

### Men's and Boys' CLOTHING & FURNISHINGS

### Every Man and Boy in Asheville Should Know our Clothing and Shoe Department

We want to supply every man and boy in Asheville with their clothing, Dress Furnishings, Hats and Shoes, and we only ask a comparison of values and assortments which will invariably result in our favor.

The gentlemen, young and old, of Asheville, now have the opportunity of choosing their wearing apparel from a stock that is surpassed only by the large specialty stores in New York.

Men, young men and boys, come in, get acquainted with this comprehensive showing of Winter Suits, Furnishings, Overcoats, Shoes, etc.

THE STORE THAT SAVES YOU MONEY

The Asheville Dry Goods Co.

### Improved Hot Water Heating System

Let us install in your home our improved hot water heating system which lessens the cost of installation and saves in fuel consumption and assures you summer heat throughout your house in the coldest of days. We employ none but skilled workmen and use the American Radiator Co's boilers and radiators, and guarantee perfect satisfaction.

### Ball, Thrash & Co.

5, 7 and 9 East College Street. ASHEVILLE, N. C.

### If Your Neighbor Has Electric Light

and you have not, just step into his house some evening and ask him if he would now tolerate any other kind of lighting in his home. You'll feel the same way about it after you have once tried electric lighting.

Find out from us how easily your house can be wired. See the new Edison Mazda Lamps that give twice as much light as ordinary electric lamps that use the same current. New Edison Mazda Lamps are strong enough for all ordinary usage, being many times stronger than the old tungsten lamps.

ASHEVILLE ELECTRIC CO.

### RECEIPTS FOR THE SERIES A TOTAL OF \$342,364.30

Official Batting and Fielding Averages Are Compiled by the Scorers.

Philadelphia, Oct. 27.—All records for attendance and receipts for a world's championship series were broken this year. The National baseball commission gives out the following figures:

Attendance, 179,851. Total receipts, \$342,364.30. Of this amount the players received \$127,910.61; each club received \$40,103.72, and the National commission's share was \$34,336.25.

The official batting and fielding averages of the Athletic and New York players in the world's series, compiled by Francis O. Richter of this city and J. G. Taylor Spink of St. Louis, the official scorers appointed by the National commission, were made public last night.

For the world's champions Baker leads at the bat with an average in the six games of .375, Barry is second with .368 and Murphy third with a percentage of .304. The team batting average of the champions is .249. Lord and Davis are the only Philadelphia players who took part in the six games who have a fielding average of 1000.

Crandall leads the Giants at the bat with an average of .500, but he only took part in three games. Of the players who took part in the six games, Captain Doyle is in the lead with a percentage of .354. Meyers is second with .350, and Herzog third with .190. Mathewson has an average of .286, but he was in but three games. The team batting average is .175.

Sutcliffe and Meyers each have a fielding average of 1000 in the six games. Murray made the poorest showing of any of the Giants. He did not make a hit during the series and his fielding is rated at .625.

The Athletics excel in every department of the game, with the exception of stolen bases and they are tied with their opponents at four in this particular branch.

### BUT LITTLE BUSINESS BEFORE THE MERCHANTS

President Stradley's Resignation Accepted—Two New Members Elected.

At a meeting of the Asheville Merchants association last night the resignation of G. F. Stradley, as president, was accepted to take effect at the next regular meeting. Mr. Stradley has been president of the association since George L. Hackney resigned some months ago on his leaving the city to engage in business in Lexington. In tendering his resignation, Mr. Stradley said that he is unable to devote such time to the affairs of the association as he thinks they require, on account of his business. His successor will be selected at the next meeting.

The meeting last night was a short one and the business transacted was mostly of a routine nature. The Asheville Dray, Fuel & Construction company and the Asheville Steam Bakery were elected to membership.

### NOTED WOMAN DEAD

Ida Lewis, Keeper of Lime Rock Lighthouse for 50 Years, Passes Away.

Newport Dispatch to New York World. Ida M. Lewis died Tuesday night at Lime Rock Lighthouse, where she had spent nearly all of the seventy-three years of her life, and from which eighteen heroic rescues earned her the thanks of congress, numerous medals and a pension and made her world-famous. Since the death of her father, more than 20 years ago, she had been official keeper of the light, congress by special act having confirmed the appointment. She was the only woman ever so distinguished. As her father had been an invalid for years before his death, her services as actual keeper covered more than half a century.

Her fatal illness was attended by the bang and clatter of target practice with 12-inch fortars at Forts Adams and Wetherill, every shot shaking the light house where she lay dying. The artillery authorities had warned the residents of the city to leave windows open to remove bricks from places where it could easily be dislodged, but the stricken heroine had been over-looked until the World appealed to military authorities, to have the firing stopped.

A telegram from the World to Secretary of War Stimson was the first step in that direction. Another was sent to Col. William H. Coffin, commandant of the artillery district at Newport. Both requests that officers would be issued immediately. Col. Coffin announced, after hearing of Miss Lewis's death, that there will be no firing tomorrow.

Funeral services will be held in the Thames Street Methodist Episcopal church here, the time not yet fixed. Miss Lewis's remains are historic. They began when she was eighteen and continued until she was sixty-five, she married in her youth a man named Wilson, who deserted her. There she resumed her maiden name and was always thereafter so known.

You can't dodge the Malaria germ while your liver is torpid. It makes you an easy mark for the disease. SIMMONS' RED X LIVER REGULATORY is the best protection. It puts the liver in sound, healthy condition and purifies the stomach and bowels. Price: Large package, \$1.00; Small size, 50c. Sold by all druggists.

The T. J. Orphan, Thesis, Friday, October 27.

### What's The Matter With Your Baby?

The young mother—and many an old one, too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more the matter with it than a headache or a feeling of general dullness. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it in all the child needs, for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartic pills or nasty waters, for these will act as purgatives, and they are too strong for a child. In the families of

Mrs. O. R. Cras, Wellford, S. C., and Mrs. Helen Sheets, La Grange, N. C., the only laxative given is Dr. Caldwell's Syrup Pepsin. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from gripping way of a drugist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a drugist, at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

### NEW AEROPLANE GUN INVENTED BY OFFICER

Six-Inch Weapon, Effective at Two Miles, Has Recoil Nullification Device.

New York, Oct. 27.—It has been known to a few officers aboard the fleet in the harbor that the navy department next December is to try out a remarkable new aeroplane gun designated to operate from the air craft now in use in the navy. The gun to be tested is a 6-inch weapon, of only a few hundred pounds weight, is effective at two miles and equipped with a device to nullify the recoil and make

its operation even on a frail airship possible.

An ordinary 6-inch rifle, if fired from an aeroplane, would shatter the craft to bits by the terrific force of the recoil accompanying the explosion. The inventor of the new gun, who is an officer in active service, has worked out a scheme whereby the force of this recoil is spent in firing a gun in the opposite direction from the course of the shell. The recoils in each case counteract each other and leave no perceptible effect on the aircraft, according to the inventor. How this is accomplished is the secret of the invention.

If the test is successful, some officers predict, the offensive value of the aeroplane will be magnified one hundred per cent. Bomb dropping from aeroplanes has been characterized as impracticable by some of the authorities, but the effectiveness of a six inch gun that can penetrate thick armour at two miles or more and shoot straight is not questioned.

### Madame:-

Your Suit is here, at the price you wish to pay. It will be a good suit, a suit of quality—one of distinctive style, if purchased from this store.

Investigation convinces. All we ask is your inspection of our offering.

Peerless Fashion Co. 51 Patton Avenue
