class teacher. A most enjoyable evening was spent and the pleasure was much enhanced by the serving of delicious refreshments.

**NOTHING HAS BEEN DONE AS TO REFORM SCHOOL**

**County Commissioners Have Not Yet Made Inspection of Proposed Site.**

Numbers of people in the city and county are anxious to know what is being done by the committee appointed by the county commissioners to consider the proposition to establish a reform school, at the old waterworks site. This committee was appointed by the county commissioners to establish such a school and their business was to visit the proposed site and make an investigation as to the advisability of establishing the school. The city authorities are in favor of the proposition and are willing to bear their share of the expense, so it was not squarely up to the commissioners to act.

Inquiries were made today to ascertain if anything had been done by the committee and so far as can be found out no action has been taken. Mayor Rankin stated this morning that he saw some of the commissioners yesterday and asked them if anything had been done and elicited the information that no visit had yet been made to the proposed site.

**CRIMINAL LAW REFORM URGED**

(Continued from page 1)

with criminals, that "we sometimes forget that in order that punishment may act as a deterrent upon others it must appear as a badge of disgrace, and not simply the bestowal of benevolence."

Would Extend Parole Law.

Mr. Wickersham favored the extension of the parole law to include life prisoners. He regarded it as incongruity that prisoners sentenced to long terms for vicious crimes should be eligible for parole, when the men convicted of second degree murder must remain in prison for life.

If the law making power, continued Mr. Wickersham, considers reformation, conditional liberation and reinstatement to a normal position in society possible in these cases, "it is difficult to say on what principle the same possibility and hope of reformation, liberation and forgiveness should not be extended to one guilty of murder under circumstances not punishable by death. While there is life there should be hope. It may be far off, delayed, a dim, distant possibility, but it would seem that hope should be held out as a possible attainment to the meanest wretch who is allowed to live. The justice of man should aim at the perfection of divine justice, and though finite wisdom, not knowing the hearts of men, may not always deal justly with offenders, it should not 'shut the gates of mercy' against the meanest of God's creatures."

Since the parole law was placed in operation last autumn, the attorney general said, but one prisoner had violated his parole. The 200 prisoners who were paroled from the time the law was put into effect in the autumn of 1910 to June 30 earned nearly \$22,000 whereas, if they had remained in prison, the attorney general pointed out, they would have been a charge on the government.

Mr. Wickersham expressed the belief that the parole boards should be enlarged by adding two unofficial persons selected from among prominent citizens of the locality in which the prison is situated.

Prison camps in New Zealand in connection with a government reformation plan were described to the prison congress by James A. Kayll, advisory visitor of the prison department, department of justice of New Zealand. These camps he declared, have a very important part in the prison system of that country.

The object of the plan, he described as two-fold, to provide a healthy and useful occupation for prisoners amidst surroundings which are quite unrelated to their former habit of life, and to accomplish useful labor for the state without coming into competition with free labor.

"Both of these objects have certainly been gained," said Mr. Kayll. "The sites chosen for the camps are at a considerable distance from close population and in districts noted for their invigorating climate. The prisoners are out all day working at hard manual labor either on the hills or in the fields."

**WOULD TAKE BOOK TO TELL TROUBLES**

**Carrsville Lady Says She Laid Awake at Night Because of Her Troubles.**

Carrsville, Ky.—Mrs. F. E. Cossey, of this town, says: "I had been afflicted for nearly six years, with womanly troubles, and would suffer so much every month."

It would take a book to tell what I have suffered in that time. I got so I could not sleep at night, from nervousness. I had four different doctors to treat me, but they could not help.

When I took Cardul, it relieved me at once. I can't praise it enough. I hardly know how to tell you what Cardul has done for me. I have taken about seven bottles, and nothing else ever took gave me such relief.

All my friends know how bad I was and how Cardul has helped me in many different ways."

Cardul is made from purely vegetable ingredients, which act particularly on the delicate womanly system, building up health and strength, where it is most needed.

During the past 50 years, it has helped thousands of ladies afflicted with just such troubles as those from which Mrs. Cossey suffered.

It is therefore a remedy that you can feel confidence in. Its merit is guaranteed by years of success. Don't experiment. Take Cardul. Begin today.

the plains. They develop keen appetites and sleep well.

"The result is a rapid improvement in physique, a much more contented mind and the formed habit for sustained industry. The state also benefits considerably for every year several hundred thousands of trees are planted on an otherwise barren soil. The work does not compete with free labor inasmuch as the government could never get a sufficient number of men to take up the work under such conditions as are necessary to make it a possible undertaking."

Find \$12,000 Recluse Hid.

The woman had been living as a recluse for 35 years. No will has been found. Her neighbors believe that much more money will be found.

**HIGH HONOR CONFERRED ON TWO ASHEVILLE MEN**

**J. A. Nichols and W. F. Randolph Elected to Receive Masonic Thirty-third Degree.**

Two of Asheville's leading citizens have been elected to the highest order conferred in Masonry, which is an election to the honorary thirty-third degree. The news of their election was received last night in a telegram to J. M. Chiles of this city from James Wakefield Cortlandt, grand inspector of the thirty-third degree, at Washington. The telegram stated that W. F. Randolph and J. A. Nichols had been elected to this high honor.

The Scottish Rite Masons are now in session in Washington and Mr. Nichols was on his way to that city to participate in the laying of the corner-stone of the \$1,000,000 cathedral which they are erecting there, when the news came. Mr. Randolph will leave for Washington tomorrow and the degree will be conferred upon them Friday night.

The honor is greater when the fact is considered that only three men were elected to the degree from the entire state and Asheville men got two of them. It also speaks very highly for the men themselves. Both have been showered with congratulations by wire, telephone and in person since the news was received here.

**WANT BEAUTIFUL HAIR? THEN TRY THIS SHAMPOO**

(Maid Marion on Beauty.)

"It is a well known fact that wet shampoos work injury to both hair and scalp, and all contain more or less potash and 'free' alkali, necessary to create a lather. These two chemicals reduce the vitality of the hair glands and delicate tissues, and drenching the head to remove the lather usually aggravates the condition.

"A very fine dry shampoo that is cleansing and beneficial to hair and scalp can be made by mixing 4 ounces of either orris root or corn meal with 4 ounces thereof. A tablespoonful sprinkled on the head, then brushed well through the hair, cleanses and exhilarates the scalp, takes every particle of dust and oil from the hair, and leaves it soft, glossy and easy to do up."

**ASHEVILLE MICA CO. TAKES OVER ANOTHER**

Probable That Two Plants Will Be Consolidated at Great Southern's Factory.

By a transfer announced yesterday the Asheville Mica company of this city took possession of the Great Southern Mica company, the plant of which is located near the concrete bridge on the French Broad river. It is probable that the two plants will be combined at the site of the Great Southern's plant. This company has been in existence here for about three years, was owned by Cleveland capital and managed by H. F. Seymour. The Asheville Mica company is owned by W. Vance Brown and S. Herbert Brown. B. G. Grindstaff, connected with the management of the Great Southern, will continue with the Asheville Mica company.

**BIBLE CLASS**

Dinner Will Be Served Friday Evening and Judge Pritchard Will Teach.

Judge Pritchard will teach the Bible class at the Y. M. C. A., Friday evening. He was absent last week and the class was taken by J. C. Martin. The subject for the evening study will be "Return from Captivity" and a most interesting lesson is expected. Dinner will be served from 7:00 to 7:30 o'clock and the class will follow immediately after, from 7:30 to 8 o'clock.

Every man in the city is cordially invited to be present whether he is a member of the association or not. The attendance last week was about 50 and it is hoped that the number will reach 100 in a short while. Every night since the class began there has been some other attraction in the city, either a show or the fair, or both, and this has doubtless kept many away. There is no reason, however, why the members this week should not show a big increase and all those who think they can be present are asked to notify someone at the office or telephone that they are coming so that arrangements may be made to accommodate all at dinner.

The following is the menu which will be served at the dinner preceding the class:

Roast Beef Pickles  
Corn Peas  
Bread Butter Coffee  
Baked Apples with Whipped Cream.
