A SCENE IN THE "THE GIRL IN THE TAXI." A AUDITORIUM TODAY, MATINEE AND NIGHT.

"The Girl in the Taxi"
When "The Girl in the Taxi," that merriest of all laughing successes which created a sensation in Paris and scored the greatest triumph of any play of its kind produced in this country last season, and which will be seen at the Auditorium tonight, was put in rehearsal, the greatest care was taken to overlook not even the smallest detail in equipment and atmosphere. The first and third acts of "The Girl in the Taxi" occurs in the beautifully appointed home of John Stewart on Riverside drive, New York. Instructions were issued to the stage director to pay a personal visit to the residence of a wealthy banker who lives on the drive and to copy minutely every detail of the living room in his mansion. Nothing was omitted. Photographs were taken of the room, of the furniture, the decorations and the electrical equipment. The carpet and the costly rugs were likewise copied and duplicated when the play was produced. An artist accompanied the stage director and noted the color scheme of the apartment, and the scenery was painted in accordance with his drawings.

The home selected overlooked the beautiful Hudson river, with the wonderful Palisades in the background. A painting was made of this scene, and its duplicate may be seen when the curtain rises on the first act of the hilarious piece.

The second act of "The Girl in the Taxi" reveals the elaborately appointed private dining rooms of New York's best known restaurant where the elite of the metropolis congregated after the theater to enjoy the midnight supper which is as much a part of a New Yorker's evening entertainment as the play itself.

Permission was granted the stage director and artist to copy these rooms as faithfully as the Riverside drive apartments and the result is shown in the second act of the play. In this scene, however, two rooms are shown instead of one, which permits of the development of the funniest climax ever devised on the stage. John Stewart, the banker who pretends to possess all the domestic virtues in his home, is making merry with a party of chorus girls. In the adjoining room, Bertie Stewart, his son, is keeping his first "date" with a woman whom he had but feebly met. The climax comes when the father, overflowing with the joy of his midnight lark, decides to invite the people in the next room to join his own party and, upon opening the door, discovers that the chief reveler is his own innocent son. Prices 50c. to \$1.50.

CAUSE FOR ALARM

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Asheville who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try **Resall Dyspepsia Tablets**, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend then to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Resall Dyspepsia Tablets, which gives 15 days treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Resall Remedies in this community only at our store—The Resall Store, Smith's drug store, Pack square and South Main street.

MADISON COURT ENDS

Charles Bragile Awarded \$4856 Damages by a Jury in Personal Injury Suit.

The Madison county civil court adjourned Saturday and Judge Lane and several Asheville attorneys who had been attending returned to the city Saturday afternoon. One of the most important cases to be tried at the term was that of Charles Bragile vs. The Carolina Barytes company, in which the plaintiff was suing for \$25,000 damages for the loss of an eye and other injuries alleged to have been received by the premises explosion at a dynamite blast. He was awarded \$4856 and the defendant company appealed. The accident occurred in 1909.

SEVERAL TOWNS ASKING FOR NEW TRAIN SERVICE

Petition for Train Between Asheville and Salisbury to Connect for New York.

S. Montgomery Smith, who is actively engaged in the effort to have the Southern railway put on an extra train between Asheville and Salisbury, which would make connections with the train to New York, leaves for Washington this afternoon on business, and while there will take up the matter with the Southern officials. A number of petitions from the towns of western North Carolina asking that this train be inaugurated have been circulated and Mr. Smith stated that they have been signed universally. Petitions have been sent from Hendersonville, Murphy, Bryson City, Black Mountain, Marshall, Hot Springs, Canton and Waynesville.

It is desired that this train leave Asheville about 8 o'clock p. m., which would give connections for those coming in on the "Carolina Special," from Murphy, and also from Morris-town. If a change, which is suggested is made in the schedule of the train which arrives from the latter point at 10:25 p. m. It is suggested that this train be changed to arrive here about 7:30 o'clock.

The new train would connect with the "Birmingham Special," and the passenger would arrive in New York at 4:45 p. m., two hours better time than by No. 12.

Returning the passenger would leave New York at 10:15 a. m. and would arrive in Asheville at 6:40 a. m., and make connection with other lines.

Mr. Smith stated that there is now only one sleeper daily to New York and that this is not sufficient, as it is often impossible for the traveler to secure reservations on the day of departure, which makes it inconvenient for business men.

F. A. SUMNER RETIRES

Founder of Successful Mercantile Business Will Devote Time to Real Estate Interests.

It will be with a measure of regret that numbers of western North Carolina people will note the retirement from active business of F. A. Sumner, who Saturday sold his attractive department store on Patton avenue to the Peerless-Fashion company. Mr. Sumner has been in business so long in this city that he has been looked upon as one of the Asheville's institutions, and he enjoys wide business and friendly connections which have been built up as steadily as has his business. Mr. Sumner has been in the dry goods business here for 25 years and the history of his store would chronicle the story of active life and personal endeavor combined with sound business methods and courteous treatment of customers.

Mr. Sumner announces that his retirement from business is simply for the purpose of resting and to look after his real estate interests. Considering that he has rounded out 43 years in the mercantile business, he feels that he is entitled to the rest.

Many years ago Mr. Sumner started in business 12 miles from Asheville on the Swannanoa, having recently graduated from a clerkship at which he was paid \$2 per week. It is told that during his first day of business he disposed of his entire stock of goods and had to renew it the next day.

During his business life he has accumulated considerable real estate and his time will be occupied in looking after this. He owns some of the most valuable property in the city.
