TELLS OF THE STATUS OF ALASKAN NATIVES

Former Governor of the Territory Favors Giving Its Indians Civil Rights.

Lake Mohonk, Oct. 12.—In addressing the Lake Mohonk conference of friends of the Indian and other dependent peoples today, John G. Brady, former governor of Alaska, speaking of conditions among the Alaska Indians, said in part as follows:

"But few more important questions can at this time be offered than the present indefinite and undeclared status of the natives of Alaska.

"Almost every family among these people has a fine American flag, and on all gala occasions it is flying to the breeze. They observe Memorial day and the Fourth of July with great interest. I am confident that the country could find no more willing and brave defenders if their services were asked.

"But today these progressive, self-supporting people have no political status. They remain as they were classified forty-four years ago—"uncivilized tribes." Soon after our occupation of the country with a military force it was declared Indian country and the natives were left to govern and care for themselves. The organic act which extended the civil law failed to define their position only providing that they should not be disturbed in the possession of land then held or claimed by them.

"Often treated unjustly.

"No inquiry has been made into their rights with a view of treating them justly. In many places their ancient fishing grounds have been entirely and appropriated against their feeble protests. By the use of traps attached to piles driven by pile-drivers along the shores where the salmon run as they approach from the sea to enter their spawning the fish are taken easily, and the services of the natives are becoming less and less in demand. They have protested but they have not been heard.

"They are now held amenable to the laws of the district, are tried in the courts for crimes and sued for debts, are compelled to pay licenses as the whites for doing business and they pay the government stampage on cordwood and saw logs and, at Sitka at least, they work out a road tax.

"Some natives who were fishing upon Chicago Island found rich gold quartz, but knowing they could not locate their discovery as citizens, they were obliged to get others who were citizens to locate and share the claim with them."

SWEET SLUMBER BROUGHT BACK

Mrs. White, Unable to Sleep, Tells How She Brought Back Natural Sleep.

Gastonia, N. C.—Mrs. Ellen White, of this city, says: "I suffered for several years, with womanly troubles. I could not rest at night.

I began taking Cardui, the woman's tonic, and before I had finished one bottle, I could sleep well. It just acted like a charm.

Since taking Cardui, I have been in better health than for 10 years. It is the best medicine I ever used. It did me more good than the doctors.

I can certainly recommend Cardui, to all suffering women, for I have been greatly benefited by its use. It will build them up.

Cardui has been worth its weight in gold to me, for now I am well and hearty."

No matter how long-standing the trouble, Cardui will help. It is a tonic remedy. It is prepared for women, to bring relief from womanly ailments. It helps sleeplessness, one of the most common symptoms of nervous breakdown. It helps build nerves and system.

Made from strictly vegetable ingredients, it has no ill-effects on any organ of the body, but acts naturally, gently, and safely.

You can rely on Cardui. It will do for you what it has done for thousands of others.

It will help you. Try it.

The Quickest Cough Cure—Cheap, But Unequaled

A Whole Pint of it for 50c. Saves You \$2. Does the Work Quickly or Money Refunded.

For quick and positive results, the pint of cough syrup that you make with a 60-cent bottle of Pinex, cannot be equalled. It takes hold instantly and will usually stop the most obstinate deep-seated cough inside of 24 hours. Even cough and whooping cough yield to it quickly.

The user of Pinex mixes it with homemade sugar syrup. This gives you a full pint—a family supply—of better cough remedy than you could buy ready mixed for \$2.50. Easily prepared in 5 minutes—full directions in package.

Pinex soothes and heals the inflamed membranes with remarkable rapidity. It stimulates the appetite, is slightly laxative, and tastes good—children like it. Excellent for hoarseness, asthma, bronchitis, and other throat troubles, and has a wonderful record in cases of incipient lung trouble.

Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in guaiacol and other natural healing pine elements. Simply mix with sugar syrup or strained honey, in a pint bottle, and it is ready for use. Used in more homes in the U. S. and Canada than any other cough remedy.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

NAVY'S RULE OF THREE

Number of Girls Whom Middies May Take to Hops is Limited.

Washington dispatch to the World. The order promulgated by Capt. Gibbons, commandant at the naval academy, prohibiting each midshipman from inviting more than three girls to the academy hops, has caused heart throbs among Washington debutantes and prospective buds: their mothers are affected too.

The younger set of Washington girls always look on his naval academy fortnightly hops as their social Mecca. They have attended them in groups, Special trolley cars are run to carry them.

There are more than 700 midshipmen at the academy, and on the eve of the opening of the social season Capt. Gibbons has staked away one of the greatest entertainment assets.

Y. M. C. A. YEAR BOOK

Statistics of Every Association Given—Local Organization Shows Well by Comparison.

The year book for 1910-11 of the Young Men's Christian association of America has just been published and a copy was received today by Secretary Brown of the local association. This book contains comprehensive statistics about the associations and shows exactly where each one stands with regard to membership and the work being carried on in all departments; likewise the cost of carrying on such work.

The local association makes a most remarkable showing as compared with the others in the two Carolinas. It stands, in the first place, second in membership, and then jumps to first place in the religious work carried on, in the number enrolled in the gymnasium classes and in the economy of the management. All these comparisons are made with every association in North and South Carolina and the management here naturally feels gratified at such a showing.
